LEGISLATIVE.

THE following Bill and the Statement of Objects and Reasons accompanying it are, under the 19th of the Rules for the Conduct of Business at Meetings of the Council of the Governor-General of India for the purpose of making Laws and Regulations, published for general information by order of His Excellency the Governor-General.

XII Bill to consolidate and amend the laws relating to the Emigration of Native Laborers.

WHEREAS it is expedient to consolidate and amend the laws relating to the Emigration of Native Laborers; Preamble.

It is enacted as follows:—

I. Act XIV of 1839 *(relating to contracts for labor in British or Foreign Colonies.)* Acts repealed.

Act XV of 1842 *(for regulating the Emigration of the Native Inhabitants of the Territories under the Government of the East India Company to the Island of Mauritius.)*

Act XXI of 1843 *(for regulating the Emigration of Laborers from India to Mauritius.)*

Act XXI of 1844 *(for regulating the Emigration of the Native Inhabitants of the Territories under the Government of the East India Company to Jamaica, British Guiana, and Trinidad.)*

Act XXV of 1845 *(for regulating the time of sailing of ships carrying Emigrants from Madras to Jamaica, British Guiana, and Trinidad.)*

Act VIII of 1847 *(for rendering lawful the Emigration of Laborers from the Port of Madras, in the Presidency of Fort St. George, to Mauritius.)*

Act XIII of 1847 *(for repealing Act XIV of 1839 so far as it relates to the Emigration of Natives of India to the Island of Ceylon.)*

Act IV of 1852 *(to amend the law relating to Emigrant Vessels and the Emigration of Laborers.)*

Act XXIV of 1852 *(for amending and explaining Act XIV. 1839, and for the better prevention of Crimping.)*

Act XXXI of 1855 *(relating to the Emigration of Native Laborers to the British Colonies of Saint Lucia and Grenada.)*

Act XIX of 1856 *(to enable the Governor-General of India in Council to suspend the operation of certain Acts relating to the Emigration of Native Laborers.)*

Act XII of 1860 *(relating to the Emigration of Native Laborers to the British Colony of Saint Vincent.)*

Act XXXIII of 1860 *(relating to Emigration to the British Colony of Natal.)*

Act XLI of 1860 *(relating to the Emigration of Native Laborers to the British Colony of Saint Kitts.)*

Act XLIX of 1860 *(relating to vessels carrying Emigrant Passengers to the British Colonies.)*

Act XXII of 1862 *(relating to Emigration to the British Colonial Dependency of Seychelles.)*

Act VII of 1863 *(relating to the Emigration of Native Laborers to the Danish Colony of St. Croix)* are repealed from and after the date when this Act shall come into operation, except in so far as they repeal any other Act, or part of an Act; and except as to any act done or any penalty incurred before such date.

II. In the construction of this Act the word "Emigration" shall denote the departure of any Native of India out of the British Territories in India by land or water for the purpose of laboring for hire in some other place. The term "Magistrate" shall denote all persons lawfully exercising the powers of Magistrate. The words "British Territories in India" shall denote the territories vested in Her Majesty by the Statute 21 and 22 Vic., Cap. 106 entitled "An Act for the better Government of India." Words importing the singular number shall include the plural number, and words importing the plural number shall include the singular; words importing the masculine gender shall include females. "Emigration." "Magistrate." "British Territories in India." Number. Gender.

III. From and after the date when this Act shall come into operation it shall not be lawful (except under the authority and in conformity with the provisions of this Act) to make with any Native of India any contract for labor to be performed in any place beyond the Contracts for labor out of India unlawful except to the French Colonies and under this Act.

British Territories in India, or to enable any Native of India to emigrate, or to assist any Native of India in emigrating from such British Territories in India. Provided that nothing in this Act shall apply to any contract with any Native of India for labor to be performed in any Foreign Settlement on the mainland of India, or in any Native State in India, or to emigration to any such Settlement or State; or shall apply to any contract for labor to be performed in or to emigration to the Island of Ceylon; or to any contract with or the emigration of any Native Seaman or other person who of his own free will shall contract to navigate or serve on board of any vessel, or who shall embark on board such vessel in pursuance of such contract, or to any person who shall contract to serve as a menial servant only, and who shall embark as such menial servant.

This Act, except certain Sections, not to apply to emigration to the French Colonies.

IV. Nothing in this Act shall be held to repeal Act XLVI of 1860 *(to authorize and regulate the emigration of Native Laborers to the French Colonies)* or Act VII of 1862 *(to amend the said Act XLVI of 1860)* provided that Sections XIII, XIV, XV, XVI, XVII, XVIII, XIX, XX, XXII, LVII, LVIII, LIX, LX, and LXI of this Act, being provisions for the recruitment of Native laborers which will have effect in British Colonies, shall apply to emigration under the said Acts.

Contracts for labor in certain places may be made under this Act.

V. From and after the time when this Act shall come into operation, contracts may be made with Natives of India, for labor to be performed in any of the following British Colonies; that is to say:—

Mauritius.
Jamaica.
British Guiana.
Trinidad.
St. Lucia.
Grenada.
St. Vincent.
Natal.
St. Kitts.
Seychelles.

and in the Danish Colony of St. Croix; and it shall be lawful to enable or assist any such Native of India to emigrate to any such place: and the Governor-General of India in Council may at any time after the passing of this Act declare to what other places beyond the British Territories of India the emigration of Native Inhabitants of India shall be lawful; and from the date of any such notification, contracts for labor to be performed in any place to which emigration is authorized in such notification, may be made with any Native of India, and it shall be lawful to enable or assist any such Native of India to emigrate thereto. Provided that in all respects such contracts shall be made and such emigration shall be conducted subject to the provisions of this Act. Provided also that no such notification shall render emigration lawful from any port except Calcutta, Madras, and Bombay. In every notification issued under this Section there shall be stated the probable length of the voyage to every place to which emigration is authorized, and thereupon such period shall, for the purposes of this Act, be taken to be the length of such voyage.

Probable length of voyages.

VI. The probable length of the voyages to the places enumerated in the last preceding Section from Calcutta, Madras, or Bombay, respectively shall, for the purposes of this Act, be deemed to be as follows:—

From Calcutta ...	To Mauritius and Seychelles ...	Between the months of April and October inclusive, 10 weeks; and between the months of November and March inclusive, 8 weeks.
	To Jamaica, British Guiana, Trinidad, St. Lucia, Grenada, St. Vincent, St. Kitts and St. Croix	20 weeks.
	To Natal	12
From Madras ...	To Mauritius and Seychelles ...	Between the [illegible] and October weeks; and months of N March inclusive,
	To Jamaica, British Guiana, Trinidad, St. Lucia, Grenada, St. Vincent, St. Kitts, and St. Croix	19 weeks.
	To Natal	10 weeks.
From Bombay ...	To Mauritius and Seychelles ...	Between the months of April and September inclusive, 5 weeks; and between the months of October and March inclusive, 6 weeks.
	To Jamaica, British Guiana, Trinidad, St. Lucia, Grenada, St. Vincent, St. Kitts, and St. Croix	19 weeks.
	To Natal	10 weeks.

Appointment of Emigration Agent.

VII. The Government of every place to which emigration shall be lawful under this Act may, from time to time, nominate three persons to act as Emigration Agents at the said ports of Calcutta, Madras, and Bombay, respectively. Provided that such nomination shall be subject to the approval of the Governor-General of India in Council.

The present Emigration Agents to be recognized as Emigration Agents under this Act.

VIII. The Emigration Agents who at the time when this Act shall come into operation shall have been nominated by the Governments of the Colonies enumerated in in Section V of this Act shall be recognized as the Emigration Agents of the said Colonies respectively, in the same manner as if such nominations had been made afresh after the time when this Act shall come into operation. Such Emigration Agents shall be liable to removal by the Governments which nominated them.

Remuneration.

IX. The remuneration to be given to any Emigration Agent in India shall not depend upon, or be regulated by the number of Emigrants sent by him, but shall be in the nature of an annual salary.

Appointment and duties of Emigration Agents.

X. At each of the three ports aforesaid, it shall be lawful for the Government of the Presidency or place within which the port is situated to authorize the Emigration Agents, nominated as aforesaid, to act as Emigration Agents at the aforesaid ports respectively; and to exercise the powers conferred on Emigration Agents by this Act.

Appointment of Protector of Emigrants.

XI. At each of the three ports aforesaid it shall be lawful for the Government of the Presidency or place within which the port is situated, to nominate a proper person to act as Protector of Emigrants at the aforesaid ports respectively; and with the sanction of the Governor-General of India in Council to assign to such person such salary as shall be deemed proper; and such Protector of Emigrants shall exer-

cise the powers provided by this Act, and shall have no other public duties. Provided that the persons who, at the time when this Act shall come into operation, shall be the Protectors of Emigrants at the said ports, shall be the Protectors of Emigrants for such ports respectively, subject to removal by the Governments to which they are respectively subordinate.

Appointment of Medical Officer.

XII. At each of the said ports aforesaid, it shall be lawful for the Government of the Presidency or place within which such port is situated to nominate one or more persons to be Medical Officers for the inspection of Emigrants; and with the sanction of the Governor-General of India in Council to assign to such Medical Officers such salaries as shall be deemed proper.

Separate suitable depôts to be established in Calcutta, Madras, and Bombay, for each Emigration Agency.

XIII. There shall be established in each of the said Towns of Calcutta, Madras, and Bombay, by the Emigration Agent of every place to which emigration shall be lawful under this Act, a suitable depôt for the laborers who shall be engaged for such place; and by the Emigration Agent nominated by the French Government, under the said Acts XLVI of 1860 and VII of 1862, a suitable depôt for the laborers who shall be engaged for the French Colonies. Such depôts shall, after inspection by the Protector of Emigrants, and on being approved by him, be licensed by such Protector of Emigrants. Every license shall at any time be liable to be recalled, if the Protector of Emigrants shall have reason to consider that the depôt for which it was granted is unhealthy, or in any respect has become unsuitable for the purpose for which it was granted. For every license granted under this Act there shall be paid a fee of ten Rupees.

Protector of Emigrants to license recruiters.

XIV. The Protector of Emigrants at each of the said ports shall license so many fit persons to be Recruiters of laborers, as to such Protector of Emigrants shall seem necessary. Every such Recruiter shall be specially licensed to obtain laborers for some particular place to which Emigration shall be lawful under this Act, and his license shall be granted only on the special application of the Emigration Agent of such place. For every such license there shall be paid a fee of rupee, and the license shall be in the form set forth in the Schedule (A) to this Act annexed. No such license shall be granted for a longer period than one year, and in case of misconduct on the part of the person to whom any such license is granted, the Protector of Emigrants may cancel the same before the expiration of the period for which it was granted.

Recruiter to wear badge.

Recruiter shall have his license countersigned by a Magistrate where he is recruiting.

XV. Every person holding a license as a Recruiter of laborers shall wear a badge, having legibly inscribed on it, in the vernacular language of the District or Districts in which he is licensed to engage laborers, the name of the place which he is licensed to engage laborers to proceed. No Recruiter shall engage or attempt to engage laborers in any District, or in the Towns of Calcutta, Madras or Bombay, without having first exhibited his license to a Magistrate in such District or Town, and obtained the countersignature of such Magistrate thereupon. Such countersignature shall be given, provided that the license is in force at the time.

Laborer shall appear before Magistrate for examination and registration.

XVI. Every Native of India who shall, in any place within the said British Territories in India other than the Towns of Calcutta, Madras, and Bombay, enter into any engagement with a Recruiter, to proceed to the place for which such Recruiter is licensed to engage laborers for the purpose of laboring for hire, shall, if called on by the Recruiter within a reasonable time so to do, appear with the Recruiter, before any Magistrate in the District within which the engagement was entered into. Upon so appearing, the Recruiter shall state to the Magistrate to what depôt he intends that the laborer shall proceed, and the Magistrte shall thereupon examine the laborer with reference to his engagement; and if it appears that he comprehends the nature of the engagement he has entered into, and that he is willing to fulfil the same, the Magistrate shall register the name of such laborer, and the depôt to which it is intended he shall proceed, in a book to be kept for the purpose, in such form as the Local Government shall prescribe: but if the Magistrate shall be of opinion that such person does not comprehend the nature of his engagement, or that he has been induced to enter into it by fraud or misrepresentation, he shall refuse to register the name of such person. An authentic copy of every registration made under this Section shall be forthwith forwarded, by the Magistrate, to the Emigration Agent of the place for which the person named therein had been engaged. For the registration of every laborer under this Section the Recruiter shall pay to the Magistrate a fee of one Rupee.

Copy of Registers to be sent to the Superintendent.

Registration of laborers recruited in Calcutta.

XVII. Every Native of India who shall, in the Towns of Calcutta, Madras, or Bombay, respectively, enter into any engagement with a Recruiter to proceed to any place to which emigration shall be lawful under this Act, for the purpose of laboring there for hire, shall, within twenty-four hours of making such engagement, appear with the Recruiter before the Protector of Emigrants in the said Town. Upon so appearing, the Recruiter shall state to the Protector of Emigrants to what depôt he intends that the laborer shall proceed, and the Protector of Emigrants shall thereupon examine the laborer with reference to his engagement; and if it appears that he comprehends the nature of the engagement he has entered into, and that he is willing to fulfil the same, the Protector of Emigrants shall register the name of such laborer, and the depôt to which it is intended he shall proceed, in a book to be kept for the purpose, in such form as the Local Government shall prescribe; but if the Protector of Emigrants shall be opinion that such person does not comprehend the nature of his engagement, or that he has been induced to enter into it by fraud or misrepresentation, he shall refuse to register the name of such person. An authentic copy of every registration made under this Section shall be forthwith forwarded, by the Protector of Emigrants, to the Emigration Agent of the place for which the person named therein had been engaged. For the registration of every laborer under this Section, the Recruiter shall pay to the Protector of Emigrants a fee of one Rupee.

Every laborer to be conveyed to the depôt direct, and there examined.

XVIII. Every laborer recruited under the provisions of this Act shall be conveyed, by as direct and speedy a route as possible, direct to the depôt established by the Emigration Agent of the place in which such laborer has contracted to labor for hire, and his arrival shall immediately be reported by the person in charge of such depôt to such Emigration Agent, and by such Agent to the Protector of Emigrants. The copy of the laborer's register, received by such Agent from the Magistrate or Protector of Emigrants, as the case may be, shall then be exhibited to the Medical Officer, and the laborer shall then be examined by the Medical Officer, in the presence of the Emigration Agent and the Protector of Emigrants, to ascertain if he is in a fit state of health to emigrate to such place for the purposes of labor. The Medical Officer if satisfied of such fitness shall thereupon give a certificate thereof to the Emigration Agent.

Laborers shall be accompanied to depôt by Recruiter, or person approved by Magistrate

XIX. The registered laborers engaged by any Recruiter shall, while proceeding to a depôt, be accompanied throughout the journey, either by the Recruiter himself, or by a competent person appointed by him, with the approval of the Magistrate by whom the laborers may have been registered.

Recruiter to provide suitable food and lodging.

Every Recruiter by or through whom laborers may be forwarded to a depôt shall, throughout their journey provide them with proper and suitable lodging and food.

If unable to proceed from bad health, Emigration Agent to send laborer back to where he was registered.

XX. If the Medical Officer shall certify that any laborer is not in a state of health which warrants his proceeding to the place to which he has contracted to emigrate, for the purpose of laboring in such place, the Protector of Emigrants shall either order the Emigration Agent in whose depôt such laborer may be, forthwith to convey him back to the place at which he was registered, or shall order the Emigration Agent to pay to the laborer such sum as shall to the Protector seem necessary to enable him to return there; and the Emigration Agent, if so ordered, shall, without unreasonable delay, convey the laborer, or cause him to be conveyed, back to the place at which he was registered. On failure of the Emigration Agent for twenty-four hours to comply with an order of the Protector for the payment of such sum of money as aforesaid, it shall be lawful for the Protector to advance the same to the laborer, and every sum so advanced shall be recoverable by the Protector, with six per cent. interest from the date of advance, from the Emigration Agent on whose default it may be advanced, as money paid to the use of such Emigration Agent: and no further proof shall be required by any Court in any such case than that the Protector gave the Emigration Agent such order as aforesaid, and that the Emigration Agent for a space of twenty-four hours made default in complying therewith. Provided that any laborer who, from his state of health is, in the Medical Inspector's opinion, unfit to undertake the journey back to the place where he was registered, shall, in addition to his being conveyed back by or at the expense of the Emigration Agent, be entitled to continue in the depôt, and to be fed, clothed, and lodged there by and at the expense of the Emigration Agent until such time as the Protector shall order otherwise.

Duty of Emigration Agent.

XXI. The Emigration Agent shall, so soon as the medical examination of the laborers is completed, and if the Medical Officer has given a certificate of fitness under Section XVIII of this Act, ascertain by personal communication with every Emigrant, in the presence of the Protector of Emigrants, that such laborer has been properly clothed and fed on his journey from his district to the depôt; and such Agent shall explain the real advantages likely to be derived by such Emigrants from a removal to the place at which he has contracted to labour; and at the same time caution such Emigrant against unreasonable and unwarrantable expectations: and shall then deliver to the Emigrant a Certificate or Pass (countersigned by the Protector of Emigrants as hereinafter provided), stating his name, and the name of his father, and his age; and certifying that he is in a fit state of health to proceed to work for hire in the place to which such Emigrant has contracted to go; and that such Emigrant has been engaged by such Emigration Agent on behalf of the Government of such place, to be kept by such Emigrant till he shall embark, when he shall make over the same to the Master of the vessel.

Protection of laborers in the Depôts.

XXII. During the time that any laborer shall remain in any depôt prior to their embarkation (or, in case of their being declared unfit for Emigration, prior to their return to their districts) they shall be under the daily inspection of the Medical Officer for Emigrants; whose duty it shall be to see that they are properly lodged and clothed and to attend to them in case of sickness. It shall also be the duty of such officer to report to the Protector of Emigrants, any circumstances that come to his knowledge, showing that the depôt is not suitable for its purpose; or that the Emigrants are treated with any cruelty or oppression, or that they are under any delusion as to the nature of the contract into which they have entered.

Time of sailing.

XXIII. *Clause* i. Laborers engaged under this Act may leave India, for any place to which Emigration shall be lawful under this Act, east of the Cape of Good Hope, at all times of the year.

Clause ii. For any other place to which Emigration shall be lawful under this Act [illegible] may leave only from the 1st August to the 31st March; but this limitation shall extend only to sailing vessels: vessels using steam power may leave at any time of the year.

Emigrant ships to be licensed.

XXIV. It shall not be lawful to receive on board any vessel any Emigrant, being a Native of India, who shall have contracted to labor in any place to which Emigration shall be lawful under this Act, unless a license be obtained for carrying Emigrants in such ship or vessel, from the Government of the Presidency of Madras, or Bombay, or the Government of Bengal. The granting or withholding any such license shall be entirely discretionary with the Government; and in consideration of such license, the Master of every ship conveying or destined to convey Emigrants from India, shall execute a bond, binding himself

his owners in a penal sum of 10,000 Rupees, to conform to the several conditions herein provided; and the said bond shall be executed in duplicate, that it may be put in suit either at the place of execution, or in the Colony or place to which the Emigrants are to be conveyed; and one copy shall be forwarded to the Government of such place, to be dealt with as the case may require.

Master of ship not to receive on board any Emigrants without a certificate.

XXV. It shall not be lawful for the Master of any ship or vessel, licensed as provided in the last preceding Section, to receive on board any Emigrant laborer, unless such laborer shall have in his possession, and show the certificate or pass from the Emigration Agent of the port, granted under Section XXI of this Act, countersigned by the Protector of Emigrants.

Scale of provisions to be shipped and taken.

XXVI. There shall be actually laden and on board of every ship or vessel taking Emigrants to any place to which Emigration shall be lawful under this Act, at the time of departure of such ship or vessel from the port or place at which such laborers shall be embarked, good and wholesome provisions for the use and consumption of the said passengers, over and above the victualling of the crew, to the amount, or in the proportion following: that is to say:—a supply of water to the amount of five gallons for every week of the computed voyage for every passenger on board such ship or vessel, such water being carried in tanks, or sweet casks; and a supply of rice, bread, biscuit, flour, oatmeal, or bread stuffs, to the amount of seven pounds weight to every week of the computed voyage, for every such passenger. Provided that, when any such ship or vessel shall be destined to call at a port or place in the course of her voyage, for the purpose of filling up her water-casks, a supply of water at the rate before-mentioned, for every week of an average voyage to such port or place of calling, shall be deemed to be a compliance with this Regulation. Provided further that, when any such ship or vessel is fitted with Normandy's apparatus for distilling sea-water, a reduction shall be allowed of one-third in the quantity of water required under this Section. And provided that the preceding Regulations in this Section, regarding food, shall be deemed to have been complied with in any case where it shall be made to appear, that by the special authority of the Governor-General of India in Council, as provided in Section LII. of this Act, any other articles of food were substituted for the articles herein enumerated, as being in his judgment equivalent thereto.

Survey of Emigrant Vessels.

XXVII. Before any such ship or vessel shall be cleared out on any such voyage, the Protector of Emigrants at the port or place from which such ship or vessel shall be cleared out, shall cause a careful survey such ship or vessel as hereinafter provided, and after such survey shall grant a certificate thereof under his hand, to the Master of such ship or vessel.

Space required on account of Emigrant ships.

XXVIII. It shall not be lawful for the Protector of Emigrants to grant a certificate under the last preceding Section unless there shall be provided for such Emigrants, either between decks, or in cabins on the upper deck firmly secured and entirely covered in, a space devoted to their exclusive use. Such cabins and space between decks shall in every part have a height of five feet and a half.

No compartment shall take more than one adult Emigrant for every ten superficial feet on deck and for every cubic space of seventy-two feet in the Presidency of Bengal, and for every cubic space of sixty feet in the Presidencies of Bombay and Madras.

An Emigrant above the age of ten years shall count as an adult, and two children from one to ten years of age shall count as one adult.

A place shall be fitted up for a hospital in every Emigrant ship.

Women and children shall occupy compartments of the vessel distinct and separate from those of the men.

Master of Emigrant Ship to have certificate from Emigration Agent.

XXIX. Before any ship or vessel so licensed to carry Emigrant laborers as above provided, shall be cleared out from any place to which Emigration shall be lawful under this Act, it shall be necessary for the Master of such ship or vessel, provided any Emigrant shall embark therein, to obtain from the Emigration Agent of the place at which such Emigrant has contracted to labour, a certificate under the hand of such Emigration Agent, countersigned by the Protector of Emigrants, to the effect following: that is to say:—

First. That such Agent has, by personal communication, done what is required by this Act on the part of such Agent.

Second. That all the directions contained in this Act, for insuring the health and safety of passengers, have been duly complied with.

Third. That such rules have been complied with, as the Governor-General in Council shall from time to time frame, touching the medical attendance and medical stores to be provided, the species of provisions suited to native habits, and the number of women to accompany the Emigrants, or other matters specified in Section LII of this Act.

Protector of Emigrants to devote his whole time to his duties.

XXX. Every Protector of Emigrants appointed under this Act shall devote his whole time to the duties of his office, and it shall not be lawful for any such Protector to follow any other profession, occupation, or trade.

Protector of Emigrants to inspect depôts.

XXXI. Every Protector of Emigrants appointed under this Act shall, from time to time, inspect the various depôts for the reception of Emigrants about to embark from the port at which he is Protector, and examine into the state of the said depôts, and the manner in which Emigrants are therein lodged, fed, clothed, and otherwise provided for and attended to. Every Protector of Emigrants shall be held to be a Public Servant within the meaning of Section 186 of the Indian Penal Code, and it shall be the duty of all Emigration Agents and all persons in charge of or employed in any depôt to give the Protector every facility for making such inspection and examination, and to afford him all such information connected therewith as may be reasonably required by the Protector.

XXXII. The Protector of Emigrants shall ascertain, by personal communication with every Emigrant previously to his embarkation, and from the report of the Medical Officer, that every such Emigrant is in good health, and not incapacitated from labor by old age, bodily infirmity or disease.

Protector of Emigrants to ascertain Emigrants' state of health before embarkation.

XXXIII. When an application is made for a license for a ship to carry Emigrants, such application shall state the number of men, women, and children intended to be carried and the tonnage, and other particulars respecting the vessel. The Protector of Emigrants shall carefully survey such vessel, or cause her to be carefully surveyed with a view to ascertain her sea-worthiness, and the extent and nature of her accommodation for Emigrants, and that she is properly ventilated, and is supplied with all the requisite tackle for her voyage, and shall make a full report thereon to the Local Government. When any vessel is licensed for Emigrants, the Protector of Emigrants shall see that there is shipped on board such vessel the quantity of water, provisions and stores required by this Act, in addition to a sufficient supply for the Cabin Passengers, if any, the Captain, Officers, and Crew, and that she carries an efficient or properly qualified European Surgeon or a Native Doctor, and is supplied with such quantity of proper medicines, as may be prescribed by the Rules to be made by the Governor-General of India in Council under Section LII of this Act, and that all other rules, made by the Governor-General in Council under the said Section for ensuring the health and safety of the Emigrant have been complied with.

Duty of Protector of Emigrants in respect of Emigrant vessels.

XXXIV. It shall be the duty of the Protector of Emigrants to require the Master of every vessel carrying Emigrants to execute in duplicate the Bond required by Section XXIV of this Act, and shall forward such Bond in duplicate to the Local Government with the report of the survey of the vessel.

Protector of Emigrants to require the execution of a Bond, and shall forward it to Local Government.

XXXV. The Master of every vessel carrying Emigrants shall make out and deliver to the Protector, and it shall be the duty of the Protector of Emigrants to require such Master to make out and deliver a list in writing, together with a duplicate of the same, specifying as accurately as may be, the names, ages, and occupations of the Emigrants on board such vessel. The Protector of Emigrants shall sign one copy of such list and return the same to the Master of such vessel, and the other copy shall be filed in his office.

Master of vessel to deliver a duplicate list of Emigrants. Duty of Protector of Emigrants.

XXXVI. Before any vessel carrying Emigrants clears out for a voyage westward of the Cape of Good Hope between the 1st day of March and the 15th day of September, the Protector of Emigrants shall personally see that every Emigrant is supplied with at least one extra double blanket, and that the same is kept with his other clothing or luggage. Every Emigrant embarking during the periods aforesaid shall be allowed to make use of such double blanket so long as the vessel is outside of the Tropics.

Protector of Emigrants to see that Emigrants are supplied with extra clothing at a certain season of the year.

XXXVII. Before any ship or vessel licensed to carry Emigrants as above provided shall be cleared out from any of the aforesaid ports of Calcutta, Madras and Bombay, it shall be necessary for the Master of such ship or vessel to obtain from the Protector of Emigrants at such port as aforesaid a certificate, under the hand of such Protector, to the effect following, that is to say:—

Master of vessel to obtain certificate from Protector of Emigrants.

First.—That such Protector has, by personal communication, done what is required on the part of such Protector by the last preceding Section of this Act.

Second.—That all the directions, contained in this Act, for ensuring the health and safety of passengers, have been duly complied with.

Third.—That such rules have been complied with as the Governor-General in Council shall, from time to time, frame touching the medical attendance and medical stores, and the proper clothing to be provided, the species of provisions suited to native habits, the number of women that should accompany the Emigrants, or any other matters specified in Section LII of this Act.

XXXVIII. The Protector of Emigrants shall at all reasonable times have the right of access to every part of every ship or vessel which is appropriated to the use of Emigrants under this Act.

Protector of Emigrants to have access to every part of the ship.

XXXIX. The Protector of Emigrants shall attend personally at the examination and passing of Emigrants by the Medical Officer and the Emigration Agent respectively under Section XVIII and under Section XXI of this Act, and shall see that the Emigration Agent makes all such enquiries of the Emigrants as it may be his duty under this Act to make, and if such Protector is satisfied with such enquiries and the result thereof, he shall countersign the certificate or pass granted by the Emigration Agent. If the Protector of Emigrants shall be of opinion that any Emigrant passed by the Emigration Agent is in a state of health which makes him unfit to undertake the voyage on which he is about to embark, the Protector of Emigrants shall refuse to permit the embarkation of such Emigrant, and shall not countersign the certificate or pass of such Emigrant.

Protector of Emigrants to attend personally at examination and passing of Emigrants.

XL. The Protector of Emigrants shall be personally present at the embarkation of all Emigrants to whom the Emigration Agent shall have given certificates or passes. The Protector of Emigrants shall compare the certificate or pass brought by each Emigrant embarked, with the ship's register of Emigrants received on board: and shall see that no Emigrant is permitted to remain on board other than those referred to in the certificate and register aforesaid.

Protector of Emigrants to attend personally at embarkation of Emigrants.

XLI. No vessel sailing from the port of Calcutta with Emigrants between the 1st day of March and the 15th September, shall be permitted to proceed from Garden Reach to Kedgeree except under tow of a competent Steamer, and it shall be the duty of the Protector

Vessels sailing from Calcutta between 1st March and 15th September to be towed to Kedgeree by steamer.

of Emigrants to see that this condition is complied with.

Duty of Protector of Emigrants on receipt of lists from Preventive Officer.

XLII. On the receipt by the Protector of Emigrants of the list hereinafter prescribed to be furnished by the Customs Officer, it shall be the duty of the Protector of Emigrants carefully to compare the same with the list delivered by the Master and filed in the Office of such Protector, and also to compare the number stated therein with the number reported by the Pilot as hereinafter provided, and to report any difference or discrepancy to the Local Government.

Duty of Protector to send to Government of place to which Emigrants are going, a correct list of Emigrants on board each vessel.

XLIII. The Protector of Emigrants shall, by every ship which carries Emigrants, send to the proper Government authority at the place to which the Emigrants are about to proceed, a correct and detailed list of all Emigrants embarked in such vessel, compiled from the certificates or passes of the Emigrants granted by the Emigration Agent, and countersigned by the Protector of Emigrants as aforesaid. It shall be his duty to satisfy himself by personal investigation before he finally leaves the ship, that such list is correct and complete in every respect.

Duty of Protector as to vessels with return Emigrants.

XLIV. It shall be the duty of the Protector of Emigrants to inspect all vessels bringing return Emigrants, and to enquire into the treatment received by such Emigrants both during the period of their service in the place to which they emigrated, and also during the voyage, and to make a report thereon to the Local Government.

General duties of the Protector of Emigrants.

XLV. It shall be the duty of the Protector of Emigrants generally to protect and aid all Emigrants so far as is in his power, and to cause all the provisions of this Act to be duly complied with. In the event of any Emigrants returning from any place to which they may have emigrated, to a port at which there is a Protector of Emigrants, it shall be the duty of the Protector of Emigrants in like manner to aid and advise such laborer (when called upon by him so to do) so far as he reasonably can.

Copies of Rules.

XLVI. Two copies of this Act and all Rules made by the Governor-General in Council under Section LII of this Act, and two copies of a translation of this Act and such Rules, in such language as the Local Government may direct, authenticated by the signature of the Emigration Agent and the Protector of Emigrants at the port or place at which such Emigrants shall embark, shall be delivered to the Master by such Agent at the time of clearance, and shall be kept on board of every ship or vessel carrying such Emigrants as aforesaid, during the whole voyage, and one of such copies or translations shall, upon request made at reasonable times to the Master of the ship or vessel, be produced to any passenger for his perusal.

List of Emigrants.

XLVII. The Master of every ship or vessel carrying Emigrants from India to any place to which Emigration shall be lawful under this Act shall, before clearing out such ship or vessel, deliver to the Emigration Agent, at the port from which such vessel is cleared out, a list in writing, together with a duplicate of the same, specifying, as accurately as may be, the names, ages, and occupations of all and every the Emigrants on board such ship or vessel, and such Agent shall thereupon deliver to the said Master the counterpart of such list signed by such Agent; and the said Master shall, on the arrival of such ship or vessel at the place of destination, and previous to the disembarkation of any such Emigrants, give notice of the arrival of such ship or vessel, and deliver the said counterpart of such list to the Protector of Emigrants appointed, or to be appointed, at the place at which the said ship or vessel may have arrived.

Customs Officers and Pilots at Calcutta to countersign papers.

XLVIII. Whenever a ship or vessel carrying Emigrants as aforesaid shall clear from either of the ports aforesaid for any place to which emigration shall be lawful under this Act with Emigrant laborers duly embarked thereon, the Customs Officer on board such ship or vessel shall countersign the pass or certificate brought on board such ship or vessel by every such Emigrant laborer, and shall keep a register of every such Emigrant laborer as may come on board.

To muster crew and passengers and Emigrants.

XLIX. In the case of every such ship or vessel carrying Emigrants as aforesaid which shall clear from Calcutta, such Customs Officer shall remain on board such ship or vessel, and shall not come away until a muster of the crew and passengers and Emigrant laborers has been made in his presence, and in that of the Pilot in charge of the ship or vessel, and after the Customs Officer has taken muster and quitted the ship or vessel, the Pilot shall continue to exercise the duties indicated in Section LXVII of this Act; and it shall be lawful for him, if he shall deem it necessary, to require the Master or Commander to take a general muster of the crew and passengers and Emigrant laborers on board, and to sign a muster roll so taken.

Report of Emigrants on board.

And every such Customs Officer and Pilot shall make a complete report of the Emigrant laborers on board of any ship or vessel at the time of his quitting the same, and such report shall contain a declaration that, to the best to the declarant's belief, no additional Emigrant laborers have been received on board since obtaining the certificate, and that nothing else has been done or omitted to be done in the ship or vessel contrary to the provisions of this Act; and every such report or muster, if any, shall be transmitted without delay to the Protector of Emigrants of the port.

Provision for Madras and Bombay.

L. The duty imposed upon the Customs Officer of Calcutta by the last preceding Section shall, in the case of every ship or vessel carrying Emigrants as aforesaid which shall clear as aforesaid from Madras or Bombay, be performed by the Customs Officer immediately prior to the time when it shall be the duty of such Officer under law or rule for the time being in force to quit such ship or vessel.

In case of sickness Emigrants may be taken to Quarantine Station of Mauritius.

LI. In case of sickness breaking out on board of any vessel conveying Emigrants to the British Dependency of Seychelles, such Emigrants may be taken to the Quarantine Station of the Island of Mauritius, and in such case such Emigrants may, at their option, contract for service at the said Island of Mauritius, or may proceed to the said Dependency of Seychelles, and if they shall elect to contract for service in the Island of Mauritius, such Emigrants shall then be regarded and treated in all respects, as if they had emigrated to the said Island under the provisions of this Act.

Power of the Governor-General in Council to make Rules.

LII. It shall be lawful for the Governor-General of India in Council from time to time to make rules, not inconsistent with the provisions of this Act, to regulate the proportion of women to be taken with Emigrants under this Act, and the age below or above which, children shall not be taken; to provide for the nature and amount of clothing which shall be supplied to the Emigrants; to provide for medical care of Emigrants under this Act during their residence at the depôts and on their voyages; for prescribing the nature and quantity of medical drugs, stores to be carried on board vessels, and for such vessels being furnished with a sufficient number of boats in case of shipwreck or fire; for the ventilation and cleanliness of such vessels during their voyages; for a Journal being kept by the Surgeon of every such vessels, of the health of the Emigrants, and of his treatment of the sick, together with full explanation of the causes of every death; for the substitution permanently or temporarily of other articles of food in lieu of any of the articles of food hereinbefore specified, and generally for the security and protection of Emigrants; and all such rules shall be published in the Calcutta Gazette and have the same force and effect as if they were contained in this Act.

Governor-General in Council empowered in certain cases to prohibit by notification the emigration of native laborers to any place to which emigration is allowed.

LIII. Whenever the Governor-General of India in Council shall have reason to believe that, in any place to which the emigration of Natives of India is lawful, proper measures have not been taken for the protection of such Emigrants immediately upon their arrival in such place, or during their residence therein, or for their safe return to India, or to provide a return passage to India for any such Emigrants at or about the time at which they are entitled to such return passage, it shall be lawful for the said Governor-General in Council, by notification in the Calcutta Gazette, to declare that the emigration of Natives of India to such place shall cease, and be prohibited from a certain day to be specified in the notification. The operation of this Section shall extend to the French Colonies.

Operation of any Act permitting emigration to be suspended from the day specified in the notification.

LIV. After the notification shall have been so published, the emigration of Natives of India to such place as is specified in such notification, shall be suspended from the day specified in the notification, but such suspension shall not affect any act done, offence committed, or proceedings commenced before such suspension.

During such suspension all the laws against emigration shall be in force as to the place specified in the notification.

LV. During the time of such suspension, any provisions of this or of any other Act in force for the time being prohibiting the emigration of Natives of India, or the aiding or abetting of such emigration, or the making of any contract for labor to be performed by any Native of India out of the British Territories in India, shall take effect and be in force, so far as relates to the place specified in the notification, in the same manner and to the same extent as if emigration to such place had never been declared to be lawful.

Revocation of suspension.

LVI. Whenever the Governor-General of India in Council shall be satisfied that, in the place specified in the notification, proper measures have been taken and will be adopted for the protection of Emigrants immediately upon their arrival thereat and during their residence therein, and for their safe return to India, and for providing return passages to India for such Emigrants at or near to the time at which they are entitled to such return passages, it shall be lawful for the said Governor-General in Council to notify in the Calcutta Gazette that the emigration of Natives of India to such place shall be allowed from a day to be specified in such notification; and thereupon all the provisions of this or any other Act in force for the time being and authorizing the emigration of Natives of India to such place shall, from the day so specified, be revived and have the same force and effect as if such emigration had not been suspended, except as to acts done, offences committed, and proceedings commenced during the time of such suspension.

Penalty for making unlawful contract of labor.

LVII. Whoever shall make with any Native of India any contract to labor in any place to which emigration is not authorized under this Act, or under the said Acts XLVI of 1860, and VII of 1862, shall be deemed to have committed the offence of kidnapping from British India, and shall be punished in the manner provided in Section 363 of the Indian Penal Code, and whoever shall knowingly enable or assist any Native of India to emigrate to any such place, or aid or abet in the emigration of any Native of India to any such place, shall be deemed to have abetted the commission of that offence.

Penalty for recruiting without being licensed.

LVIII. Whoever not being a licensed Recruiter of laborers under this Act, shall engage any Native of India as a laborer in any place to which emigration is authorized under this Act, shall be liable to a penalty not exceeding five hundred Rupees, and in default of payment thereof, to simple or rigorous imprisonment for a period not exceeding three months.

Penalty for Recruiter failing to take the laborers he has engaged before the magistrate of the District.

LIX. Whoever being a licensed Recruiter of laborers shall fail to take with all reasonable speed any laborer whom he may engage in any District or place other than the towns of Calcutta, Madras, or Bombay, before the Magistrate of the District, in order that such person may be examined and registered; or shall fail to take within twenty-four hours any laborer whom he may engage in the Towns of Calcutta, Madras, or Bombay, before the Protector of Emigrants, in order that such person

may be examined and registered, or shall by means of intoxication, violence, fraud, or false pretences induce any Native of India to enter into a contract to labor in any place to which emigration shall be lawful under this Act, or to emigrate to any such Colony or place without having entered into such contract, or shall fail to supply any laborer whom he shall engage, and who shall be registered, with suitable lodging and food on his journey from his District to the depôt, or shall forward, send or convey any such laborer to any other house or place in the said Towns of Calcutta, Madras, or Bombay respectively, than the depôt for the laborers for the place at which such laborer shall have contracted to labor, shall be liable to a penalty not exceeding five hundred Rupees, and in default of payment thereof, to simple or rigorous imprisonment for a period not exceeding three months.

Penalty for forwarding laborers or allowing them to go without being duly registered, &c.

LX. Every Recruiter who shall forward or send any laborer from the District or Town in which he has entered into any engagement for labor, or who shall induce or knowingly permit any laborer to leave such District, or in either of the said Towns of Calcutta, Madras, or Bombay, shall forward or send any laborer who has entered into any engagement to any depôt, for the purpose of emigrating to any place, without the laborer being duly registered as provided in Sections XVI and XVII of this Act, shall be liable to a fine not exceeding five hundred Rupees, and in default of payment thereof, to simple or rigorous imprisonment for a period not exceeding three months.

Penalty for false representation of Government authority.

LXI. Any person who, with intent to obtain laborers for any place to which emigration shall be lawful under this Act, shall issue any written perwannah or order to the Police to assist any Recruiter licensed under this Act, or any other person, to procure such laborers, or shall represent that such laborers are required by the Government, or are to be engaged on behalf of Government, shall be liable to a fine not exceeding five hundred Rupees, and in default of payment thereof, to simple or rigorous imprisonment for a period not exceeding three months.

Penalty for receiving Emigrants in an unlicensed vessel.

LXII. If any Master of a ship or vessel which shall not have been licensed under Section XXIV of this Act shall knowingly receive on board any Emigrant in order to convey such Emigrant to any place to which emigration shall be lawful under this Act, or to any other place not excepted by Section III of this Act, such Master shall be liable to simple or rigorous imprisonment for a period not exceeding one year, and also to a fine not exceeding one thousand Rupees for every Emigrant so received on board, and such ship or vessel shall be liable to be forfeited.

Penalty for clearing ship without complying with rules.

LXIII. If the Master of any ship or vessel shall, at any of the ports aforesaid, take on board such ship or vessel any Emigrant laborer, and shall clear such ship or vessel for any place to which emigration shall be lawful under this Act, without having fully complied with every particular herein required previously to clearance, he shall be liable to a penalty not exceeding two hundred Rupees for every Emigrant laborer so taken on board his ship or vessel.

Penalty for taking on board after clearance, Emigrants not entered in list.

LXIV. If the Master of any ship or vessel shall, after having cleared such ship or vessel for any place to which emigration shall be lawful under this Act, take on board any such Emigrant laborer as aforesaid, without having entered such Emigrant laborer in such list as aforesaid, or without having obtained such duplicate as aforesaid containing the entry of such Emigrant prior to clearance, he shall be liable to a penalty not exceeding two hundred Rupees for every Emigrant so taken on board his ship or vessel.

Penalty for fraudulent acts whereby certificate becomes inapplicable to the altered state of the vessel.

LXV. If any Master of any ship or vessel cleared for any place to which emigration shall be lawful under this Act, shall, after having obtained such certificate as is provided in Section XXVII of this Act, fraudulently do, or suffer to be done, any act or thing whereby such certificate shall become inapplicable to the altered state of the ship or vessel, its passengers or other matters to which such certificate relates, such Master shall be liable, on conviction, to a penalty not exceeding five thousand Rupees, besides incurring a forfeiture of any bond executed in consideration of any license obtained for the vessel as originally described.

Penalty for proceeding to Kedgeree without steam at a certain season.

LXVI. If any Master of a ship or vessel, sailing from the port of Calcutta, between the 1st day of March and the 15th day of September, shall cause or allow his ship or vessel to proceed from Garden Reach to Kedgeree, or to proceed any part of the distance between Garden Reach and Kedgeree, without his ship or vessel being under tow of a competent Steamer, he shall be liable to a penalty not exceeding one thousand Rupees, and, in default of payment thereof, to simple imprisonment for a period not exceeding three months.

Customs Officers and Pilots may search and detain for purposes of this Act.

LXVII. All the power vested by law in the Officers of Customs in regard to the searching and detention of ships or vessels, or otherwise for the prevention of smuggling on board thereof, may be exercised by such Officers for the prevention of the illegal embarkation of such Emigrants as aforesaid on board ships or vessels bound for any place to which emigration shall be lawful under this Act and of other offences against this Act; and all Pilots in the service of Government shall be vested with the same powers, and be charged with the same duties as Customs Officers in this behalf.

Penalty for false report by Customs Officer or Pilot.

LXVIII. Any Customs Officer or Pilot who shall wilfully make a false, erroneous, or incomplete report of the Emigrant laborers on board of any ship or vessel, or who shall connive at the unauthorized embarkation of any such Emigrant laborers, shall be liable, besides dismissal, to a fine of five hundred Rupees, commutable, if not paid, to simple imprisonment for six months, and the penalty shall be adjudged in like manner as similar penalties are adjudged for offences committed in respect to the Customs Revenue.

LXIX. All the several penalties to which any persons are liable by this Act, shall be enforced by information laid before any Officer having the powers of a Magistrate or Justice of the Peace at the instance of any Emigration Agent or of the Protector of Emigrants, or of any Officer appointed for the purpose by the Government of the Presidency or place, and all the several penalties to which the Masters of ships or vessels are liable under any bond taken under this Act may be enforced by putting in suit the bond given by the Master, if such bond has been given in consideration of the license granted to the ship or vessel.

Penalties how to be enforced.

LXX. This Act shall come into operation from a date to be declared by the Governor-General of India in Council, by an order to be published in the Official Gazette.

Commencement of Act.

LXXI. Nothing in this Act or in any Rule to be made by the Governor-General of India in Council under Section LII of this Act contained, shall apply to any ships or vessels in the service of the Lords Commissioners of the Admiralty, or to any of Her Majesty's Ships of War.

Rules not applicable to Ships of War.

SCHEDULE A.

Office of the Protector of Emigrants at the Port of

A. B. is hereby licensed under Act of 1863 of the Governor-General of India in Council to be a Recruiter for engaging persons to proceed to for the purpose of labouring for hire.

This license will be in force for one year only from this date.

Dated the day of .

(Signed) C. D.,
Protector of Emigrants.

STATEMENT OF OBJECTS AND REASONS.

THE Emigration laws in force in India have for some time past been under the consideration of the Government of India. In preparing a measure for the amendment and systematization of those laws, it has been thought desirable to keep the following objects in view:—

1. The consolidation (with the necessary improvements) of the various Acts now in the Statute Book.

2. The repression of any abuses which may exist in the recruitment of laborers

3. The protection of the laborers and the regulation of the Depôts.

4. The definition and description by express law of the duties of the Protector of Emigrants.

5. The removal of the discrepancies which exist between the system of Emigration to French Colonies, and the system under which emigration takes place to dependencies of the British Empire and certain other localities.

6. The removal, by well-considered general provisions, of the necessity for separate legislation in particular cases.

I. With a view to the consolidation of the law, all previous Statutes relating to Emigration (with the exception of Act XLVI of 1860 and Act VII of 1862, but including the Crimping Act,) are repealed. It is supposed that the provisions of the Penal Code, as to abduction or kidnapping and the somewhat severe penalties in this Bill provided to prevent involuntary emigration, will have the effect of rendering the Crimping Act superfluous.

II. The task of framing provisions for the effectual repression of abuses which exist, or which may possibly grow up in the recruitment of laborers, has been very greatly facilitated by the passing of the recent Bengal Act III of 1863. That Act appears to have been so carefully considered, and to be so well calculated to effect its object, that it has been thought desirable to follow it substantially in the part of the present measure now under consideration. The principal difference between the machinery of this Bill, and the system which it is intended to supersede, consists in the provision that every recruited laborer shall, instead of being forwarded at once to the Coast, be taken before a Magistrate for registration. Previously to registration, the Magistrate will interrogate the recruit as to his comprehension of the engagement and willingness to fulfil it. The recruit, if the examination should prove satisfactory, is then, under proper regulations, to be forwarded to the Depôt, and there to be at once inspected by the Medical Officer. The Recruiter is to be regularly licensed, and the latter Sections of the Bill provide, by penalties of fine and imprisonment, against unlicensed recruiting, against neglecting to take the recruit for examination before a Magistrate, and against forwarding the recruit to the Coast without registration. Further, in order to punish and prevent malpractices which are said to be not unknown in some parts of India, any person who may falsely represent himself to have Government authority for recruiting, or who may attempt to induce the Police to assist him, is rendered liable to imprisonment or fine.

III. For the protection of the Emigrant when he has reached the Coast, Depôts are to be licensed and to be liable to constant inspection. There is to be a Medical Officer for every place to which emigration is authorized. The Protector is to be present at the first examination of the laborer and at his embarkation.

If he is unfit to proceed on his voyage, the Emigration Agent of the Colony for which he was intended, must send him back to his District.

The Bill provides securities (consisting in the Magistrate's registration, the Emigration Agent's certificate, the list of the Protector, the list of the Captain of the Emigrant vessel, and the list of the Customs' Officer) against any other than registered Emigrants being embarked. It further provides for the survey and licensing of Emigrant Ships; for their being duly provisioned and supplied with Medical stores, boats, and other necessaries.

IV. The Bill for the first time gives a legal description and definition of the duties of a Protector of Emigrants. Although the Protector is relieved from some of his functions by the provisions for local registration in the Emigrant's District, it is assumed that his duties are still sufficiently numerous and important for it to be desirable that the Protector should be an Officer with no other avocations. These duties will embrace the general superintendence of the Emigrants from the time when they are brought down to the Port to the moment of embarkation. It should be repeated, however, that the Protector will no longer conduct the enquiry as to the free will of the Emigrant. The responsibility of that investigation is thrown by the Bill on the local Magistrate.

V. French Colonies have now advantages in their Acts on three chief points—the time during which their Ships may sail for the West Indies; the space required for Emigrants; and the proportion of women they are compelled to carry. The Bill proposes to assimilate the general law on the first two points to the French Acts, and gives power to the Governor-General in Council to fix the proportion of women. The question whether other Emigration Agents should be paid by fees as the French Agents may be paid is resolved in the negative.

VI. The advantage of providing a uniform and general system, which may be known to British Colonial Governments and to Foreign Powers as containing the sole conditions on which Emigration from India can be allowed, has been considered to justify a part of the measure which will prevent recurrence to separate special legislation adapted to particular Treaties, and will empower the Governor-General in Council to authorize emigration, but subject always to the proposed Act, to any new Colony or locality. The Bill continues the legality of emigration to those places to which it is now lawful.

The terms of this Lease will be as follows:—

1. This Lease will extend only to such lands within the boundaries as are not settled by private individuals for the purpose of cultivation.

2. This Lease will be for the exclusive privilege of collecting Caoutchoue within these Forests for a period of one year from the 1st of November 1863, and for which the sum of Rupees (as bid) will be paid.

3. This Lease will not interfere with the existing rights of the Public to cut timber (other than Caoutchoue trees) or grass or bamboos, or to collect and gather any other products of the Forests, such as bees' wax, danmia, &c., nor will it interfere with the Government right of Elephant catching.

4. With a view to prevent the waste or permanent injury of the Caoutchoue trees by overtapping or otherwise the lessees will have to limit the period for collecting the gum to the interval from 1st November to 30th April.

5. And to provide for the loss of trees by injuries which may be done to them by parties collecting the gum the lessees will have to bind themselves to plant 400 Caoutchoue trees in the Forests, 200 to the North, and 200 to the South, of the River Burak.

6. Should the lessees, or their respresentatives, fail to fulfil the above engagements, or any of them, the Lease will be resumed; but previous to the resumption a formal notice will be served on the lessees requiring them to shew cause to the contrary. Failing good cause shewn the resumption will be embodied in a formal proceeding and duly recorded, the lessee forfeiting the amount paid for the whole year.

Bank of Bombay.

At a Special General Meeting of the Proprietors of the Bank held under Section XL. of Act X. of 1863 *on Monday, the 21st September, at* 11 *o'clock in the forenoon.*

PRESENT:—George Foggo, Esq.
Cowasjee Jehangier, Esq.
George Inverarity, Esq.
Limjee Manockjee, Esq.
Hon'ble Michael H. Scott, Esq.
Major Haggard.
Cursetjee Pallonjee Powalla, Esq.
F. F. Lidderdale, Esq.
Gavin Steel, Esq.
Cursetjee Hormusjee Chinoy, Esq.
Jehangier Hormusjee Chinoy, Esq.

It was proposed by Cowasjee Jehangier, Esq., seconded by Hon'ble Michael H. Scott, and carried unanimously, that George Foggo, Esq., do take the Chair.

The Secretary having read the Notice as published in the *Government Gazette* and Newspapers calling the Meeting, also the Section of the Bank Charter under which it was convened.

It was proposed by Cowasjee Jehangier, Esq., seconded by Limjee Manockjee, Esq., and carried unanimously—

That the Capital of the Bank be increased by the issue of Five thousand two hundred and twenty-five new Shares of Rupees one thousand each.

The Chairman then informed the Meeting that in accordance with the powers vested in the Directors by Section V. of Act X. of 1863 they have determined to raise the new Capital by issuing new Shares in the following manner :—

That the new Shares be offered to the Proprietors at par, and that each Proprietor be entitled to take up one new Share for every old Share he holds at the close of business on the 31st December 1863, and that the Transfer Books be closed from that date until the 14th January 1864 inclusive.

That payment in full in one sum on account of each new Share shall be made on or before the 14th January 1864.

That any Proprietor failing to pay for the new Shares on or before the 14th January 1864 shall be charged interest thereon at the rate of 12 per cent. per annum from the 14th January 1864 until the 14th February 1864, and that all new Shares not so paid up on 14th February 1864 shall be considered forfeited and disposed of at the discretion of the Directors.

That the holders of the new Shares shall be entitled to dividend from 1st January 1864.

It was then proposed by F. F. Lidderdale, Esq., seconded by Major Haggard, and carried unanimously that the course of action determined on by the Directors be approved by this Meeting.

Proposed by Cursetjee Pallonjee Powalla, Esq., seconded by Cursetjee Hormusjee Chinoy, Esq., that a copy of these Proceedings be sent to each Shareholder and that they be also advertized.

Proposed by Cowasjee Jehangier, Esq., and seconded by Limjee Manockjee, Esq., that the thanks of the Meeting be offered to the Chairman for his conduct in the Chair.

The Meeting then dissolved.

By Order of the Board of Directors,

James Blair,
Secretary and Treasurer.

Government of Bengal.

Conveyance of Articles for the Agricultural Exhibition by the P. and O. Company.

From J. A. CRAWFORD, Esq., Honorary Secretary to the Agricultural Show, Calcutta,—(dated the 15th September 1863.)

FORWARDED for the information of the Secretary to the Government of Bengal.

From C. W. HOWELL, Esq., Secretary, Peninsular and Oriental Steam Navigation Company, to J. A. CRAWFORD, Esq., Honorary Secretary to the Agricultural Show, Calcutta,—(dated London, the 29th July 1863.)

SIR,—THE Board of Directors have had under their consideration your letter of 2nd ultimo, addressed to the Company's Superintendent at Calcutta, relative to the free carriage by the Company's Steamers of live stock, implements, and samples of produce intended for the Agricultural Show to be held in Calcutta in January next; and in reply I am desired to state that, while the Directors would desire to afford every facility in their power towards the success of such an object, they fear that the conveyance of live stock on board their Steamers, especially in such numbers as would probably be tendered for conveyance immediately before the Show, would be attended with so much annoyance and inconvenience to passengers, that they would not be justified in receiving such stock even on payment of freight, and they must consequently beg to decline that part of the application.

With regard to implements and specimens of produce the Directors would be willing to follow the course they adopted on the occasions of the Great Exhibitions of 1851 and 1862 in this country, namely, to convey articles intended *bonâ fide* for exhibition, and supported by the necessary Certificates at half the ordinary rates of freight, provided there might be room on board the Steamer at the port of shipment, and that the carriage of such articles would not deprive the Company of the opportunity of carrying other goods at full rates.

The Directors will instruct the Company's Agents in India on this subject by the out-going Mail, giving them to understand that the Board feel every interest in the success of the Exhibition, and that, subject to the limitation alluded to, those instructions are to be construed in a liberal spirit.

Government of Bengal.

Proceedings of the several Agricultural Exhibition Committees in the Bhaugulpore Division.

From J. W. DALRYMPLE, Esq., Officiating Commissioner of the Bhaugulpore Division, to the Secretary to the Government of Bengal,—(No. 743, dated the 19th September 1863.)

I HAVE the honor to submit the Abstract of Proceedings of the several Agricultural Committees of this Division, except those of Pakour, Doomka, and Rajmehal, for the past month.

The Proceedings of the Committees of the first two of these three Divisions have not as yet reached this Office, and the Assistant Commissioner of Rajmehal reports that no Meeting was held in his Division during the month, but that one will be held this month.

BHAUGULPORE.

Abstract of the Proceedings of the Agricultural Committee held at Bhaugulpore on the 10th August 1863.

Baboo Mudun Thakoor brought for inspection a large Pony, Stallion, which the Committee requested him to send to Belvedere. He promised to do so. Mr. Alexander brought a country bred Hack, which he was requested to forward for exhibition. At the request of the Committee Baboo Mudun Thakoor and Moulvie Wohéedooddeen undertook to use their best endeavors to procure some superior Goats and Pigeons for exhibition.

The Secretary has written letters to Mr. Cooke, the Deputy Magistrate of Mudehpoorah, and Mr. Duff, at Singeshur, requesting them to make enquiries in their respective Districts regarding the prospect of obtaining good Buffaloes.

Baboo Hurbullub Narain Sing has been requested to send a Buffaloe for exhibition. The distribution of a small number of Vernacular copies of the Prize List sent by the Central Committee was reported.

MONGHYR.

Abstract of the Proceedings of the Agricultural Committee held at Monghyr on the 10th August 1863.

The Committee having read an Extract from the Proceedings of a Meeting of the General Committee for the Management of the Agricultural Exhibition, as also one from the Honorary Secretary to the Committee of the Agricultural Exhibition, regarding the impression said to prevail that articles sent to the Exhibition must be sold, decided that no such impression prevails in this District.

The Committee received a list from Baboo Rampershad Doss of the products of his Zemindarry, samples of which he intends to send for exhibition.

At a Meeting held on the 17th August 1863 a list of the articles promised for the Exhibition by Baboo Hurbullub Narain Sing was read out to the Committee, and Rajah Joymungul Sing Bahadoor was requested to prepare a similar list for his part of the District.

The Members of the Committee offered prizes for several articles which was published in the English *Gazette*.

PURNEAH.

Abstract of the Proceedings of the Agricultural Committee held on 3rd August 1863.

It was resolved that the efforts of the Committee be directed to procuring the articles mentioned below, but that the Committee desire to be informed whether they are expected to incur any expense in procuring or forwarding specimens:—

Gynees.
Sheep.
Rice.
Jute.
Hemp.

At a Meeting held on the 7th August it was proposed by Mr. J. J. Shillingford, and seconded by the Secretary, that a Subscription List be circulated in the Station and District.

At this Meeting Prizes were promised for several articles. It was proposed by the Secretary, and seconded by J. J. Shillingford, that the Zemindar of Soorjapore be requested to furnish samples of Jute grown at Kalliagunge, or any other similar product which may be procurable in the neighbourhood.

Notice

Is hereby given that, under orders of the Board of Revenue, dated 12th of January 1863, the Khas Forests of Cachar, containing Caoutchoue trees, and bounded on the East by Munipoor; West by Sylhet; North by the District of North Cachar, and South by Independent Tipperah, will be leased to the highest bidder on the 14th day of October 1863 in the Superintendent's Court.

The terms of this Lease will be as follows:—

1. This Lease will extend only to such lands within the boundaries as are not settled by private individuals for the purpose of cultivation.

2. This Lease will be for the exclusive privilege of collecting Caoutchoue within these Forests for a period of one year from the 1st of November 1863, and for which the sum of Rupees (as bid) will be paid.

3. This Lease will not interfere with the existing rights of the Public to cut timber (other than Caoutchoue trees) or grass or bamboos, or to collect and gather any other products of the Forests, such as bees' wax, danmia, &c., nor will it interfere with the Government right of Elephant catching.

4. With a view to prevent the waste or permanent injury of the Caoutchoue trees by overtapping or otherwise the lessees will have to limit the period for collecting the gum to the interval from 1st November to 30th April.

5. And to provide for the loss of trees by injuries which may be done to them by parties collecting the gum the lessees will have to bind themselves to plant 400 Caoutchoue trees in the Forests, 200 to the North, and 200 to the South, of the River Burak.

6. Should the lessees, or their respresentatives, fail to fulfil the above engagements, or any of them, the Lease will be resumed; but previous to the resumption a formal notice will be served on the lessees requiring them to shew cause to the contrary. Failing good cause shewn the resumption will be embodied in a formal proceeding and duly recorded, the lessee forfeiting the amount paid for the whole year.

Notice.

INCOME TAX ACT, SCHEDULES 1 AND 2.

UNDER orders of the Governor General of India in Council notice is hereby given that, except in the case of any person or persons to whom a special notice is issued, the assessment for the Income Tax for the year commencing from the 31st July 1863, under Schedules 1 and 2, Act XXXII of 1863 (Income Tax Act), will be same as for the year ending on the said 31st July 1863 (subject to the modifications prescribed in Act XXVII. of 1863); provided that if any person object to such assessment he may apply to the Deputy Commissioner of the District for Forms of Returns of Profits or Income under the said Schedules and send in his Return thereof within two months from the date of this notice, and he will then be assessed on such Return under the said Act XXXII. of 1860.

A. K. COMBER,
Deputy Commissioner.

ZILLAH LUCKIMPORE;
Income Tax Office,
The 11th September 1863.

Notice

Is hereby given that, under orders of the Board of Revenue, dated 12th of January 1863, the Khas Forests of Cachar, containing Caoutchoue trees, and bounded on the East by Munipoor; West by Sylhet; North by the District of North Cachar, and South by Independent Tipperah, will be leased to the highest bidder on the 14th day of October 1863 in the Superintendent's Court.

The terms of this Lease will be as follows:—

1. This Lease will extend only to such lands within the boundaries as are not settled by private individuals for the purpose of cultivation.

2. This Lease will be for the exclusive privilege of collecting Caoutchoue within these Forests for a period of one year from the 1st of November 1863, and for which the sum of Rupees (as bid) will be paid.

3. This Lease will not interfere with the existing rights of the Public to cut timber (other than Caoutchoue trees) or grass or bamboos, or to collect and gather any other products of the Forests, such as bees' wax, danmia, &c., nor will it interfere with the Government right of Elephant catching.

4. With a view to prevent the waste or permanent injury of the Caoutchoue trees by overtapping or otherwise the lessees will have to limit the period for collecting the gum to the interval from 1st November to 30th April.

5. And to provide for the loss of trees by injuries which may be done to them by parties collecting the gum the lessees will have to bind themselves to plant 400 Caoutchoue trees in the Forests, 200 to the North, and 200 to the South, of the River Burak.

6. Should the lessees, or their respresentatives, fail to fulfil the above engagements, or any of them, the Lease will be resumed; but previous to the resumption a formal notice will be served on the lessees requiring them to shew cause to the contrary. Failing good cause shewn the resumption will be embodied in a formal proceeding and duly recorded, the lessee forfeiting the amount paid for the whole year.

Bank of Bombay.

At a Special General Meeting of the Proprietors of the Bank, held, under Section XL of Act X. of 1863, *on Monday, the* 21*st September, at* 11 *o'clock in the forenoon.*

PRESENT:—George Foggo, Esq.
Cowasjee Jehangier, Esq.
George Inverarity, Esq.
Limjee Manockjee, Esq.
Hon'ble Michael H. Scott, Esq.
Major Haggard.
Cursetjee Pallonjee Powalla, Esq.
F. F. Lidderdale, Esq.
Gavin Steel, Esq.
Cursetjee Hormusjee Chinoy, Esq.
Jehangier Hormusjee Chinoy, Esq.

It was proposed by Cowasjee Jehangier, Esq., seconded by Hon'ble Michael H. Scott, and carried unanimously, that George Foggo, Esq, do take the Chair.

The Secretary having read the Notice as published in the *Government Gazette* and Newspapers calling the Meeting, also the Section of the Bank Charter under which it was convened.

It was proposed by Cowasjee Jehangier, Esq., seconded by Limjee Manockjee, Esq, and carried unanimously—

That the Capital of the Bank be increased by the issue of Five thousand two hundred and twenty-five new Shares of Rupees one thousand each.

The Chairman then informed the Meeting that in accordance with the powers vested in the Directors by Section V. of Act X. of 1863 they have determined to raise the new Capital by issuing new Shares in the following manner :—

That the new Shares be offered to the Proprietors at par, and that each Proprietor be entitled to take up one new Share for every old Share he holds at the close of business on the 31st December 1863, and that the Transfer Books be closed from that date until the 14th January 1864 inclusive.

That payment in full in one sum on account of each new Share shall be made on or before the 14th January 1864.

That any Proprietor failing to pay for the new Shares on or before the 14th January 1864 shall be charged interest thereon at the rate of 12 per cent. per annum from the 14th January 1864 until the 14th February 1864, and that all new Shares not so paid up on 14th February 1864 shall be considered forfeited and disposed of at the discretion of the Directors

That the holders of the new Shares shall be entitled to dividend from 1st January 1864.

It was then proposed by F. F. Lidderdale, Esq., seconded by Major Haggard, and carried unanimously that the course of action determined on by the Directors be approved by this Meeting.

Proposed by Cursetjee Pallonjee Powalla, Esq., seconded by Cursetjee Hormusjee Chinoy, Esq., that a copy of these Proceedings be sent to each Shareholder and that they be also advertized.

Proposed by Cowasjee Jehangier, Esq, and seconded by Limjee Manockjee, Esq., that the thanks of the Meeting be offered to the Chairman for his conduct in the Chair.

The Meeting then dissolved

By Order of the Board of Directors,

JAMES BLAIR,

Government of Bengal.

Agricultural Exhibition.

Memorandum from W. GORDON YOUNG, Esq., Officiating Commissioner of Chittagong,—(No. 383, dated the 10th September 1863.)

SUBMITTED to the Government of Bengal with reference to its letter No. 4313, dated the 25th August 1863.

From G. A. PEPPER, Esq., Collector of Bullooah, to the Commissioner of the Chittagong Division,—(No. 235, dated the 9th September 1863.)

IN reply to the letter No. 4313, dated 25th ultimo, received with your Memorandum No. 300, dated 7th instant, I have the honor to inform you that the principal reason of the non-success of the views of the Agricultural Meeting in this District may be attributed to the scarcity of wealthy landed Proprietors. Those that do exist are non-residents, and their Estates are managed by land Agents, and are apparently only considered by them as so many Milch Cows with whose productiveness their interest ceases. The resident Talookdars are too poor and too ignorant to appreciate the value of what is proposed to them: they seem to entertain an undefined dread of responsibility and expense, and, notwithstanding every effort and explanation on my part, as yet hold back.

2. There are, it is true, very few amongst them able to make the outlay necessary for experiments or for rearing prize Cattle, &c., and the reply of those few is invariably that this District produces nothing but grass, that Cattle do not thrive here, and the breed that exist is not worth rearing. There is some truth in the remark, but without an effort it is not likely to improve, though, when urged further, they tell me, without hesitation, that if the Government will bring them anything worth having they will accept it, or if the Government will pay the cost of a Steam Plough, or any other experiment or improvement, they will try it. This is something as far as their conservative notions are concerned, but they will not help themselves, and it was only after repeated failures and the utmost exertion that I was at last able to persuade a few to let their names be enrolled on the Committee.

3. What is required here for the experiment is some of the spare cash of the wealthy non-residents which they now waste in show in Calcutta, and also an occasional visit, if not a permanent residence on their Estates, and the display of a little interest in the welfare of their tenants and of the District. But unfortunately the District is not famed for salubrity, and it is a well known fact that no one is willing to come here, either European or Native, who can keep away. The consequence is that any outlay on farming experiments is at a discount and not likely to be tried, as it would involve a very heavy outlay with a very doubtful result; and, if undertaken at all, must be entered into by a person residing on the spot, possessing wealth and time and energy, and content to make the attempt from liberal-minded and benevolent motives, and at the same time regardless of failure or of the possibility of his energies and means being spent to better purpose in some more favored locality.

Government of Bengal.

Agricultural Exhibition.

From A. C. MANGLES, Esq., Assistant Superintendent and Secretary to the Local Committee of the Agricultural Exhibition at Darjeeling, to the Under-Secretary to the Government of Bengal,—(No. 21, dated the 21st September 1863.)

AGREEABLY to instructions received I have the honor to forward, herewith, a copy of the Proceedings of the Members of the Local Committee of Agricultural Exhibition held at this Station on the 15th of September 1863.

Proceedings of the Members of the Local Committee of Agricultural Exhibition, held at Darjeeling on the 15th September 1863.

MEMBERS PRESENT:

H. C. WAKE, Esq., C. S., *President.*
A. C. MANGLES, Esq., *Secretary.*
CAPTAIN J. MASSON.
CHEEBOO LLAMA.
F. B. BRINE, Esq.
G. TRENTLER, Esq.

The Secretary informed the Committee that the following answers had been received from the Honorary Secretary, Local Committee, Calcutta, to the queries put to him:—

CERTIFIED.

1. Five seers as sample of ten maunds of each kind of Cotton, cleaned and uncleaned, must be exhibited.

2. Samples of Dyes, Hemp, Cotton, &c., may be sent if the produce of the Darjeeling Territory.

3. The Certificate of one Member of the Committee to samples will be sufficient, but it should be countersigned *pro forma* by the Secretary to the Local Committee.

4. Each ten pound chest of Tea will be a sample of twenty maunds of the same class.

Cheeboo Llama reported that the Rajah of Sikhim had replied to his letter on the subject of the Exhibition, and has issued orders for the various specimens of animals to be searched for and selected.

Captain J. Masson reported that he was preparing samples of Hemp, Dyes, and Cotton, but that he would be unable to produce quantities sufficient to entitle him to compete.

The Members regret that there is little or no evidence on the part of the public of the settlement of interest on the subject.

Even regarding Tea most of the plantations are too young to produce the amounts from which certified samples of each class are to be exhibited.

The President requested the Members to take care that the Public were informed of the latest dates on which Certificates could be granted.

Government of Bengal.

The Agricultural Exhibition.

From J. A. CRAWFORD, Esq., Honorary Secretary to the Agricultural Exhibition, Calcutta,—(dated the 28th September 1863.)

FORWARDED to the Secretary to the Government of Bengal for his information and for publication in the *Calcutta Gazette*.

Extract from the Proceedings of the Maldah Agricultural Committee forwarded by its Secretary by his endorsement No. 231, dated the 26th September 1863.

EXTRA PRIZE.

Presented by Dr. Thompson.

For 10*lbs.* of good clean Fibre (or a sufficient quantity) from the Gossypium or Cotton Shrub Fibre, to test its merchantable qualities as substitute for Jute ... Rupees 25.

Government of Bengal.

Buoying of the Hooringotta River.

From S. C. BAYLEY, Esq., Junior Secretary to the Government of Bengal, to the Under-Secretary to the Government of India, Home Department,—(Fort William, the 1st September 1863.)

I AM directed to acknowledge the receipt of your letter No. 4954, dated 10th ultimo, and in reply to state that the Lieutenant-Governor does not recommend the outlay of Rupees (35,000) thirty-five thousand necessary for carrying out the buoying of the Hooringotta River; but, if it is to be incurred, His Honor thinks it will be best to incur it this season, though it will require a special grant, as the expenditure has not been provided for in the Budget of 1863-64 and cannot be met from it as it stands.

2. With reference to your 2nd paragraph I am to observe that the Lieutenant-Governor has no reason to believe that Commanders of Vessels will take their Vessels up the Hooringotta whether there be Pilots stationed there or not; but, for the reasons stated in paragraph 4 of the letter from this Office No. 22T, dated the 30th June last, His Honor does not think that the absence of Pilots will make any difference.

3. The Lieutenant-Governor regrets to add that he has not been able to obtain a copy of Lieutenant Sweney's Chart of the Hooringotta River from the Government of Bombay as there is no copy of it forthcoming in that Presidency.

Government of Madras.

Cinchona Operations in the Neilgherries.

From W. G McIvor, Esq., Superintendent, Government Cinchona Plantations, Ootacamund, to J. D Sim, Esq., Secretary to Government, Revenue Department, Fort St. George,—(No. 85, dated Ootacamund, the 8th September 1863.)

With reference to the order of Government dated 22nd October 1862, No. 2268, I have the honor to enclose the Report for last month of our progress in the Cinchona operations.

A heavy storm on the night of the 12th and 13th almost destroyed 70 plants, and seriously broke or damaged portions of one hundred more; this happened on one of the ridges exposed to the west wind. The species which suffered most being the red bark. All the other plants continue to make rapid growth, and are in the finest state of health.

Owing to the very wet weather 23,856 plants intended for planting out permanently had to be transplanted into the Nursery beds, where they will now remain until the first showers in March and April, as

the season most favorable for permanently placing out the plants has already passed.

The height of the largest plant at present is nine feet two inches. The blossoms on the large plant in the Conservatory are now fully expanded and promise to mature its seeds, although the plant is only a little more than two years old.

The increase by propagation is 20,977 or 8,680 plants above the average of the last six months.

Table II. exhibits the growth of eleven plants planted out by His Excellency the Governor and other gentlemen on the 30th August 1862. The average growth of these plants during the month is 5 inches. The two plants cut down on the 20th of March last for the bark submitted to Mr. Howard for analysis have made fine strong shoots from 9 to 10 inches in height.

The number of plants issued to the Public is 514, making the total number distributed 4,109.

The Register for 1864-65 being completed, Table IV. is omitted in this Report.

ZILLAH LUCKIMPORE;
Income Tax Office,
The 11th September 1863.

Notice

Is hereby given that, under orders of the Board of Revenue, dated 12th of January 1863, the Khas Forests of Cachar, containing Caoutchoue trees, and bounded on the East by Munipoor; West by Sylhet; North by the District of North Cachar, and South by Independent Tipperah, will be leased to the highest bidder on the 14th day of October 1863 in the Superintendent's Court.

The terms of this Lease will be as follows:—

1. This Lease will extend only to such lands within the boundaries as are not settled by private individuals for the purpose of cultivation.

2. This Lease will be for the exclusive privilege of collecting Caoutchoue within these Forests for a period of one year from the 1st of November 1863, and for which the sum of Rupees (as bid) will be paid.

3. This Lease will not interfere with the existing rights of the Public to cut timber (other than Caoutchoue trees) or grass or bamboos, or to collect and gather any other products of the Forests, such as bees' wax, danmia, &c., nor will it interfere with the Government right of Elephant catching.

4. With a view to prevent the waste or permanent injury of the Caoutchoue trees by overtapping or otherwise the lessees will have to limit the period for collecting the gum to the interval from 1st November to 30th April.

5. And to provide for the loss of trees by injuries which may be done to them by parties collecting the gum the lessees will have to bind themselves to plant 400 Caoutchoue trees in the Forests, 200 to the North, and 200 to the South, of the River Burak.

6. Should the lessees, or their respresentatives, fail to fulfil the above engagements, or any of them, the Lease will be resumed; but previous to the resumption a formal notice will be served on the lessees requiring them to shew cause to the contrary. Failing good cause shewn the resumption will be embodied in a formal proceeding and duly recorded, the lessee forfeiting the amount paid for the whole year.

Examination of Pleaders.

NOTIFICATION.

An Examination of Candidates for admission as Pleaders of the Mofussil Courts will take place in Calcutta on the last Monday in January 1864, and at the Head-Quarters of each Division on the last Monday of July 1864.

The Examination will be conducted as nearly as possible in accordance with the Rules laid down by the late Sudder Court in February 1861. These Rules are as follows :—

1. There shall be two distinct grades or classes of Pleaders as heretofore.

2. The Senior Grade shall be allowed to plead at the Bar of all the Courts subordinate to the High Court, Civil, Criminal and Revenue, and shall be further eligible for the office of Moonsiff.

3. The Junior Grade shall be restricted to practice in the Courts of the Sudder Ameen, the Moonsiff, the Magistrate, the Collector, and their Subordinates.

4. The Examination shall be partly written and partly *vivâ voce*.

5. The *vivâ voce* examination shall be such as to test the practical knowledge of the Candidates on questions connected with the subjects of the test.

6. The written Examination papers shall be prepared by Examiners, who shall act in conjunction with and under the control of the High Court.

7. The written Examination shall form the subject of two papers, of which the former shall embrace questions relative to the Law of Property and its subordinate heads; and the Second, questions on Evidence, Civil and Criminal Procedure, and Criminal Law. The maximum number of marks for each of these papers shall be 100, and no Candidate shall be held to have passed unless he shall have obtained 160 marks in the two papers.

8. Applications for admission to examination shall in all cases be sent or submitted to the Zillah Judge of the District in which the Candidate resides or is employed at least one month before the date fixed for examination, and the Candidate shall satisfy the Judge by Certificate or otherwise that he is a person of good moral character. The date on which the application is received shall be noted thereon.

9. Candidates residing in Calcutta shall submit their applications to the Judge of the 24-Pergunnahs.

10. Persons under the age of 20 shall not be eligible for examination.

11. Every applicant for examination for the higher grade shall pay a fee of 20 Rupees, and for the lower Grade a fee of 10 Rupees, and in the event of the Candidate's passing, a second fee of the same amount, as that demanded prior to examination, must be paid before he is entitled to receive a Diploma. In the event of his not passing, the fee will be forfeited.

12. There shall be separate examination papers for each grade of Pleadership, but a Candidate offering himself for a Senior Pleadership and obtaining only three-fifths of the maximum number of marks shall be entitled to a Junior Pleadership Certificate.

13. The Local Examination Committee shall consist of the Commissioner, Judge, Collector, Principal Sudder Ameen and any others who shall be appointed; the Judge shall be ex-officio President, and, in the unavoidable absence of any of the Members, three shall form a quorum.

The Committee will sit daily from 10 to 4 until the Examination is completed.

14. A Candidate shall have the option of being examined either in English or in the Vernacular.

15. The Examination shall embrace the following subjects :—

I. The Law of Property current in the Regulation Provinces of Lower Bengal ...	As gathered from the Regulations, the Precedents of the Court, and Macpherson on Mortgages.
A. With reference to the Government lien on the land and the mode in which it can be brought to sale for arrears of Revenue ...	
B. Relation of Landlord to Tenant ...	
C. Transfers of land including Mortgages of all kinds ...	
D. Law of Limitation ...	

E. The Law of inheritance and succession under Hindoo and Mahomedan Law, as gathered from the Diabagha and Mitaksherah and the Serajiah and Macnaghten on Hindoo and Mahomed Law.

F. Law of adoption as gathered from Duttrika Chundrika and Duttrika Mimanghsha.

II. Evidence, Norton.

Commissariat Notice.

No. 101.

THE undersigned invites Tenders for the supply, at Fort William, of unslaked Stone or Shell Lime, to be delivered daily to the Garrison Quarter Master.

The daily consumption would be about ¾ of a maund.

The Lime would be subject to the approval of the Receiving Officer.

Other Lime than that just kiln burned, and having considerable heat upon the application of moisture, would be rejected.

Tenders for the required supply will be received up to 2 o'clock of the 31st instant.

The undersigned would enter upon a liberal engagement for a period of several months with any one having a kiln in the vicinity of Calcutta, and who could ensure the supply of unslaked Lime.

J. C. SCOTT,
Officiating Commissary General.

Loans on Debenture.

THE Municipal Commissioners of Canning, with the sanction of Government, are prepared to receive Sealed Tenders for Loans on Debenture for Ten Lacs of Rupees for the general improvement of the Town and Port of Canning, and the lands adjoining thereto, on Security of the properties of the Municipality, as described in the annexed Schedule, and on the credit of the existing rents of lands, and of the rents, rates, and taxes that may be hereafter imposed and levied on account of the Municipal Fund, under the provisions of Act XXVI. of 1850, or of any other Act that may be passed by the Legislature. The Tenders are to be for sums of not less than 600 Rupees The Debentures will have a currency of five years, and carry interest at the rate of 5½ per cent. per annum from their respective dates. Interest to be paid half-yearly on the 30th June and 31st December at the Bank of Bengal.

2nd.—The first instalment or 25 per cent. of the Ten Lacs to be payable at the Bank of Bengal on 15th November next, 25 per cent on 1st January next, 25 per cent. on 1st April next, and the remaining 25 per cent. on 1st July 1864.

3rd.—In case of equality of Tenders beyond the amount required a pro-rata diminution will be made.

4th.—The Commissioners reserve to themselves the right of refusing all Tenders below a certain minimum rate, to be declared at the opening of the Tenders.

5th.—Debenture holders are to be entitled to convert their Debentures to the extent of one-half of the entire loan raised into leasehold titles to lands in the Town, within a period of two years from the issue of the Debentures, at the rate of 600 Rupees of loan for one beegah of ground. Such privilege of conversion to be given to Debenture holders in order of the dates on which applications for such conversion are received by the Commissioners. The leasehold title so conferred to be for sixty years on a rental of 30 Rupees per beegah per annum. Such lease-holders to be further allowed to convert their leasehold into freehold tenures by a cash payment at the rate of 600 Rupees per beegah, provided such privilege be claimed within four years from 1st January next; and the privilege of conversion to be retained during the remaining currency of the lease, but at a rate per beegah to be fixed at intervals of four years on a review and estimate of the then value of the leases, such value to be determined by the Commissioners. Existing lease-holders who become holders of Debentures may, under like conditions, convert such Debentures at once into freehold tenure of their present leasehold property at the rate of 600 Rupees per beegah.

6th.—The entire proceeds of purchases of leases by Debenture holders and two-thirds of all redemption money that may be paid for freehold titles to be considered as hypothecated towards redemption of the loan, and the remaining one-third of such redemption money to be carried to credit of the Municipal Fund.

7th.—Scrip receipts will be issued to the parties whose Tenders may be accepted. The receipt will subsequently be delivered up by the holders in exchange for Debentures when prepared.

8th.—Sealed Tenders for Debentures to be addressed to the Municipal Commissioners of Canning superscribed,—"Canning Loan." The Tenders and the packet containing the declared minimum will be opened in the presence of one or more of the Commissioners, and of the Secretary to the Bank of Bengal, at noon of Monday, the 2nd November 1863, at the Office of the Municipal Commissioners.

Railway Extension Line to Jumoona.

From the Right Hon'ble the Secretary of State for India, to His Excellency the Right Hon'ble the Governor General of India in Council,—(India Office, London, 17th August 1863.)

Since the receipt of your Excellency's Despatch of the 7th February last, No. 9, I have been in communication with the Directors of the Eastern Bengal Railway Company on the subject of the construction of an extension of their line to the Jumoona. A copy of the correspondence is forwarded herewith.

2. You will observe that in fulfilment of the pledge in the Contract of 30th July 1858, I have offered to the Company the construction of the above line, as a part and parcel of their original undertaking, with a guaranteed interest on the necessary capital of 4½ per cent. per annum. The Shareholders, however, have declined to accept these terms, and your Excellency is therefore at liberty, should you consider the extension immediately necessary, to make arrangements with some other Company, within the limits already sanctioned for grant of assistance to unguaranteed Companies, or to propose to me such other scheme as you may consider desirable for the construction of this or any other lines of Railway in Eastern Bengal.

No. 142.

"INDIA OFFICE;
"*London, 15th August* 1863.

"HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

"MY LORD,—I HAVE received and considered in Council your Public Letter dated the 8th June last, No. 32, reporting your decision on an application from Sir F. B. Outram for the grant of an Invalid Pension of £150 per annum, to which he considered himself entitled as a Civil Servant of more than five and under ten years' service.

2. "You refused this application on the ground that my Financial Despatch of the 25th November last, No. 193, did not appear to alter the interpretation hitherto put on the word "Service," under which one year's sick leave only is allowed to be reckoned in qualification for pension, and therefore that Sir F. Outram is not entitled to a pension.

3. "By the Despatch in question the period of twenty-five years' service, and twenty-two years' residence, including one year's absence on sick leave, was required as a qualification for the full Annuity; but in the cases of Civilians who might be compelled, by the state of their health, to retire at an earlier period, service and not residence is to be calculated in deciding on their claims to Invalid Pensions.

4. "Sir F. B. Outram has accordingly been instructed to apply again to your Government for an Invalid Pension, to which he will be entitled from the 6th February last, the date on which his resignation of the Service was accepted.

I have, &c.,

Read again the Financial Resolution No. 66., dated the 29th August 1862, sanctioning a classification of the appointments in the General Department of Account in substitution of the arrangement introduced by Financial Resolution No. 84, dated the 13th May 1862.

Read again the Financial Resolution No. 3390, dated the 25th July 1863, sanctioning one set of Rules for the grant of deputation allowance to the classified Officers of the Financial Department without distinction of the service to which they belong.

Resolution.—The Hon'ble the President in Council observes that, under the Financial Resolution of the 29th August 1862, the distinction between the Covenanted and Uncovenanted Service in the Financial Department was abolished, and that under the Financial Resolution of 25th July 1863 all the Officers of the Department were placed, in respect to deputation allowance, under one set of Rules based on those for the Covenanted Civil Service.

In respect, however, to travelling allowance two sets of Rules are still in operation in the Financial Department, one applicable to the Covenanted and the other to the Uncovenanted Officers; but as the latter equally with the former are required in the Finance Department to travel from one Presidency to another, thereby incurring heavy transit expenses for which the inferior rates of travelling allowance for Uncovenanted Officers are inadequate, the superior rates for Covenanted Officers will be given in lieu, in future, under the ordinary Rules on that head.

Order.—Ordered, that the above Resolution be published in the *Calcutta Gazette* for general information, and that a copy be forwarded to the Right Hon'ble the Secretary of State for information.

E. H. Lushington,
Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 8th October 1863.

No. 153*A. of* 1863.—His Excellency the Governor General is pleased to publish, for general information, extract of a Despatch from the Right Hon'ble the Secretary of State, No. 301, dated 24th August last, paragraphs 1, 2, 3, and 4.

Para. 1.—"In reply to the question submitted in your Lordship's letter dated 30th May last, No. 23A., I have to inform you that an Officer holding the rank of Brigadier would not, under the Regulations of the British Army, command an Officer in the same Brigade holding Her Majesty's Commission of a prior date; and I am informed by His Royal Highness the Field Marshal Commanding-in-Chief that your Lordship rightly interprets the 'Queen's Regulations,' under which it is ruled that, although Brigadiers-General rank with each other according to the date of their Commissions as Colonels, they exercise command over all Colonels whatsoever who do not hold the rank of Brigadier-General.

Page 3, Article 3.

2. "It appeared to me, with the view of extending, as widely as possible, the sphere of selection for the command of Brigades, that the recommendation of your Lorship and the Comander-in-Chief in India, that the rank of Brigadier-General should be conferred upon Officers appointed to such commands, should be carried out; and I suggested to the Field Marshal Commanding-in-Chief that this course should be adopted.

3. "His Royal Highness has expressed his concurrence in this suggestion.

4. "In conveying to you the sanction of Her Majesty's Government to the above proposal I wish it to be distinctly understood that no additional expense is to be occasioned by the arrangement."

In accordance with the foregoing authority the Right Hon'ble the Governor General is pleased to confer the rank of Brigadier-General upon the undermentioned Officers while in command of Brigades on the Bengal Establishment with effect from this date :—

Brigadier W. P. G. Haly, C. B, Her Majesty's 38th Foot.
" D. Rainier, Her Majesty's 98th Foot.
" E. A. Holdich, C. B, Her Majesty's 20th Foot.
" J. Welchman, C. B., Bengal Infantry.
" A C. Errington, Her Majesty's 51st Foot.
" Lord Mark Kerr, C. B., Her Majesty's 13th Foot.
" A. Tucker, C. B., Bengal Calvalry.
" P. Harris, Bengal Infantry.
" J. Travers, V. C., Bengal Infantry.
" P. Hill, C. B., Rifle Brigade.
" J. D. Macpherson, C. B., Bengal Infantry.
" H. Tombs, C. B., V. C., Royal Artillery.

The Governments of Madras and Bombay are requested to confer similar rank, with effect from this date, upon all Brigadiers serving on the Establishment of those Presidencies.

The 9th October 1863.

GENERAL.

Fort William, the 13th October 1863.

Notification.—The following additions to Chapter IV, Section I. of the Public Works Code, limiting the aggregate expenditure for petty Military Works, and fixing the responsibility for the proper application of Public Works Funds on Executive Engineers, are notified for general information.

The paragraphs will be interpolated in the new Edition of the Code in the order indicated by the numbers.

Limit placed on expenditure for petty Military Works by annual appropriations.

7½. The actual execution of works sanctioned under the powers thus conferred must, in every case, be dependent on the necessary Funds being available within the annual Budget grants for such purposes. Special assignments may be made every year by the Local Government or Administration from the general provincial allotments for Original Works (Reserve) and Repairs for each Station, District, or Division, a notice of which shall be communicated to the Commanding Officers concerned, and these assignments are not to be exceeded without the specific sanction of the Local Government or Administration and the grant of an extra credit.

* * * *

Executive Engineer responsible for proper application of Public Works funds.

10½. It is to be clearly understood that a requisition to carry out work directed by the Military Authorities to an Executive Engineer is not an absolute order relieving him from responsibility, and to be instantly complied with. The Executive Engineer, in each case, must exercise his judgment on the demand made, giving all proper weight to the opinions of the Department concerned; but it is his duty to oppose any application of the Public Funds at his command to works of the real necessity for which he is not satisfied; and, excepting as provided in paragraph 16, in every case in which he thinks that he cannot properly carry out a work called for by a duly constituted Military Authority, he should cause a reference to be made to his own superior Officers before such a work is put in hand. At the same time he will be held responsible that such references are not made unless really necessary.

No. 314.

Notification by the Board of Revenue, Lower Provinces.

WITH the sanction of the Government of Bengal the following revised and consolidated Rules for the sale of unassessed Waste Lands in the Lower Provinces of Bengal, and for the redemption of the revenue of such lands already granted for a term of years, are published for the guidance of all Officers under the Board and for general information.

The main purpose of this re-publication is the simplification of the existing Rules by the consolidation into one Code, of the Rules heretofore issued, partly by the Government of Bengal, and partly by the Board of Revenue under authority from the Government of Bengal.

But the following revisions and alterations have been introduced in the new consolidated Rules :—

In Rule 3 a provision has been introduced to enable the Board of Revenue to relax, upon sufficient cause shewn, the Rule which limits the length of road or river frontage in each grant to one-half the depth of the lot. The relaxation is intended to meet the case of allotments on the borders of very winding roads or rivers to which the old Rules could not be literally applied.

In Rule 14 (old Rule 13) the word "masonry" has been omitted, as masonry boundary pillars may often be unnecessary, and a provision has been added to enable the Collector to compel the erection of such boundary marks as he may think necessary within a fixed time. It has not been thought necessary to re-publish the old Supplementary Rule O., though it will continue in force, should any applications be made under the Resolution of the Supreme Government, dated the 17th October 1861.

Forms of Deeds for the grant of Waste Lands before survey are added to those heretofore published.

All the other additions to the Rules have been published from time to time and require no special notice here.

R. B. CHAPMAN,
Secretary.

BOARD OF REVENUE, L. P.
13*th October* 1863.

RULES FOR THE SALE OF UNASSESSED WASTE LANDS IN THE LOWER PROVINCES OF BENGAL, AND FOR THE REDEMPTION OF THE REVENUE OF SUCH LANDS ALREADY GRANTED FOR A TERM OF YEARS.

PUBLISHED BY AUTHORITY OF THE GOVERNMENT OF BENGAL.

1. All unassessed Waste Lands in which no right of proprietorship or exclusive occupancy is known to exist, or to have existed and to be capable of revival, are available for purchase under these Rules, unless specially reserved under Rule 21.

2. No greater quantity of land than three thousand acres shall be sold in one lot except with the express sanction of the Government. If, for special reasons, in particular localities, a lower maximum area than three thousand acres should be determined upon, it will be duly notified hereafter. There is no prohibition against the same person applying for two or more lots of land, provided that each application comprises no more than 3,000 acres, or such other maximum as may be prescribed.

3. Every lot shall be compact, and shall include no more than one tract of land in a ring fence; and when the land touches a public road or a navigable river the length of the road or river frontage shall not exceed one-half the depth of the lot, provided that if, for any special reason, the Board of Revenue shall see fit to relax this restriction it shall be competent to it to do so. If it should appear, from the survey or otherwise, that the application does not comply with these conditions, the Collector may call for an amended application; and, in the event of a revised application not being given in within fifteen days, the application shall be held to be cancelled and the deposit shall be returned to the applicant, less the amount of expense actually incurred for advertisement, survey, and the like. [No lot will be sold unless it has been previously surveyed and demarcated, or until it shall have been surveyed and demarcated in consequence of an application for purchase. The survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its gross area. If, on completion of the survey, it shall appear that the area of the lot applied for exceeds the prescribed maximum, the excess shall be excluded.]

Note.—The portion of this Rule within brackets and the connected provisions of Rule 8 have been temporarily suspended in the Districts of Assam, Cachar, Sylhet, and Darjeeling, the whole area remaining hypothecated for any deficiency in the price paid which may appear on the completion of survey.

4. Applications for the purchase of Waste Land shall be made to the Collector of the District, and every application shall contain the following particulars :—

1*st.*—The estimated area of the land applied for.

2*nd.*—The situation of the land and its boundaries as accurately as can be ascertained.

Applications shall immediately be entered in a Register. (Revenue Form No. 35.)

5. If the Collector be satisfied that the land applied for is available for purchase, and within the conditions prescribed in Rules 2 and 3; and if it have been previously surveyed and demarcated, he shall advertise the lot for sale on a given day at an upset price of not less than two Rupees eight annas an acre on the whole area. The advertisement shall be published in the Collector's Office, in the Court of the Principal Judicial Officer of the District, and at the Moonsiff's Court (if there be one) and Police Station within the limits of which the lands are situate. An advertisement shall also be published in the *Government Gazette* in the Form A. A sum of sixteen Rupees to cover all estimated expenses connected with advertising shall be paid by the applicant in advance at the time of application.*

* All sums received for advertisement expenses under this Rule are to be credited in account in a separate entry as "Waste Land Advertisement Expenses" under "XV., Miscellaneous;" and all expenditure for local advertisements, &c., is to be included in the Office Contingent Bill, and, when passed, debited in a separate entry with the same title under "F, IX." Local Officers will not remit the cost of advertising in the *Government Gazette* to the Printer, as arrangements have been made for paying this charge in Calcutta.

6. If the Collector be satisfied as above, and if the land have not been surveyed, he shall cause it to be surveyed and its boundaries demarcated, the estimated cost of such survey and demarcation being first deposited by the applicant. The sum to be deposited for survey, &c., will be calculated at the rate of six annas an acre for grants estimated at less than 1,000 acres in area, and at the rate of four annas for larger grants. The sums so calculated will be taken in full payment of the expense of actually surveying the lands; but the cost of clearing the boundaries, which will be estimated by the Collector, is to be deposited in addition to the survey expenses calculated as above. On the completion of the survey the advertisement of sale shall be published as above.

7. The day of sale under Section I., Act XXIII. of 1863, must not be less than three months after the issue of the notice. Collectors will on no account, except under special instructions from the Board, fix a later date than the first monthly sale day after the expiration of the third month from the issue of the notice. Sales shall be held on the 2nd of each month, or on the first day after that date on which the Collector's Office may be open, unless the Collector shall, with the sanction of the Commissioner, for special reasons, fix a later date in the month; when, for any reason, a sale is deferred from the date originally fixed in the advertisements, notice of the date to which it is deferred will be given by an advertisement at the Collector's Office. If the day to which the sale is postponed be more than fifteen days after the date originally fixed, the date to which it is deferred shall be published in the manner prescribed by Rule 5, for the original notification of the day of sale. In this case all expenses of advertisement shall be borne by the Government. The cost of survey and advertisement will be payable by the highest bidder in addition to the upset price. Immediately on the conclusion of the sale the highest bidder (if he be not the original applicant) shall deposit a sum equal to four annas an acre on the whole area of the lot. In default of immediate payment of this deposit the Collector may at once re-sell the lot. If he think it necessary he may refuse to recognize any bid which is not supported by the deposit of the amount required by this Rule. Immediately a sale is made it shall be entered in a Register (Revenue Form No. 39.)

8. If before the day of sale no claim to proprietary or occupative right in the land be preferred the lot shall be sold by auction to the highest bidder above the upset price, or to the applicant at the upset price if there be no higher bid. No claim except a claim to proprietary right in the land is one which, if well founded, will of itself operate to stay a sale. Claims of occupancy or user, if proved, may be met, and will probably, in most cases, be met by selling the land subject to condition or reservation. But if objections be taken to the sale on the ground that it will interfere with the due exercise of such alleged rights of occupancy or user, the question whether such objection ought to operate as a bar to a sale subject to condition or reservation is a question for the Collector to decide under Section IV. of the Act. Collectors, however, in deciding such questions, should take care that no unnecessary obstruction is thrown in the way of the free disposal of Waste Lands belonging to the State, and that no such objection be allowed to stop a sale unless it be clearly shewn that the interests of the objectors will be materially and injuriously affected by the transfer of the land from the Government to a private purchaser. Collectors should also endeavor to facilitate compromise between intending purchasers and objectors of this class. The Collector will be careful, at the time of selling, to make known the rights subject to which the lot is sold, and also that the Government reserve the right of using all streams and canals for public traffic, for which purpose a tow-path, twenty feet in width, will be reserved on each side of each stream and canal, as defined in the Forms of Deeds of Transfer referred to in Rule 9.

9. On payment of one-tenth of the purchase money, and of all expenses of survey, demarcation, advertisement, and sale, the purchaser shall receive a Deed signed by the Collector conveying to him the lot, in full hereditary and transferable proprietary right, free, for ever, from all demand on account of land revenue, but subject, nevertheless, to all general taxes and local rates imposed by law, and to any other claim, whether of the Government or otherwise, that may have been or may hereafter be established in any Court of competent jurisdiction. Forms of Deeds will be found in the Appendix as follows:—

Form D.—For sale of Waste Lands where the consideration is paid in full at the time.

Form E.—To be endorsed on Form D., where the grant is made before survey and the whole of the estimated purchase money is paid at once.

Form F.—To be endorsed on Form D., where the land has been surveyed before grant, but the whole purchase money is not paid at the time of sale.

Form G.—To be endorsed on Form D, where the grant is made before survey, and where the whole purchase money is not paid at once.

Form H.—For redemption of land revenue.

Form I.—To be endorsed on Form H., where the whole commutation money is not paid at once.

10. If before the day of sale a claim to proprietary or occupative right in any part of the land be preferred, the Collector shall proceed as directed in Sections II, III. and V., Act XXIII. of 1863. In Non-Regulation Districts, where the duties of Judge as well as Collector are vested in the Deputy Commissioner, it will generally be convenient that the preliminary enquiry be carried on by the Assistant Commissioner, vested with the powers of a Deputy Collector, as the Deputy Commissioner may subsequently be required to sit as a Judge in the same case in a Court constituted under Section VII.

11. Should the sale have been deferred under Section III. in consequence of an objection having been made, and should such objection be eventually over-ruled, either by an order of the Revenue Authorities which has become final under Section V., or by a decision of the Special Court, the Collector shall issue a second Notification of sale in the annexed Form B. This Notification shall be issued in the manner prescribed for the first notice by Rule 5 above at the expense of the applicant. A Form of notice C. is annexed, intimating to a claimant or objector, as required by Section V. of the Act, that his claim or objection has been rejected by the Collector.

12. If the Collector shall consider the claim or objection to be established, and that the sale or other disposition of land should not take place, he shall stop the sale or other disposition of land as directed in Section IV. of the Act. If the application for purchase of the land be rejected, the amount deposited as cost of survey will be forfeited.

13. If the land be purchased by any person other than the applicant the estimated cost of survey deposited by the applicant shall be returned to him.

14. On being put in possession of the lot the purchaser shall be bound to erect as many substantial permanent boundary marks in such a manner and within such given time as the Collector may think necessary. If the purchaser neglect to do so, the Collector may have it done and recover the cost by sale of the lot under the Rules in force at the time being for the sale of estates on account of arrears of revenue due from other estates.

15. The purchaser may, if he choose, pay the whole of the purchase money when the lot is sold or the Deed delivered to him. Or, if he choose, he may pay a portion, not being less than ten per cent at the time of sale, and the remainder in instalments at any future time, not being more than ten years from the date of sale. In the latter case simple interest, at the rate of 10 per cent a year, will be charged on the unpaid portion of the purchase money; and the whole lot will remain hypothecated as security for the full discharge of the amount, including principal and interest, and be liable to sale by order of the Collector if the said amount be not paid within the stipulated period.

The interest due for any year or part of a year under this Rule shall be payable on or before the 15th of May, and if the amount be not paid on that date the Collector may realize the amount by sale of the lot under the Rules in force at the time being for the sale of estates on account of arrears of revenue due from other estates. Any balance of the purchase money which may not have been paid up before the 15th of May of the tenth year following that of the sale may be realized in the same manner as an arrear of interest outstanding on that date. The proceeds of the sale shall be applied, in the first instance, to the payment of the costs of sale, and to the satisfaction of the demand of Government. The surplus shall be payable to the late registered proprietor, or proprietors, on their joint receipt.

16. If the purchaser fails to pay one-tenth of the purchase money and all other expenses within three months from the day of sale the lot will be put up to sale again on the same conditions as before and sold at the risk of the first purchaser, whose deposit will also be forfeited.

17. The upset price will be calculated on the whole area of the lot without any deduction on any account whatever. Ordinarily the upset price will be two rupees eight annas an acre, but, in special cases, the Collector, with the sanction of the Commissioner, may put a higher upset price on any lot, provided that the upset price of available Waste Lands shall in no case exceed ten rupees an acre.

Where the Collector is of opinion that for special reasons a higher upset price than Rs. 2-8 an acre should be put upon the lot, he will, as soon as the application is made, submit a Report for the orders of the Commissioner. From Darjeeling such Reports will be made to the Board. In considering the upset price to be fixed Collectors will not overlook the value of the trees on the land applied for.

18. If it should, at any time, be found that the same land has been included in more than one lot, it shall be held to belong to the lot first sold, and all subsequent sales shall, as regards such land, become null and void. In the event of any dispute regarding the boundary of two or more adjoining lots the Collector may, on the application of any one of the parties, re-adjust the boundaries of the lots, and his decision shall be final. The price paid by any subsequent purchaser for land thus excluded from his lot will be refunded to him with simple interest at 10 per cent.

The sum to be refunded will be calculated on the average price paid per acre, excluding the cost of survey and advertisement.

19. All grants of Waste Land already made for a term of years under previously existing Rules in which no right of occupancy or proprietorship exists, except that of the grantee or that derived from him, will be treated for the purposes of this Rule as if the land were permanently settled; and the grantees or the representatives may redeem the future land revenue of such grants, or of any compact part of them, in perpetuity, for an amount equal to the present value of all future stipulated annual payments calculated at 5 per cent. interest, provided the said amount is not less than two rupees eight annas an acre on the whole area of which the revenue is redeemed. Tables for use in commuting existing Sunderbuns, Assam, and Cachar Grants to rent-free tenures will be found in the Appendix marked (K). The grants are treated as if they were permanently settled at the highest specified annual rate payable under the stipulations of the lease under which they are given, *viz*, in the Sunderbuns at 2 annas a beegha, and in Assam and Cachar at 6 annas an acre. The Tables shew the actual sum payable in any year of the currency of a grant in order to redeem all future payments and to convert the grant into an absolutely rent-free tenure The sum payable will be the same, whether the commutation be made early or late in any given year of the currency of a lease, that is, asuming a lease to have been given on the 1st of March, the amount payable for redemption will be the same, whether the commutation be made on the 1st of March of any given year or on the 28th of February of the following year, or at any intermediate date. It will be at the option of grantees to pay the full amount due on the commutation at once, or in instalments under the conditions given in Rule 15. The permission to redeem accorded by these Rules does not in any way affect the obligation of the grantees to fulfil, up to the date of commutation, the conditions on which grants of land in the Sunderbuns, or in Assam and Cachar, have been made under the old Rules. Before a grantee can establish a right to redeem future payments of revenue of the whole or any part of his grant he is bound to shew that he has complied with the conditions on which the grant was made by having cleared the required proportion of the lands comprised in it. Local Officers are therefore not authorized to allow commutations, except in cases in which it has been ascertained that the full area required had been cleared up to the period when the lot was last subject to inspection under the terms of the lease. The Board are, however, vested with a discretion to shew consideration to grantees

who may have been prevented from clearing their lots by circumstances beyond their control, or by difficulties which could not have been foreseen; and they will be prepared, on the Reports of local Officers, to waive the strict fulfilment of the conditions of the grant where the circumstances are such as would have induced them, under the old Rules, to abstain from enforcing the penalty either by total or by partial resumption.

20. All sales of Waste Land and all redemptions made under these Rules in each Division will be reported immediately to the Board of Revenue in the form of an extract from Register No. 39 (Revenue Registers), but no sale of Waste Lands once made by a Collector in conformity with these Rules will be disturbed by any higher Executive Authority.

21. Reserves of grazing and forest land, of land for the growth of firewood near towns and stations, of building sites, parks, recreation grounds, and the like, and of land required for other special purposes are not to be sold under these Rules without the express sanction of the Government. Lists of some of these lands have been published in the *Gazette*.

Until the list of lands to be reserved in a District be published the Collector will reserve *all* forest lands, that is, lands on which valuable timber is growing.

22. In Darjeeling and Cachar the Superintendents in Assam, Chota Nagpore, and the Sontal Pergunnahs, the Deputy Commissioners, and in the Sunderbuns, the Commissioner will perform the duties of Collectors under these Rules.

23. Waste Lands shall not be granted, and the redemption of land revenue as shewn upon such lands already granted shall not be permitted, except in accordance with these Rules.

BOARD OF REVENUE;
Fort William,
The 16th October 1863.

Notice.

No. 3817, Extract from Proceedings of Government, Financial Department, dated 18th August 1863.

IN conformity with recent orders of Government payment will not be required in future for Maps issued from the Surveyor-General's Office *bonâ fide* on the Public Service.

Applicants are requested to be good enough to specify, in their requisitions for Maps, whether they are wanted on service, or for private use. In the latter case, the cost of all Maps supplied will have to be paid for. Should the application for Maps not contain the above called for information, the issue of Maps will be considered a private one, and payment be demanded accordingly.

Notice

Is hereby given that, under orders of the Board of Revenue, dated 12th of January 1863, the Khas Forests of Cachar, containing Caoutchoue trees, and bounded on the East by Munipoor; West by Sylhet; North by the District of North Cachar, and South by Independent Tipperah, will be leased to the highest bidder on the 14th day of October 1863 in the Superintendent's Court.

The terms of this Lease will be as follows:—

1. This Lease will extend only to such lands within the boundaries as are not settled by private individuals for the purpose of cultivation.

2. This Lease will be for the exclusive privilege of collecting Caoutchoue within these Forests for a period of one year from the 1st of November 1863, and for which the sum of Rupees (as bid) will be paid.

3. This Lease will not interfere with the existing rights of the Public to cut timber (other than Caoutchoue trees) or grass or bamboos, or to collect and gather any other products of the Forests, such as bees' wax, dammia, &c., nor will it interfere with the Government right of Elephant catching.

4. With a view to prevent the waste or permanent injury of the Caoutchoue trees by overtapping or otherwise the lessees will have to limit the period for collecting the gum to the interval from 1st November to 30th April.

5. And to provide for the loss of trees by injuries which may be done to them by parties collecting the gum the lessees will have to bind themselves to plant 400 Caoutchoue trees in the Forests, 200 to the North, and 200 to the South, of the River Burak.

6. Should the lessees, or their respresentatives, fail to fulfil the above engagements, or any of them, the Lease will be resumed; but previous to the resumption a formal notice will be served on the lessees requiring them to shew cause to the contrary. Failing good cause shewn the resumption will be embodied in a formal proceeding and duly recorded, the lessee forfeiting the amount paid for the whole year.

Commissariat Notice.

No. 101.

The undersigned invites Tenders for the supply, at Fort William, of unslaked Stone or Shell Lime, to be delivered daily to the Garrison Quarter Master.

The daily consumption would be about ¾ of a maund.

The Lime would be subject to the approval of the Receiving Officer.

Other Lime than that just kiln burned, and evolving considerable heat upon the application of moisture, would be rejected.

Tenders for the required supply will be received up to 2 o'clock of the 31st instant.

The undersigned would enter upon a liberal engagement for a period of several months with any one having a kiln in the vicinity of Calcutta, and who could ensure the supply of unslaked Lime.

W. Briggs, *Captain*,

Offg. Dy. Asst. Comy. Genl.

Bank of Bombay.

At a Special General Meeting of the Proprietors of the Bank, held, under Section XL of Act X. of 1863, *on Monday, the 21st September, at* 11 *o'clock in the forenoon.*

Present:—George Foggo, Esq.
Cowasjee Jehangier, Esq.
George Inverarity, Esq.
Limjee Manockjee, Esq.
Hon'ble Michael H. Scott, Esq.
Major Haggard.
Cursetjee Pallonjee Powalla, Esq.
F. F. Lidderdale, Esq.
Gavin Steel, Esq.
Cursetjee Hormusjee Chinoy, Esq.
Jehangier Hormusjee Chinoy, Esq.

It was proposed by Cowasjee Jehangier, Esq., seconded by Hon'ble Michael H. Scott, and carried unanimously, that George Foggo, Esq., do take the Chair.

The Secretary having read the Notice as published in the *Government Gazette* and Newspapers calling the Meeting, also the Section of the Bank Charter under which it was convened.

It was proposed by Cowasjee Jehangier, Esq., seconded by Limjee Manockjee, Esq., and carried unanimously—

That the Capital of the Bank be increased by the issue of Five thousand two hundred and twenty-five new Shares of Rupees one thousand each.

The Chairman then informed the Meeting that, in accordance with the powers vested in the Directors by Section V. of Act X. of 1863, they have determined to raise the new Capital by issuing new Shares in the following manner:—

That the new Shares be offered to the Proprietors at par; and that each Proprietor be entitled to take up one new Share for every old Share he holds at the close of business on the 31st December 1863, and that the Transfer Books be closed from that date until the 14th January 1864 inclusive.

That payment in full in one sum on account of each new Share shall be made on or before the 14th January 1864.

That any Proprietor failing to pay for the new Shares on or before the 14th January 1864 shall be charged interest thereon at the rate of 12 per cent. per annum from the 14th January 1864 until the 14th February 1864, and that all new Shares not so paid up on 14th February 1864 shall be considered forfeited and disposed of at the discretion of the Directors.

That the holders of the new Shares shall be entitled to dividend from 1st January 1864.

It was then proposed by F. F. Lidderdale, Esq., seconded by Major Haggard, and carried unanimously that the course of action determined on by the Directors be approved by this Meeting.

Proposed by Cursetjee Pallonjee Powalla, Esq., seconded by Cursetjee Hormusjee Chinoy, Esq., that a copy of these Proceedings be sent to each Shareholder and that they be also advertized.

Proposed by Cowasjee Jehangier, Esq., and seconded by Limjee Manockjee, Esq., that the thanks of the Meeting be offered to the Chairman for his conduct in the Chair.

The Meeting then dissolved.

Silk-worms.

From A. P. Howell, Esq., Officiating Under-Secretary to the Government of the North-Western Provinces, to E. C. Bayley, Esq., Secretary to the Government of India, Home Department,—(No. 3104A., dated Nynee Tal, the 12th September 1863.)

At the request of Captain Hutton I am directed to forward, for the information of the Hon'ble the President in Council, the accompanying Report on Silk-worms by that Officer, as also a copy of the Orders of this Government, No. 2818A., dated the 7th August last issued thereon.

REMARKS

On the best method of restoring the Silk-worm to health.

The panic which for the last few years has prevailed both in France and Italy, and even in some other Silk-growing countries with regard to the diseased condition of the species known and extensively cultivated under the name of *Bombyx Mori*, led me in 1859 to devote myself to the task of endeavoring to discover some means of restoring the insect to health and vigor, and thus to avert the impending ruin of thousands whose livelihood entirely depended upon the existence of the worm.

In the prosecution of such a task the assistance of a Government alive to the great advantages which must accrue both to our own country and to our Continental neighbours from carrying out the experiment to a successful issue would be well and philanthropically bestowed, entitling it to the gratitude of the vast numbers whose daily bread seems to be actually on the point of passing from them in the threatened annihilation of the worm.

With the view, then, of enlisting the sympathy of Government in the cause of humanity, I now venture to submit the Report of my proceedings for the consideration of His Excellency the Viceroy and Governor General of India.

Of all the groups comprised within the family of the *Bombycidæ* or Silk-spinners that in which the genus *Bombyx* is contained is, perhaps, in a Commercial point of view, the most interesting and the most valuable to mankind.

This genus contains, besides a few wild indigenous species scattered over the country, all those long domesticated species so well known as "*Silk-worms*," which were centuries ago imported into Europe from China, where they had likewise for several centuries previously been under cultivation

Having, however, in a Pamphlet* published some months since by the Agricultural and Horticultural Society of India entered somewhat fully into the history of the Chinese species, I need not here travel over the same ground, but shall content myself with calling attention to facts not previously noticed, and endeavor, after exposing the folly of insisting, as some still obstinately do, upon the healthy and vigorous constitution of the worms, to shew by how very simple a method the insects may be made to *revert* from their present artificial and moribund condition *to one of true vigor and permanent natural health.*

* A copy of which has been forwarded.

This, however, is not to be achieved by searching in other countries for a less degenerated stock wherewith to cross the worn-out worms of Europe,—nor will any permanent good result from administering medicines in different phases of disease as has lately been done in France. The worms of every country under heaven are all equally bad as regards the loss of constitution, and nothing but a radical change and reversion of the worm to its pristine condition and colors will avail to avert the calamity now impending over France and Italy. Medicines may temporarily check some particular form of malady, but nothing permanently advantageous can be effected until the constitution, by regaining strength, shall be enabled itself to cast off the many forms of sickness to which it is now subject.

Sickly condition of the worm.

This group naturally divides itself into two sections,—the first comprising all the domesticated Chinese species, of which there are several, and all of a pale creamy white color, armed only with a single fleshy sharp-pointed spine on the centre of the penultimate segment; and the other containing the wild indigenous species which are not only richly variegated with a number of colors, such as ash, rufous, livid green, yellow, and black, but are likewise remarkable for being furnished with six longitudinal rows of fleshy or semi-horny spines all strongly curving backwards, besides one long one on the dorsal centre of the penultimate segment and placed between the two dorsal lines.

Description of worms.

Of these latter one feeds on the wild mulberry tree of the Western Himalaya yielding a first rate Silk, which, however, cannot be turned to much account from the intractable nature of the worm, which can only be reared on the trees in the open air: this is the *Bombyx Huttoni* of Westwood, discovered by me in 1837 at Simla, and which the Government in 1858 commissioned me to endeavor to reclaim, but without a prospect of success.

Wild species.

A second species is found in Assam, where it feeds on the *Ficus religiosa*, or Peepul tree, and is known as *Bombyx religiosæ* of Helfer.

A third species occurs in Bengal on the *Artocarpus lacoocha*, and is the *Bombyx Bengalensis* (nobis).

At Singapore and its neighhourhood a fourth species occurs, and constitutes the *Bombyx subnotata* of Walker, though nothing more seems to be known regarding it.

These two sections, then, as now known, although so closely allied as to interbreed, are remarkable for the presence in all the wild and healthy species, of vivid coloring, and several rows of spines in the larva state, while in the domesticated Chinese species both coloring and spines are as constantly wanting. This amazing difference between the wild and the domesticated species of the same genus was well calculated to attract a Naturalist's attention, and laid the foundation of my subsequent inquiries and experiments. I shall presently take occasion to shew that this difference arises from disease in the Chinese stock, which is not now, and never has been, seen in Europe in its original condition, and that in point of coloring, when partially reverted to a state of nature, the worms shew a great and very marked approach to the wild species of India.

Remarkable differences.

As regards the history of the worm it is generally admitted that the family of Noah remained together for about three hundred years after the Flood, residing on the Armenian plateaus, and that then a branch of the family of Shem, under their Patriarch and leader, Fohi, travelled eastward and finally settled in China B. C. 2953.

History of the worm.

About three hundred years after their settlement there the discovery of the Silk-worm was made, that is to say, in B. C. 2640, and the means of reeling or unwinding the fibre from the cocoon being also discovered joy spread throughout the Empire, and the regular domestication and culture of the insect commenced.

Whether the species then discovered was in reality that to which the name of *Bombyx Mori* has since been applied, or whether the discovery of more than one species then occurred, we have apparently no means of positively determining,—neither, indeed, does it much signify, since for the present it is with the species known and cultivated in Europe that we have to deal; but from a paragraph quoted by Mr. F. Moore from the "Account of the Ceremonies of the China Dynasty," it would appear as if more than one species was under cultivation at the time when the "Account" was written, inasmuch as it contains an allusion to a second crop of Silk when it says—"The Officer who adjusted the prize of horses forbad the people to rear a second breed of Silk-worms in one season." Now the *Bombyx Mori*, unless long continued cultivation has changed its habits, cannot be the species here alluded to, since, whether in China, Cashmere, or Europe, it yields annually but one crop of Silk in the spring; but the species known as an annual in Bengal under the name of '*Boro-pooloo*' (or large cocoon) and which I find to be an annual also in Europe, actually yields two crops when cultivated in a particular temperature at Mussoorie.

This species is the *Bombyx textor* (nobis) and yields a pure white Silk. Nevertheless, as all the other accounts as quoted by Mr. Moore in his "Synopsis" lead to the conclusion that one spring crop only was produced by the worm originally cultivated in China, it will be well to allow the annual species cultivated in Europe as *Bombyx Mori* to retain that distinctive title.

From the year B. C. 2640 until 550 of the Christian era the cultivation of the worm appears to have been entirely confined to China, when in the latter year, through the laudable zeal of Missionary Monks, the eggs were conveyed into Europe and presented to the Emperor Justinian.

Cultivation confined to China.

Thus, for a period of no less than 3,190 years, the cultivation of the worm had remained exclusively in Chinese hands. Where, then, the wonder if the constitution of the insect which had during all that time been gradually undermined by imperfect feeding, close and tainted atmosphere, and various other causes, until at length when imported into the West, it no longer retained its natural vigour, health, and original appearance, but had become degenerated and debilitated by a long course of interbreeding, and rendered liable to a multitude of ailments and infirmities?

Loss of constitution how brought about.

From the time of its introduction into Europe the treatment it has experienced has been nearly the same as that pursued in China, so that for a period of no less than 4,503 years the worm has had to contend against all those unnatural and purely artificial influences arising from a state of domestication, which we erroneously term cultivation,—without one single renewal or re-infusion of the original and natural stock from which the race has descended.

One would almost be tempted to think that the object of cultivators had actually been the destruction of the insect, for in what other department would breeders have so long neglected to infuse new blood into their domestic stock? It is not a well established fact that whether among animals or plants, when kept under domestication, an occasional re-infusion of the original seed or blood is

found to be absolutely necessary for the preservation of health, and of that particular standard of perfection which it is thought advisable to maintain? And yet in the so-called cultivation of *Bombyx Mori* this necessary precaution has been neglected for 4,503 years!

What wonder, then, I again demand, that, under the combined effects of artificial and bad feeding, want of light and free ventilation, together with the constant and unvarying interbreeding of a debilitated and well nigh exhausted stock, the insect should have become subject to a multitude of maladies, the loss of its constitution, and threatened at no distant period to become extinct? The wonder rather is that it has continued to live so long, and to yield such good returns under such a constant struggle against adverse circumstances, for it seems quite evident, since Naturalists have never recorded the colors of the worm to be otherwise than creamy or ashy-white, that even so long ago as the time of the Emperor Justinian *the true color of the worm had already been obliterated by the centuries of mismanagement* to which the Chinese had subjected it. Under no other supposition does it appear possible to account for the error committed by Naturalists in regard to the specific characteristics of the worm, and consequently the whiteness both of the larva and of the moths is to be regarded solely as a positive and undeniable proof of the total loss of constitution; and the species in its natural colors has yet to be described. With such a fact before us it becomes the height of absurdity to contend, as some do, that the worm is quite healthy and free from disease. I shall probably be told by those who, knowing little on the subject, and whose private interest it may be to extol the worm, have systematically set their faces against my views, that learned and experienced men have frequently been sent from Italy and France in order to collect fresh seed (as it is called) for the purpose of renovating the stock in Europe by the re-infusion of a healthier and more vigorous constitution from the worms of India and China.

The Silk-worm unknown to Naturalists in its true colors.

Such an assertion, to a certain extent, would no doubt be true, since it cannot be denied that a search for healthier stock has often been made, although I confidently assert that it never has been, and never will be, found, and that solely from the well known fact that whether in Europe, Persia, India, or China, the stock of each country is all equally degenerated, or, if indeed there be any difference yet perceptible, it is altogether in favor of the better cultivated European race, as shewn in the fact that while in France 2,500 dried cocoons will produce one pound of silk,—in India, and indeed I may say, throughout Asia, at least 5,000 are required to yield the same amount. Here, then, is at once a difference of 50 per cent. in the yield!

The stock of every country equally deteriorated.

Had a search been instituted in China for the wild worm in its original state great benefit would doubtless have ensued from its discovery; but if we reflect that the worm, even in its native country, has, like that of Europe, been immemorially of a pale color, a Chinaman on being asked for the original wild stock would at once acknowledge that he knew the worm under no other condition and aspect than that in which for so many centuries it had been cultivated by his forefathers, and the idea of its having probably changed its color under domestication would never enter the head either of the Chinaman or of his interrogators.

Seeing, then, that the Eastern is infinitely inferior to the European stock the crossing with seed selected either in India or in China would only be adding fuel to the fire of disease which already threatens such disastrous consequences.

Those who have had experience in the rearing of the Silk-worm must have perceived the occasional occurrence among the brood of one or more dark grey or brindled worms contrasting in their colors strongly and curiously with the pale sickly hue of the others. To my enquiries on this point cultivators have replied that these dark worms are invariably the strongest and yield the best cocoon, which is precisely what might have been expected, supposing my views to be correct.

Nature endeavoring to revert.

My attention having been arrested by this circumstance it at once occurred to me to endeavor, by experiments, to ascertain the cause,—my conviction being either that a cross had been effected which Nature was endeavoring to break, or that the species had originally been of a dark color, and that now Nature, as she always does, was making a last strong effort to *revert* and restore the species to its starting point.

Acting upon this idea I at once determined to assist Nature by giving her fair play; and consequently picking out all the dark colored worms, I reared them separately, allowing the moths to couple only *inter se*, and the same course was pursued with the white ones.

Experiments instituted.

In the following year of 1860 the one batch of eggs produced nearly all blackish brindled worms, while the other produced white ones sparingly interspersed as before with an occasional dark one. These latter were removed into the dark batch, which was at the same time weeded of its pale worms. Unfortunately just as the eggs of the second year had been deposited and collected a violent gale of wind suddenly and unexpectedly upset the whole and irretrievably scattered them abroad.

I had, however, seen enough to convince me that the worm might be restored to a state of health by continuing this system for a few years, and consequently, in the spring of 1862, I recommenced,—the result of the experiment thus far being as follows:—

The eggs with which I re-commenced were procured from Mr. Cope, of Umritsur, who assured me they had just arrived direct from Cashmere.

On their arrival at Mussoorie I submitted them to the microscope, which at once proclaimed them to be ill-formed, discolored, and diseased.

Diseased eggs.

This, as usual, Mr. Cope would not admit; nevertheless it was a fact, and as the worms proceeded towards maturity various phases of disease became apparent, the worst from attacking them just previous to their spinning the cocoons, when the worms had all the appearance of having been sprinkled from a pen *with ink*. Nevertheless the cocoons were formed, although, as might have been expected, they were thin, papery, and deficient in Silk As cocoons, indeed, they were perfect trash; but as I had a point to ascertain I despatched some of them to Mr. C. S. Turnbull, of Gutthal,

an experienced Superintendent of Silk Filatures, who had likewise reeled for Mr. Cope, of Umritsur, and Colonel Clark, of Oudh, the result being that my worthless cocoons still yielded a silk not one whit inferior in quality to that produced by the inordinately belauded cocoons of the above gentlemen; and indeed, although Mr. Cope, *in epistola*, pronounced Colonel Clark's cocoons to be *"the finest he had seen in India,"* it was declared by Mr. Turnbull that they had deteriorated 56 per cent. below the Cashmere standard furnished by Mr. Cope himself; and as that standard is itself about 50 per cent. below that of France and Italy, we may safely put down the best Indian cocoons of *Bombyx Mori* as being 75 per cent. worse than they ought to be. And yet I am required to believe that the worm is not diseased! What, then, in such case is the meaning of the outcry and panic in France and Italy?

It is to be remembered, however, that all my sickly worms were of the white variety, and that the few dark worms picked out from them escaped disease altogether, although reared in the same manner, in the same room, on the same kind of food, and in close contiguity with the other.

These dark ones in due time spun cocoons and produced moths, which coupling *inter se* deposited a fair stock of eggs wherewith the experiment was again carried on in 1863.

Dark worms a sign of health.

I would here observe that it is well known that the more numerous are these dark worms among the general batch the healthier is the brood considered, and *vice versâ*. Now the eggs furnished by Mr. Cope in the spring of 1862 produced very few dark worms, while the eggs from the dark worms produced in 1863 yielded proportionally an undue number of white worms, which had to be weeded out, and proving at the same time the weakness of constitution of the worms upon which I was experimenting.

Again in 1862 the eggs received from Mr. Cope were all loose and detached from the paper, —a sure sign of disease; those deposited from them in May 1862 were in like manner loose, and would not adhere either to paper or cloth: this is characteristic of the species, whether in India or in Europe, and proceeds from disease in the glands attached to the ovipositor, and which do not secrete the gum necessary to attach the egg. A few will, of course, always be found to adhere at first, but so slightly that the least touch causes them to fall.

Progress of experiment.

In the spring of 1863 the eggs obtained in the previous year from the dark stock began to hatch on the 16th of March, and no sign of disease was apparent among them until the moths came forth from the cocoons, when many of this still shewed defects in the malformation and dark spotting of the wings. Compared, however, with the previous year there was decided improvement: the worms shewed no disease, and none died; they attained to a larger size by a quarter of an inch;

Results.

they produced in consequence larger cocoons, and the moths, although still shewing the presence of disease, laid good sized eggs, great numbers of which adhere firmly to the paper on which they were deposited, and indeed I have now before me a sheet of paper thickly covered with them, a thing which, although I have paid attention to this subject for the last three and twenty years, I never either saw or heard of. The eggs of other species will adhere; but to find those of *Bombyx Mori* doing so is truly a novelty which betokens decided progress towards a healthier condition.

Returning health

There is likewise another indication of returning strength to be seen in the fact that, while ordinarily the male moths are so sluggish as to make no attempt to fly, many of those produced from my black stock will leave the tray and fly off to seek the females at the other side of the room. This is one of the characteristics of the wild moth of *Bombyx Huttoni*, which flies off for long distances "when on amorous thoughts intent!"

That the dark color is the natural one is shewn in great measure by the strong similarity in the disposition and nature of the markings to the wild races, while the moths also, instead of remaining so purely white in wings and body, assume a dark ashy brown color in body, which is likewise diffused over a great portion of the wings as in the wild Himalayan species.

Dark color the natural one.

Here, then, are my proofs that the original color of the worm was dark, and that the sickly hue which it has long since assumed is entirely owing to debilitated constitution. Nor is there here much room for wonder when we reflect how often among our other domesticated stock the original color fades away to give place to pie-bald and finally to white. Need I do more than call attention to our domestic Rabbits, our Pigeons, domestic Fowls, Turkeys, Ducks, Geese, and Guinea Fowls, in proof that the more the white color prevails the further do the species recede from their natural characteristics, and the weaker becomes the constitution? Even our cage birds exhibit this same tendency to lose their original colors, and become paler and paler until many eventually turn altogether white.

Other species there are both in Europe and in India which require like care in order to restore them to their pristine state; but the *Bombyx Mori* being the most important of all I will not now tire His Excellency the Viceroy with further details, but await the decision of His Lordship after a consideration of so important a subject.

(Sd.) THOMAS HUTTON, *Capt.*,
F. G. S.

From R. SIMSON, Esq., Secretary to the Government of the North-Western Provinces, to CAPTAIN THOMAS HUTTON, Mussoorie.—(No. 2818A., dated Nynee Tal, the 7th August 1863.)

I AM directed to acknowledge the receipt of your letter dated the 21st ultimo, with which you submit a Report upon your experiments in rearing the Chinese Silk-worm, and request some assistance on the part of Government to enable you to carry out the measures you propose for the improvement of the breed.

2. In reply I am desired to inform you that for some time past this Government has had it in contemplation to establish agricultural exhibitions in these Provinces, to include all specimens of raw produce; and His Honor the Lieutenant-Governor is of opinion that the most appropriate way in which encouragement can be given to the desirable object you have in view is to fix a high premium

upon any process or manufacture which shews any improvement over the result ordinarily obtainable. It is not, however, I am to remark, the province or the intention of Government to enter the field, directly or indirectly, as a competitor.

3. The Lieutenant-Governor has perused your Report with interest; but, taking into consideration the magnitude of the interests at stake, and the fact that experiments on the largest scale in the breeding and cross-breeding of the worms, and in the management of their food and produce have of late years been scientifically carried out in Europe, His Honor is disposed to think that either your experiments have been anticipated, or that they do not at this stage call for any unusual action on the part of Government.

Government of Bengal.

Agricultural Exhibition.

From G. F. Cockburn, Esq., Commissioner of the Patna Division, to the Secretary to the Government of Bengal,—(No. 313, dated the 14th September 1863.)

Referring to my letter No. 271, dated 20th ultimo, I have the honor to submit as follows in regard to the Proceedings of the several Local Committees of Patna Division to forward the objects of the Agricultural Show.

2. *Sarun.*—The Collector of Sarun has reported the nomination of Dr. Jackson as Secretary to the Committee, and Dr. Jackson reports that only one Meeting had been held and the following Resolutions passed:—

"That copies of the English Prize List be sent to the chief European Residents and Planters in the District, and that their hearty co-operation be invited.

"That an application for 100 Vernacular copies of the Prize List be forthwith forwarded to the Calcutta Central Committee.

"That, on receipt, these Vernacular Lists one be forwarded to the principal Cutcherries and to the Sub-Division of Sewan to be posted there, one each to certain Native gentlemen."

3. These Resolutions have, it appears, been carried out, the Notifications having arrived about the 20th ultimo, and I trust that success will result from their distribution.

4. *Chumparun.*—From Chumparun no further information has been received; the Collector's attention to the matter will be called.

5. *Tirhoot.*—In Tirhoot a Public Meeting was held on 20th ultimo and Prizes amounting to Rupees 1,700 were offered by various parties as specially reported to the Honorary Secretary, Calcutta, who has advertised them.

6. A Meeting of the Committee was also held on 10th instant, when the following Resolutions were passed:—

"Proposed by Moulvie Imdad Ally Khan that a Prize List and other Rules relative to the Agricultural Show be sent to each leading Zemindar in the District, with request that he will explain to all the people in his Zemindaree the object of the Exhibition, and to collect for exhibition before the Local Committee at Mozufferpore on the 1st December and 2nd January the live stock, produce, &c., which it may be proposed to send down.

"Resolved that proposal be carried out. Secretary to apply for Native and English Lists of Government Notification dated 24th March 1863, and Prize Lists in Native and English.

"That on their arrival the Native papers be forwarded to Moulvie Imdad Ally Khan for circulation.

"That each Member of the Committee be requested to forward the objects of the Exhibition.

"That Mr. C. T. Metcalfe be appointed a Member and Secretary to the Committee."

7. *Shahabad.*—The Collector of Shahabad has furnished the following information:—

"Our first Meeting was held on the 5th August, when Mr. F. Tucker, Civil and Sessions Judge, and Mr. J. McNamara, District Engineer, Local Roads, were elected, the one President, and the other Secretary, to the Committee. The principal Resolutions of the Meeting were to invite the aid and co-operation of the Maharajah of Doomraon and other influential persons in the District. Accordingly letters in the Vernacular explanatory of the objects of the Exhibition, *vide* Government letter No. of , were circulated to them.

"To record how the Committee had been hampered in their efforts to advertise the object of the Exhibition by the non-receipt of the long-promised Vernacular Prize Lists.

"To appoint Sub Committees who would devote their special attention to distinct objects of the Exhibition.

"That the Committee meet every Wednesday. That every opportunity be taken to secure intercommunication between the Local Committee of this and other Districts.

"Agreeably to the Resolution of Wednesday last the second weekly Meeting was held on the 12th August 1863, seven Members being present.

"The Meeting opened with an address in the Vernacular explanatory of the object of the Exhibition. It was intended principally for the Native gentlemen present, to some of whom the subject was quite new.

"The principal Resolutions were—

"That the Mofussil Members of the Local Committee be requested to forward weekly Progress Reports of their operations to the Secretary, and be informed that in return Report of what had been done by the Local Committee at Arrah would be forwarded to them.

"That in consequence of the great delay in receipt of the printed Lists 50 to 100 manuscript copies of a modified translation of the Prospectus of the Exhibition, as published in the *Government Gazette* of the 25th March last, be prepared for circulation in the District. Much help was expected from the circulation of 300 copies (sixty of which were for Shahabad) of an Article in the *Etawah Gazette* explanatory of the objects of the Exhibition.

"Read a Statement addressed to the Commissioner, detailing what had been done up to date in reference to the Agricultural Exhibition. Resolved to forward it.

"The third weekly Meeting was held on the 19th August 1863, seven Members being present.

"The Proceedings of the last Meeting were read. The modified translations alluded to in the 2nd Resolution of last Wednesday had been prepared. Some gentlemen, European and Native, were invited to join the Committee.

"Record was made of the great inconvenience resulting from the non-receipt of the Vernacular Prize Lists they had been repeatedly applied for. Resolved that they be again written for.

"As a practical step in the cause of the Exhibition Mr. Grey pointed out a valuable oil seed *Chiraonjee* (believed to be peculiar to Shahabad) that was grown on the Rhotas Hills; and it was resolved that one of the Members, Chowdry Liakut Hossein, be requested to collect some twenty-five specimens of oil and other seeds in which the above should be included.

"In the same manner Mr. Bingham was to be requested to collect the best specimens of Chynepore and Rhotas rice, &c.

"The fourth weekly Meeting was held on the 26th August, six Members being present.

"It was notified that Persian and colloquial Letters and Notices explaining the object of the Exhibition had been circulated throughout the District; that twenty-five English and some Vernacular Prize Lists had been received from the Secretary, Central Committee, Calcutta, all of which had been judiciously circulated; and that a further supply of fifty copies of the Lists had been written for.

"Chowdry Liakut Hossein laid before the Committee eleven specimens of oil and other seeds, including the *Chiraonjee* spoken of at the last Meeting.

"After some minor Resolutions it was moved by the President to hold an open air Meeting on a date to be specified afterwards, to invite to it all persons desirous of becoming competitors at the proposed Exhibition.

"It was resolved to address letters on the subject to the principal Zemindars of the District, requesting their co-operation towards inducing cultivators and others to bring in the best specimens produced at the open air Meeting."

8. *Behar.*—The Collector of Behar reports "that the Committee held a Meeting on the 15th August, and have written to the principal Zemindars of this District calling their attention to the object of the Exhibition, as detailed in the first page of the Notification appended to the Prize List, and sent them respectively Vernacular copies of the same, requesting them that they will make the wish of the Lieutenant-Governor extensively known in the neighbourhood, and give notice that cattle sent down by any party will be

returned to him, unless he wishes them to be sold and the price paid to him.

"The attention of some of the superior Zemindars has been further directed to the Prize List, and the amount of Prizes they would propose to advertise for any particular article."

9. *Patna.*—From Patna no further information has been received, but the Committee is doing what it can.

10. On the whole the Local Committees, excepting Chumparun, appear to be exerting themselves, but the non-receipt of printed copies in Oordoo of the Prize Lists, &c., is generally complained of.

11. A copy of this will be sent for information of Honorary Secretary, Calcutta.

Government of Bengal.

Agricultural Exhibition.

From R. N. Shore, Esq., Commissioner of the Cuttack Division, to the Secretary to the Government of Bengal,—(No. 375, dated the 22nd September 1863.)

I have the honor to submit a Report on the Proceedings of the Local Committees of this Division in connection with the Agricultural Exhibition of January 1864 during the months of July and August.

2. No Meetings were held in July at Cuttack. At Pooree a Meeting was held on the 31st July, at which Messrs. Barlow and Durant and Deputy Collector Baboo Nursingh Churn Doss were present. This being the first Meeting of the Committee all that could be done was to pass Resolutions engaging the Members to do their utmost to make the objects of the Exhibition generally known, and to interest the principal people of the District in its success. It was noted that the following articles were those most likely to obtain favorable notice:—

Bulls.
Cows.
Draught Bullocks.
Rice.
Kulai and Moong (Pulses).
Cocoanut.
Sugarcane.

The 1st September was appointed for the next Meeting.

3. A Meeting of the Cuttack Committee was held on the 24th August, at which the gentlemen named in the margin were present. Resolutions were passed, regulating the distribution of translations of the Notice and Prize Lists both among the Zemindars of the District and the Tributary Chiefs. The following articles were noted as most deserving of being exhibited:—

R. N. Shore, Esq., *President.*
W. J. Money, Esq.
T. W. Armstrong, Esq.
Baboo Juggomohun Roy.
„ Lukheenarain Roy.

Ghee.
Rice.
Moong.
Urhur (from Sumbulpore).
Kund (Candied Sugar).
Koolthee (a Pulse unknown in Bengal).
Mandia (a cheap Grain common in Madras as Raggi).
Poonang Oil (recommendable for cheapness).
Bulls and Cows.

Measures were taken for bringing the munificent prize offered by Baboo Kalee Prosunno Singh to the knowledge of the public.

4. The Balasore Committee met on the 20th July. They were of opinion that the only products of the Districts likely to obtain notice at the Exhibition were Buffaloes, Ghee, Fibres, Oil Seeds, and Timber.

Present:
W. Cornell, Esq.
Moulvy Mohomud Abdoollah.
Baboo Shamanund Dey.

5. It was noted that instructions were wanted in regard to the nature, size, and shape of the specimens of timber—whether cross sectioned slabs to shew girth, or square slabs to shew quality. The latter kind of specimen, which was that sent to the London Exhibition, should, I consider, be selected.

6. Several prizes were offered by the different Members of the Committee, which have been duly published in the *Gazette.*

7. No Meeting was held in August.

8. Generally speaking, I have no doubt Orissa can produce articles worthy the honor of a place at the Exhibition. The difficulty will be the transport both as regards expense and time. Ghee in particular, in which Orissa beats all India, would hardly, even in the cold weather, arrive in a state fit for exhibition, and the carriage would add some cent. per cent. to the cost. The Committees will do their best to raise funds for the carriage of articles, as it is pretty certain Exhibitors will not come forward on their own account, but they fear that the difficulties presented by distance, and want of water carriage or Railways, will prevent their being so successful as they could wish.

9. With regard to Ghee in particular I beg to suggest that the minimum quantity for exhibition be reduced from a maund to ten seers.

No. 5200.

Fort William, the 17th October 1863.

Read again the undermentioned papers:—

Notification No. 4, published by this Department, under date the 26th January 1854, declaring that "Military Officers removed from one civil "appointment to another shall, in future, be entitled to the salary of the lowest paid appointment of the two during the period occupied in transit, provided always that no additional expense to the State beyond the entire emolument of the two offices shall be thereby incurred."

Resolution No. 3567, passed in this Department on the 5th August 1863, laying down Rules for the grant of Deputation Allowances to acting Officers in the Police Department.

Resolution.—As the Deputation Allowances of Officers, including Military Officers in the Police, are, by Financial Resolution dated 5th August 1863, regulated on the principle of the Covenanted Civil Service Rules, His Honor in Council is pleased to determine, in further assimilation with those Rules, that a Military Officer transferred from one Station, District or Province to another in the Police Department shall be allowed a salary equal to that of the lower paid of the two appointments affected by the transfer during the time allowed for joining.

This allowance will entail no additional charge on the State, as it will be met under the new Rules out of the total savings of the salaries of absentee Police Officers.

Order.—Ordered, that the foregoing Resolution be published in the *Government Gazette*, and that copies of it be forwarded to the Foreign and Home Departments and the Governments and Civil Pay-Masters in Bengal, Madras, Bombay, the North-Western Provinces and the Punjab.

Tea Garden at Nunclow.

Extract of a Travelling Diary of the Officiating Governor General's Agent, North-East Frontier, from Sunday, August 23rd, to Saturday, 5th September 1863, inclusive.

ONE of the chief objects I had in view in coming to Nunclow was to see a Tea Garden said to have been planted by David Scott. I had not visited it on my way from Assam as I was told the garden contained but a few orange trees. I found that the garden was entirely neglected, no boundary or trace of one remaining; it has therefore been open to cattle for years. The garden contained about four hundred Tea shrubs. These had been planted a great deal too close together, that is, with space only of from two to two and a half feet, and had thus run up into poles ten or twelve feet high. The leaf, however, appeared to be unusually large and the shrubs as healthy as could be expected under the circumstances. The plants were, in my opinion, too much exposed. All Plantations in the Hills should have a western aspect, that is, be upon slopes facing the west. Many of the shrubs had thrown up strong and vigorous shoots from the roots. There has been a report current that Tea would not thrive in the Hills, and I was most anxious to ascertain, by personal inspection, how far this report was founded in fact. From what I have seen I have no reason to doubt but that with ordinary care the plant will thrive in most situations, at least those not exceeding 4,000 feet elevation, and not exposed like Cherra to deluges of rain. Mr. Hudson has for some years collected about a maund and a half of seed from the Nunclow shrubs. The whole, however, I believe to be Government property, and I shall endeavor to ascertain the point. There is another Tea Garden in Khyrim, planted and abandoned by Mr. Stainforth about twelve years ago. The seed of these is also collected by Mr. Hudson.

It is my belief that the slopes of the Hills towards Assam from 1,000 feet downwards will prove to be eminently suited for Tea, and if so, the advantage to Europeans of being enabled to reside in a healthy climate will be incalculable. Mr. Shadwell, the oldest resident at Cherra Poonjee, states his belief that Tea has not been cultivated merely from ignorance as to whether it would grow or not. Mr. Hudson has commenced a small garden at Moosmye, near Cherra, about the worst situation in the Hills I should say for such an experiment, as it is exposed to the Cherra rain deluge.

Government of Bengal.

Agricultural Exhibition.

Memorandum from the Officiating Commissioner of Assam, —(No. 47, dated the 30th September 1863.)

THE undersigned has the honor to forward the following to the Under-Secretary to the Government of Bengal, in conformity to the request contained in his letter No. 4151, dated the 12th ultimo:—

Abstract of the Proceedings of the several Agricultural Committees in the Division of Assam.

Gowalparah.—Resolved to address separate communications to the undermentioned bodies, &c., requesting their assistance in forwarding the object in view:—

1. Zemindars (a separate letter to each.)
2. Kyahs and Bengalee traders.

3. Amlah of the Gowalparah Court.
4. Vakeels of the Gowalparah Court.
5. Garrow Surbarakur.
6. Some of the leading Garrow Lushkars.
7. Jampo Sahib, of Cheraug Dooar, Bootan.

Resolved, that Baboo Gonabhirram Borooah having offered a Prize of Rupees 25 for the best Assamese Plough exhibited, that copies of his letter be sent to all the other Assam Committees for information, and also to the Honorary Secretary of the Provisional Committee, Calcutta.

Kamroop.—Having read over the Prize List of the Bengal Agricultural Show, it is resolved that specimens of the following be procured:—

CATTLE...
- Bulls of any age.
- Cows of any age.
- Pair of Draught or Plough Buffaloes.
- Stallion Ass, not less than twelve and a half hands high, imported or otherwise.
- Mule
- Ghee (Buffaloe.)
- Chillies.
- Ginger, one maund.
- Rhea.
- Mustard and Rape Seed.
- Tilseed.
- Best collection of Teas of all classes, in 10 lbs. chest, being samples of twenty maunds in the whole, grown on any one plantation in the Lower Provinces.

Dusrung.—Resolved, that the European and Native Gentlemen of the District be generally invited to send to the Committee specimens of the Cattle produce, &c., mentioned in the List decided on by the Committee, for transmission to the Exhibition to be held at Allipore, Calcutta, on the 18th January 1864, and that the Prizes offered by Government be duly notified. Notice was afterwards given that all property, of any description, forwarded to the Exhibition, the Exhibitor placing his price on the same, would be disposed of should a purchaser be forthcoming, if not, the Exhibitors must either personally, or by authorized Agent, again take delivery of the same.

Pursuant to the above, Notices, with copies of the List in question, were forwarded to every European resident, and Bengallee translations of the same to the respectable Natives of the District, for information. List of Prizes, &c., have also been suspended in Cutcheries, the Police Thannahs, and other public places, and the Tea Planters of the District have been specially invited to forward samples of Teas as per List.

Nowgong.—It was unanimously resolved, that as there were no Native Zemindars to exhibit the products of the country, that the Committee take upon themselves to do so to the best of their ability; that endeavors be made to obtain samples of the produce both of the Plains and Hills in this District, and also of the different implements of agriculture; and that such must be procured so as to reach Nowgong by the 15th October 1863.

That the different Tea Planters of the District be written to, and their co-operation with the Committee be solicited.

That a Subscription List be circulated asking for assistance towards the furtherance of the object.

Luckimpore.—Resolved, that in the opinion of the Committee the following articles be for the present selected as likely to compete successfully with the production of other Districts:—

GENERAL ORDERS BY HIS EXCELLENCY THE GOVERNOR GENERAL OF INDIA.

Simla, the 13th October 1863.

No. 156 *A. of* 1863.—Under the authority and direction of the Right Hon'ble the Secretary of State for India, as conveyed in his Despatch No. 311, dated the 31st August last, a revised Table of Staff salaries for the three Presidencies is published, and the Extracts of Sir Charles Wood's Despatch on the subject, as given below, are promulgated for general information.

2. Officers whose appointments are not specified in the Table of revised salaries will draw pay as at present, and further orders will hereafter be issued with respect to the Office Establishment of those Staff Officers who have hitherto drawn an Office allowance, such as Assistant Adjutant Generals of Division and Majors of Brigade.

3. With reference to paragraph 29 of Sir C. Wood's Despatch, it is announced that the Despatch was received by His Excellency the Governor General on the 30th September. Increased pay, where granted by this order, is therefore claimable for the month of September.

Para. 1.—" Your several letters noted in the margin, relating to the salaries to be attached to Offices held by Military Officers in India, have been under my consideration in Council, and I have now to communicate to your Lordship the decision which, after an attentive perusal of the several papers which accompanied your letter, Her Majesty's Government have arrived at upon this subject.

Financial Despatch No. 70, May 20th, 1862.
Military Despatch No. 10, January 3rd, 1863.
Military Despatch No. 34, January 19th, 1863.
Financial Despatch No. 23, February 19th, 1863.
Military Despatch No. 160, May 22nd, 1863.

2. The Committee of Secretaries appointed by your Government to consider the subject have gone very carefully into the whole question and have submitted a very valuable Report, which has greatly tended to facilitate and simplify the consideration of this important matter.

3. They observe of the Royal Warrant for the formation of the Staff Corps in India that, after fixing the scale of pay to be received by Officers attached to them while in India, and when out of India, it further provides that every Officer when in active employment will also receive, in addition to the above pay, such a sum as will make his total pay and allowances up to the sum assigned by the Government of India, with the approval of the Secretary of State for India in Council, as the consolidated pay of the office which he may hold.

4. Having consulted the several Governments, as well as the Chief Political and Military Officers of the Government, the Committee propose for adoption the following principles:—

1st.—That the Salaries of Military Officers holding appointments connected with the Civil administration of the country should be consolidated and fixed without reference to the rank of the incumbent.

2nd.—That in the case of Military Officers in Staff employ a certain salary should be fixed for every appointment, and that the incumbent should receive such fixed salary in addition to the Staff Corps pay of his rank.

3rd.—That this latter principle should apply to the Department of Public Works.

5. I concur generally in the principles here laid down, with some exceptions to be hereafter pointed out, as regards the Officers in Military Staff employ.

10. I have considered it necessary to deviate in some respects from the rates of salary proposed by the Committee, and I now forward, for the information of your Government, a Table of salaries which Her Majesty's Government have resolved upon for the several Offices enumerated in their Report.

11. You will observe from the Table that, while adhering generally to the principle of allotting a Staff salary in addition to Staff Corps pay, it has been determined to fix the salaries of some few of the higher Offices at a consolidated sum.

12. In the case of the other appointments it is to be understood that the Staff salary now fixed, plus the Staff Corps pay due to the Officer's rank, will constitute the maximum amount to be drawn by an Officer of that rank holding the office in question, whether such Officer belongs to the Staff Corps or not. In the case of appointments held by Officers belonging to Her Majesty's British Forces, such maximum amount will include any pay or half-pay that may be paid to them in England.

13. I approve of the Rule proposed by the Committee that, in all cases where any allowance for "office" is made, as in the case of Assistants Adjutant General, Brigade Majors, and others, it should be distinctly understood that the allowance is to be drawn only by Officers actually discharging the duties of the appointment, and that no further charge can be allowed for providing an office.

14. It is desirable that, whenever possible, the Public Offices should be located in public buildings, and it should be a standing Rule that all bills for Office allowance should be supported by a Certificate from the proper authority, that no public building was available for such Office.

15. I am of opinion, however, that Office Establishment should, as a general rule, be maintained according to a regulated scale, and should be paid on abstract, supported by the usual monthly Muster Roll.

18. The principle laid down in the 4th Clause of the same paragraph has, you will perceive, been observed in the rate of salary allotted to the heads and Subordinate Members of Departments at the several Presidencies, but I have extended to the Deputies of the Army Department at Head Quarters in Bengal the benefit of the Rule which gives to the Chief of those Departments a higher rate of salary than at Madras or Bombay.

19. In the 2nd Clause of the 10th paragraph the Committee observe that, "referring "generally to the expensive rates of living in "Presidency Towns, we think that the principle "of allowing house rent may be generally "adopted at the rates "marginally shewn, and "we would recommend "that it should be made "applicable to the Pre- "sidency Town of Madras, as well as to Calcutta "and Bombay."

Colonel	125
Major	100
Captain	75
Lieutenant	40

20. I approve of the proposed scale, which will apply to Officers at each Presidency not drawing consolidated salaries.

29. The scale of salaries now sanctioned will be brought into operation and made to apply in

all cases where there is no reduction in the present aggregate salary, on the payment due on the first of the month succeeding the receipt of this order.

30. Reduction of salaries effected by this order are not to be made to affect present permanent incumbents, or those who are officiating for such permanent incumbents, being temporarily absent from their duties."

4. Separate orders will be issued regarding the Staff salaries to be allowed to Officers serving with Native Corps.

No. 157 A. of 1863.—His Excellency the Governor General is pleased to publish the following extracts of a Despatch from the Right Hon'ble the Secretary of State for India, No. 311, dated 31st August 1863, regarding the absentee and acting allowances of Military Officers in Civil employ, the provisions of which are applicable to all the Presidencies.

Para. 31. With your Despatch, No. 23, in the Financial Department, you forward a further Report from the Committee of Secretaries regarding the absentee and acting allowances of Military Officers in Civil employ, with a note thereon by your Financial Secretary.

Para. 32.—You concur generally in the recommendations of the Secretaries, with the amendments noted by the Financial Secretary, and propose the adoption of the following principles:—

1st—That every Military Officer in Civil employ when on leave should draw pay under the Military Rules; and

2nd That every Military Officer when acting in any Civil appointment should draw his Civil pay under the Civil Rules.

33. Upon these two principles you propose the following Rules for the Officer on leave:—

A Military Officer in Civil employ on leave, either in India or in England, shall draw precisely the pay which he would be entitled to draw under the Military Leave Rules, except when on privilege leave as hereafter specially provided.

Such pay shall be provided from the Civil Department excepting only in cases where the allowances so drawn would exceed the entire Civil pay of the appointment, when the excess will be paid by the Military Department. The Staff salary of any Officer shall be held to be the difference between the Indian pay and allowances of his rank and the full salary of his permanent appointment.

34. For the Acting Officer your Government proposed the following rules.

A Military Officer acting for another in Civil employ shall draw deputation allowance under the rule by which the allowance is granted to Covenanted Civil Servants.

If the Officer be in Military Staff employ such deputation allowance will be given in addition to his Military pay and allowances, plus half the Staff pay of his substantive appointment.

If the Officer hold no substantive Staff appointment, Civil or Military, it will be given in addition to his Military pay and allowances.

A Military Officer in Civil employ performing the duties of his substantive appointment, and at the same time officiating in another, is entitled to his substantive salary, and in addition to a deputation allowance of 20 and 10 per cent. on the Staff salary of the appointment in which he is officiating, provided the pay of the substantive appointment with the addition of the deputation allowance does not exceed the pay of the higher appointment.

A subordinate acting for his principal or for any other Officer at the same Station is not entitled to deputation allowance for the first month while so acting, unless he is required to act on two occasions within a brief period (say twelve months), in which case he draws deputation allowance for the whole period during which he may have held the appointment in excess of one month as if he had acted continuously.

A Military Officer proceeding from one Civil appointment to another shall be allowed to draw, during the authorized period of transit, out of the salary of the office he is about to join, a sum equal to that of his previous situation. This Rule to be preceded by an Order making the Civil Rules for joining time applicable to Military Officers in Civil employ.

A Military Officer in Civil employ can take three months' cumulative privilege leave (under the Civil Rules only), but he must earn it by thirty-three months' continuous service in the Civil Department alone.

35. These several Rules are approved of.

No. 314.

Notification by the Board of Revenue, Lower Provinces.

With the sanction of the Government of Bengal the following revised and consolidated Rules for the sale of unassessed Waste Lands in the Lower Provinces of Bengal, and for the redemption of the revenue of such lands already granted for a term of years, are published for the guidance of all Officers under the Board and for general information.

The main purpose of this re publication is the simplification of the existing Rules by the consolidation into one Code, of the Rules heretofore issued, partly by the Government of Bengal, and partly by the Board of Revenue under authority from the Government of Bengal.

But the following revisions and alterations have been introduced in the new consolidated Rules:—

In Rule 3 a provision has been introduced to enable the Board of Revenue to relax, upon sufficient cause shewn, the Rule which limits the length of road or river frontage in each grant to one-half the depth of the lot. The relaxation is intended to meet the case of allotments on the borders of very winding roads or rivers to which the old Rules could not be literally applied.

In Rule 14 (old Rule 13) the word "masonry" has been omitted, as masonry boundary pillars may often be unnecessary, and a provision has been added to enable the Collector to compel the erection of such boundary marks as he may think necessary within a fixed time. It has not been thought necessary to re-publish the old Supplementary Rule O., though it will continue in force, should any applications be made under the Resolution of the Supreme Government, dated the 17th October 1861.

Forms of Deeds for the grant of Waste Lands before surgey are added to those heretofore published.

All the other additions to the Rules have been published from time to time and require no special notice here.

R. B. Chapman,
Secretary.

Board of Revenue, L. P., 18*th October* 1863.

RULES FOR THE SALE OF UNASSESSED WASTE LANDS IN THE LOWER PROVINCES OF BENGAL, AND FOR THE REDEMPTION OF THE REVENUE OF SUCH LANDS ALREADY GRANTED FOR A TERM OF YEARS.

Published by authority of the Government of Bengal.

1. All unassessed Waste Lands in which no right of proprietorship or exclusive occupancy is known to exist, or to have existed and to be capable of revival, are available for purchase under these Rules, unless specially reserved under Rule 21.

2. No greater quantity of land than three thousand acres shall be sold in one lot except with the express sanction of the Government. If, for special reasons, in particular localities, a lower maximum area than three thousand acres should be determined upon, it will be duly notified hereafter. There is no prohibition against the same person applying for two or more lots of land, provided that each application comprises no more than 3,000 acres, or such other maximum as may be prescribed.

3. Every lot shall be compact, and shall include no more than one tract of land in a ring fence; and when the land touches a public road or a navigable river the length of the road or river frontage shall not exceed one-half the depth of the lot, provided that if, for any special reason, the Board of Revenue shall see fit to relax this restriction it shall be competent to it to do so. If it should appear, from the survey or otherwise, that the application does not comply with these conditions, the Collector may call for an amended application; and, in the event of a revised application not being given in within fifteen days, the application shall be held to be cancelled, and the deposit shall be returned to the applicant, less the amount of expense actually incurred for advertisement, survey, and the like. [No lot will be sold unless it has been previously surveyed and demarcated, or until it shall have been surveyed and demarcated in consequence of an application for purchase. The survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its gross area. If, on completion of the survey, it shall appear that the area of the lot applied for exceeds the prescribed maximum, the excess shall be excluded.]

Note.—The portion of this Rule within brackets and the connected provisions of Rule 6 have been temporarily suspended in the Districts of Assam, Cachar, Sylhet, and Darjeeling, the whole area remaining hypothecated for any deficiency in the price paid which may appear on the completion of survey.

4. Applications for the purchase of Waste Land shall be made to the Collector of the District, and every application shall contain the following particulars:—

1*st.*—The estimated area of the land applied for.

2*nd.*—The situation of the land and its boundaries as accurately as can be ascertained.

Applications shall immediately be entered in a Register. (Revenue Form No. 35)

5. If the Collector be satisfied that the land applied for is available for purchase, and within the conditions prescribed in Rules 2 and 3, and if it have been previously surveyed and demarcated, he shall advertise the lot for sale on a given day at an upset price of not less than two Rupees eight annas an acre on the whole area. The advertisement shall be published in the Collector's Office, in the Court of the Principal Judicial Officer of the District, and at the Moonsiff's Court (if there be one) and Police Station within the limits of which the lands are situate. An advertisement shall also be published in the *Government Gazette* in the Form A. A sum of sixteen Rupees to cover all estimated expenses connected with advertising shall be paid by the applicant in advance at the time of application.*

* All sums received for advertisement expenses under this Rule are to be credited in account in a separate entry as "Waste Land Advertisement Expenses" under "XV. Miscellaneous;" and all expenditure for local advertisements, &c., is to be included in the Office Contingent Bill, and, when passed, debited in a separate entry with the same title under "F, IX." Local Officers will not remit the cost of advertising in the *Government Gazette* to the Printer, as arrangements have been made for paying this charge in Calcutta.

6. If the Collector be satisfied as above, and if the land have not been surveyed, he shall cause it to be surveyed and its boundaries demarcated, the estimated cost of such survey and demarcation being first deposited by the applicant. The sum to be deposited for survey, &c., will be calculated at the rate of six annas an acre for grants estimated at less than 1,000 acres in area, and at the rate of four annas for larger grants. The sums so calculated will be taken in full payment of the expense of actually surveying the lands; but the cost of clearing the boundaries, which will be estimated by the Collector, is to be deposited in addition to the survey expenses calculated as above. On the completion of the survey the advertisement of sale shall be published as above.

7. The day of sale under Section I., Act XXIII. of 1863, must not be less than three months after the issue of the notice. Collectors will on no account, except under special instructions from the Board, fix a later date than the first monthly sale day after the expiration of the third month from the issue of the notice. Sales shall be held on the 2nd of each month, or on the first day after that date on which the Collector's Office may be open, unless the Collector shall with the sanction of the Commissioner, for special reasons, fix a later date in the month; when, for any reason, a sale is deferred from the date originally fixed in the advertisements, notice of the date to which it is deferred will be given by an advertisement at the Collector's Office. If the day to which the sale is postponed be more than fifteen days after the date originally fixed, the date to which it is deferred shall be published in the manner prescribed by Rule 5, for the original notification of the day of sale. In this case all expenses of advertisement shall be borne by the Government. The cost of survey and advertisement will be payable by the highest bidder in addition to the upset price. Immediately on the conclusion of the sale the highest bidder (if he be not the original applicant) shall deposit a sum equal to four annas an acre on the whole area of the lot. In default of immediate payment of this deposit the Collector may at once re-sell the lot. If he think it necessary he may refuse to recognize any bid which is not supported by the deposit of the amount required by this Rule. Immediately a sale is made it shall be entered in a Register (Revenue Form No. 39.)

8. If before the day of sale no claim to proprietary or occupative right in the land be preferred the lot shall be sold by auction to the highest bidder above the upset price, or to the applicant at the upset price if there be no higher bid. No claim except a claim to proprietary right in the land is one which, if well founded, will of itself operate to stay a sale. Claims of occupancy or user, if proved, may be met, and will probably, in most cases, be met by selling the land subject to condition or reservation. But if objections be taken to the sale on the ground that it will interfere with the due exercise of such alleged rights of occupancy or user, the question whether such objection ought to operate as a bar to a sale subject to condition or reservation is a question for the Collector to decide under Section IV. of the Act. Collectors, however, in deciding such questions, should take care that no unnecessary obstruction is thrown in the way of the free disposal of Waste Lands belonging to the State, and that no such objection be allowed to stop a sale unless it be clearly shewn that the interests of the objectors will be materially and injuriously affected by the transfer of the land from the Government to a private purchaser. Collectors should also endeavor to facilitate compromise between intending purchasers and objectors of this class. The Collector will be careful, at the time of selling, to make known the rights subject to which the lot is sold, and also that the Government reserve the right of using all streams and canals for public traffic, for which purpose a tow-path, twenty feet in width will be reserved on each side of each stream and canal as defined in the Forms of Deeds of Transfer referred to in Rule 9.

9. On payment of one-tenth of the purchase money, and of all expenses of survey, demarcation, advertisement, and sale, the purchaser shall receive a Deed signed by the Collector conveying to him the lot, in full hereditary and transferable proprietary right, free, for ever, from all demand on account of land revenue, but subject, nevertheless, to all general taxes and local rates imposed by law, and to any other claim, whether of the Government or otherwise, that may have been or may hereafter be established in any Court of competent jurisdiction. Forms of Deeds will be found in the Appendix as follows:—

Form D.—For sale of Waste Lands where the consideration is paid in full at the time.

Form E.—To be endorsed on Form D., where the grant is made before survey and the whole of the estimated purchase money is paid at once.

Form F.—To be endorsed on Form D, where the land has been surveyed before grant, but the whole purchase money is not paid at the time of sale.

Form G.—To be endorsed on Form D, where the grant is made before survey, and where the whole purchase money is not paid at once.

Form H.—For redemption of land revenue.

Form I.—To be endorsed on Form H., where the whole commutation money is not paid at once.

10. If before the day of sale a claim to proprietary or occupative right in any part of the land be preferred the Collector shall proceed as directed in Sections II., III. and V., Act XXIII. of 1863. In Non-Regulation Districts, where the duties of Judge as well as Collector are vested in the Deputy Commissioner, it will generally be convenient that the preliminary enquiry be carried on by the Assistant Commissioner, vested with the powers of a Deputy Collector, as the Deputy Commissioner may subsequently be required to sit as a Judge in the same case in a Court constituted under Section VII.

11. Should the sale have been deferred under Section III in consequence of an objection having been made, and should such objection be eventually over-ruled either by an order of the Revenue Authorities which has become final under Section V., or by a decision of the Special Court, the Collector shall issue a second Notification of sale in the annexed Form B. This Notification shall be issued in the manner prescribed for the first notice by Rule 5 above at the expense of the applicant. A Form of notice C. is annexed, intimating to a claimant or objector, as required by Section V. of the Act, that his claim or objection has been rejected by the Collector.

12. If the Collector shall consider the claim or objection to be established, and that the sale or other disposition of land should not take place, he shall stop the sale or other disposition of land as directed in Section IV. of the Act. If the application for purchase of the land be rejected, the amount deposited as cost of survey will be forfeited.

13. If the land be purchased by any person other than the applicant the estimated cost of survey deposited by the applicant shall be returned to him.

14. On being put in possession of the lot the purchaser shall be bound to erect as many substantial permanent boundary marks in such a manner and within such given time as the Collector may think necessary. If the purchaser neglect to do so, the Collector may have it done and recover the cost by sale of the lot under the Rules in force at the time being for the sale of estates on account of arrears of revenue due from other estates.

15. The purchaser may, if he choose, pay the whole of the purchase money when the lot is sold or the Deed delivered to him. Or, if he choose, he may pay a portion, not being less than ten per cent at the time of sale, and the remainder in instalments at any future time, not being more than ten years from the date of sale. In the latter case simple interest, at the rate of 10 per cent a year, will be charged on the unpaid portion of the purchase money; and the whole lot will remain hypothecated as security for the full discharge of the amount, including principal and interest, and be liable to sale by order of the Collector if the said amount be not paid within the stipulated period.

The interest due for any year or part of a year under this Rule shall be payable on or before the 15th of May, and if the amount be not paid on that date the Collector may realize the amount by sale of the lot under the Rules in force at the time being for the sale of estates on account of arrears of revenue due from other estates. Any balance of the purchase money which may not have been paid up before the 15th of May of the tenth year following that of the sale may be realized in the same manner as an arrear of interest outstanding on that date. The proceeds of the sale shall be applied, in the first instance, to the payment of the costs of sale, and to the satisfaction of the demand of Government. The surplus shall be payable to the late registered proprietor, or proprietors, on their joint receipt.

16. If the purchaser fails to pay one-tenth of the purchase money and all other expenses within three months from the day of sale the lot will be put up to sale again on the same conditions as before and sold at the risk of the first purchaser, whose deposit will also be forfeited.

17. The upset price will be calculated on the whole area of the lot without any deduction on any account whatever. Ordinarily the upset price will be two rupees eight annas an acre, but, in special cases, the Collector, with the sanction of the Commissioner, may put a higher upset price on any lot, provided that the upset price of available Waste Lands shall in no case exceed ten rupees an acre.

Where the Collector is of opinion that for special reasons a higher upset price than Rs. 2-8 an acre should be put upon the lot, he will, as soon as the application is made, submit a Report for the orders of the Commissioner. From Darjeeling such Reports will be made to the Board. In considering the upset price to be fixed Collectors will not overlook the value of the trees on the land applied for.

18. If it should, at any time, be found that the same land has been included in more than one lot, it shall be held to belong to the lot first sold, and all subsequent sales shall, as regards such land, become null and void. In the event of any dispute regarding the boundary of two or more adjoining lots the Collector may, on the application of any one of the parties, re-adjust the boundaries of the lots, and his decision shall be final. The price paid by any subsequent purchaser for land thus excluded from his lot will be refunded to him with simple interest at 10 per cent.

The sum to be refunded will be calculated on the average price paid per acre, excluding the cost of survey and advertisement.

19. All grants of Waste Land already made for a term of years under previously existing Rules in which no right of occupancy or proprietorship exists, except that of the grantee or that derived from him, will be treated for the purposes of this Rule as if the land were permanently settled; and the grantees or the representatives may redeem the future land revenue of such grants, or of any compact part of them, in perpetuity, for an amount equal to the present value of all future stipulated annual payments calculated at 5 per cent. interest, provided the said amount is not less than two rupees eight annas an acre on the whole area of which the revenue is redeemed. Tables for use in commuting existing Sunderbuns, Assam, and Cachar Grants to rent-free tenures will be found in the Appendix marked (K). The grants are treated as if they were permanently settled at the highest specified annual rate payable under the stipulations of the lease under which they are given, *viz*, in the Sunderbuns at 2 annas a beegha, and in Assam and Cachar at 6 annas an acre. The Tables shew the actual sum payable in any year of the currency of a grant in order to redeem all future payments and to convert the grant into an absolutely rent-free tenure. The sum payable will be the same, whether the commutation be made early or late in any given year of the currency of a lease, that is, assuming a lease to have been given on the 1st of March, the amount payable for redemption will be the same, whether the commutation be made on the 1st of March of any given year or on the 28th of February of the following year, or at any intermediate date. It will be at the option of grantees to pay the full amount due on the commutation at once, or in instalments under the conditions given in Rule 15. The permission to redeem accorded by these Rules does not in any way affect the obligation of the grantees to fulfil, up to the date of commutation, the conditions on which grants of land in the Sunderbuns, or in Assam and Cachar, have been made under the old Rules. Before a grantee can establish a right to redeem future payments of revenue of the whole or any part of his grant he is bound to shew that he has complied with the conditions on which the grant was made by having cleared the required proportion of the lands comprised in it. Local Officers are therefore not authorized to allow commutations, except in cases in which it has been ascertained that the full area required had been cleared up to the period when the lot was last subject to inspection under the terms of the lease. The Board are, however, vested with a discretion to shew consideration to grantees

who may have been prevented from clearing their lots by circumstances beyond their control, or by difficulties which could not have been foreseen; and they will be prepared, on the Reports of local Officers, to waive the strict fulfilment of the conditions of the grant where the circumstances are such as would have induced them, under the old Rules, to abstain from enforcing the penalty either by total or by partial resumption.

20. All sales of Waste Land and all redemptions made under these Rules in each Division will be reported immediately to the Board of Revenue in the form of an extract from Register No. 39 (Revenue Registers), but no sale of Waste Lands once made by a Collector in conformity with these Rules will be disturbed by any higher Executive Authority.

21. Reserves of grazing and forest land, of land for the growth of firewood near towns and stations, of building sites, parks, recreation grounds, and the like, and of land required for other special purposes are not to be sold under these Rules without the express sanction of the Government. Lists of some of these lands have been published in the *Gazette*.

Until the list of lands to be reserved in a District be published the Collector will reserve *all* forest lands, that is, lands on which valuable timber is growing.

22. In Darjeeling and Cachar the Superintendents in Assam, Chota Nagpore, and the Sontal Pergunnahs, the Deputy Commissioners, and in the Sunderbuns, the Commissioner will perform the duties of Collectors under these Rules.

23. Waste Lands shall not be granted, and the redemption of land revenue as shewn upon such lands already granted shall not be permitted, except in accordance with these Rules.

FORM I.

PRESCRIBED IN RULE 9.

To be endorsed on both parts of Form II. in cases where the whole commutation money is not paid at the time of redemption but is secured.

WHEARS, on the redemption of the within-mentioned Government Land Revenue, one-tenth* only of the commutation or consideration money within-mentioned was paid by the within named A. B., and it was agreed that the residue thereof should be paid by such instalments, with interest, as are hereinafter mentioned, such payments to be secured to the Secretary of State in Council as hereinafter provided; NOW THESE PRESENTS witness that, in consideration of the premises, the said A. Hon'ble Michael H. Scott, Esq.
Major Haggard.
Cursetjee Pallonjee Powalla, Esq.
F. F. Lidderdale, Esq.
Gavin Steel, Esq.
Cursetjee Hormusjee Chinoy, Esq.
Jehangier Hormusjee Chinoy, Esq.

It was proposed by Cowasjee Jehangier, Esq., seconded by Hon'ble Michael H Scott, and carried unanimously, that George Foggo, Esq., do take the Chair.

The Secretary having read the Notice as published in the *Government Gazette* and Newspapers calling the Meeting, also the Section of the Bank Charter under which it was convened.

It was proposed by Cowasjee Jehangier, Esq., seconded by Limjee Manockjee, Esq., and carried unanimously—

That the Capital of the Bank be increased by the issue of Five thousand two hundred and twenty-five new Shares of Rupees one thousand each.

The Chairman then informed the Meeting that, in accordance with the powers vested in the Directors by Section V. of Act X of 1863, they have determined to raise the new Capital by issuing new Shares in the following manner :—

That the new Shares be offered to the Proprietors at par, and that each Proprietor be entitled to take up one new Share for every old Share he holds at the close of business on the 31st December 1863, and that the Transfer Books be closed from that date until the 14th January 1864 inclusive.

That payment in full in one sum on account of each new Share shall be made on or before the 14th January 1864.

That any Proprietor failing to pay for the new Shares on or before the 14th January 1864 shall be charged interest thereon at the rate of 12 per cent. per annum from the 14th January 1864 until the 14th February 1864, and that all new Shares not so paid up on 14th February 1864 shall be considered forfeited and disposed of at the discretion of the Directors

That the holders of the new Shares shall be entitled to dividend from 1st January 1864.

It was then proposed by F. F. Lidderdale, Esq., seconded by Major Haggard, and carried unanimously that the course of action determined on by the Directors be approved by this Meeting.

Proposed by Cursetjee Pallonjee Powalla, Esq., seconded by Cursetjee Hormusjee Chinoy, Esq., that a copy of these Proceedings be sent to each Shareholder and that they be also advertized.

Proposed by Cowasjee Jehangier, Esq, and seconded by Limjee Manockjee, Esq., that the thanks of the Meeting be offered to the Chairman for his conduct in the Chair.

The Meeting then dissolved

Government of Bengal.

Kurrotya River.

From LIEUT.-COLONEL W. MAXWELL, R. A., Officiating Secretary to the Government of Bengal, in the Public Works Department, to BABOO PROSSUNNO COOMAR TAGORE,—(No. 5469, dated the 17th September 1863.)

THE Lieutenant-Governor is desirous that statistics relating to the Kurrotya River should be furnished by you annually to this Office for publication in the *Government Gazette*, together with the Returns of the Nuddea Rivers and Calcutta Canals, I am therefore directed to forward a blank Form of Statement in which the statistics should be submitted; this Form, I am to state, will be modified, should you wish it, for any other which may be suggested.

2. The Lieutenant-Governor requests that you will also report the original cost of the works executed by you on the Kurrotya River, and furnish annually, for His Honor's information, a Statement shewing the

Gross amount of Toll Collections.

„ cost of collection.

„ cost maintenance of works.

From BABOO PROSSUNNO COOMAR TAGORE, to the Officiating Secretary to the Government of Bengal, in the Public Works Department,—(dated the 28th September 1863.)

I HAVE the honor to acknowledge the receipt of your letter No. 5469, dated the 17th instant, and in reply to furnish, for the information of His Honor the Lieutenant-Governor, the following statistics relative to the operations for keeping open the Kurrotya River.

2. Shortly after the passing of Act XXII. of 1856 I commenced, under the sanction of Government, the works for making the river navigable. They were completed within about four years in December 1860, when, under the provisions of Section 11. of the said Act, the Government deputed an Officer, and was on his Report satisfied

that effective measures had been taken to facilitate the passage of the Kurrotya River, which lies in the District of Bograh, and furnished me with a Grant, dated 22nd December 1860, to collect tolls as provided in the said Act. The completion of the works originally cost Rupees 53,110, as will be found from the annexed Schedule marked A.

3. I commenced the collection of tolls in 1861. The costs of that year, including Establishment, amounted to Rupees 32,978, of which Rupees 28,453 was incurred for repairing and re-erecting the Bund, No. 1, in the sketch Map which accompanies, while the collection of tolls in that year was Rupees 15,044.

4. In 1862 the total expenditure amounted to Rupees 23,399, of which Rupees 18,422 was for erecting two new bunds in the two mouths of the khall as marked Nos. 2 and 3. Bund No. 1 having resisted the violence of the current two new mouths were opened in the river by the violence of the current. The new embankments which were required for these mouths caused the additional expense. The collection amounted to Rupees 14,359, as will be seen from reference to the said Schedule A.

5. In 1863 it was thought advisable to make an opening in the Embankment No. 2, in order to allow the stream to pass by it and reduce the force of the current in proportion, and to repair other bunds injured by the strong current. The total expenditure for that work up to August last is Rupees 10,290, including the fixed Establishment, while the collections to that month amounted to Rupees 8,192, as will appear from the Schedule A. under the head of dependency. The fixed Establishment, including the salaries of the Native Superintendent, Chowkey Darogahs, &c., does not exceed Rupees 300 per month, or Rupees 3,600 per year.

6. I annex a Schedule marked with the letter B., shewing the description of boats that passed and re-passed in each month of 1861 and 1862. From this it will appear that the total number of boats, &c., that passed in 1861 was 22,171, and in 1862, 23,237, in the aggregate 45,408, of the following descriptions:—

1861.		1862.	Total.
Merchandise boats	17,796	18,501	36,297
Passenger boats	4 172	4,454	8,626
Bamboo floats	177	249	426
Timber rafts	26	33	59
Total	22,171	23,237	45,408

The total amount of collections in these two years was Rupees 29,403.

7. I cannot give any data as to the cost of the maintenance of the work unless I have the experience of some three or four years more, for it will be observed that the river is kept navigable by erecting bunds and embankments and opening others. What may be the expenditure in future years, taking accidents into account, it is not in my power to say.

8. I have been obliged to modify your form of Schedule in order to make it complete and submit additional information, so that His Honor may perceive that I have no desire to withhold any, my object in commencing the undertaking, involving a heavy outlay, having been public accommodation rather than personal gain.

9. The foregoing Statement and the Schedules A. and B. evince that, by rendering the Kurrotya River navigable, the internal commerce of the Districts of Dinagepore, Rungpore, and Bograh has been considerably facilitated, and convenience afforded to passengers. Thus the expectation of the Legislature has, I presume, been fully realized, and this will no doubt be satisfactory to His Honor the Lieutenant-Governor. If the Local Officers give proper encouragement and afford assistance to my people, in regard to which I had occasions of complaint, the usefulness of the river in point of transport of merchandise and passengers and its navigability will be constantly on the increase.

PROSSUNNO COOMAR TAGORE.

From Lieut.-Colonel W. Maxwell, R. A., Officiating Secretary to the Government of Bengal, in the Public Works Department, to Baboo Prossunno Coomar Tagore,—(Fort William, the 8th October 1863.)

I am directed to acknowledge the receipt of your letter dated the 28th ultimo, and of its enclosures, furnishing statistics regarding the Kurrotya River.

2. In reply I am desired to state that the Lieutenant-Governor notices with satisfaction the endeavors which you have made to improve the navigation of this river and the success which seems to have attended them.

3. It is requested that you will be good enough to furnish a Report similar to the one under acknowledgment at the end of April 1864 and every subsequent year. In order to keep the Local Authorities informed of what is going on, and to give them an opportunity of making such remarks as they may think necessary on the state of the works executed, the management of the tolls and the effect of the works on the navigation of the river, and on the commerce and agriculture of the District, it is requested that the Report may be forwarded to the Collector of Bograh, by whom they will be submitted, through the Commissioner of the Division, to Government.

4. The Local Authorities will be instructed to afford you all proper and legal assistance, and any representation you may make will meet with prompt attention.

5. The present correspondence will be published in the *Supplement to the Government Gazette* for general information.

Government of India, Foreign Department.

Waste Lands in Oude.

From Major J. Reid, Secretary to the Chief Commissioner of Oude, to J. T. Wheeler, Esq., Assistant Secretary to the Government of India, Foreign Department,—(No. 289, dated Lucknow, the 28th September 1863.)

I have the honor, by direction of the Chief Commissioner, to acknowledge receipt of your Circular docket No. 266, dated 15th instant, with its annexure from the Home Department, enquiring what measures have been taken in respect of the survey of selected tracts of Waste Lands as suggested in letter No. 4794, dated 5th September 1862.

2. In reply I am desired to report that of the twelve Districts of Oude in three only, *viz.*, Mahomdee, Baraitch, and Gondah, are any Waste Lands available for sale. Probably three-fourths of the whole are in Mahomdee, and all the Waste Land in this District which is not made over to surrounding villages will be surveyed, demarcated, and marked off into suitable allotments for sale by auction by the end of April next. This duty has been entrusted to Mr J. Kavanagh, Assistant Superintendent of Survey and Demarcation, and a copy* of the instructions issued by the Chief Commissioner for his guidance are appended.

* No 2049, dated 15th July, to Commissioner of Settlement.

3. It is the Chief Commissioner's intention to make a similar survey and demarcation of Waste Lands in the Gondah District during the cold weather. There is no demand for the remaining Waste Land in Baraitch, and its survey must be postponed for another year.

From Major J. Reid, Secretary to the Chief Commissioner of Oude, to the Commissioner of Settlement, Oude,—(No 2049 dated Lucknow, the 15th July 1863.)

All the forest tracts in the Mahomdee District containing valuable timber that it has been determined to reserve for the use of Government have been surveyed by Mr. Reid and Captain Anderson and the boundary pillars set up. It is now of urgent importance that a survey be made of the remaining tracts by demarcating the areas of the settled villages within, and bordering on them, and by marking off the waste into suitable allotments for sale by auction.

2. The Chief Commissioner has resolved to entrust this duty to Mr. J. Kavanagh, Superintendent of Surveys in Oude, by whom the demarcation of village boundaries in other parts of the Province is conducted, as he has acquired great experience in the work, and it will be done by him in a systematic and uniform manner.

3. It is not likely that Captain Anderson will be able to survey the areas demarcated by Mr. Kavanagh next cold season, but this is of little consequence, as Mr. Kavanagh's survey will be quite sufficient for the purpose for which it is immediately required, which is to ascertain the amount of Waste Land at the disposal of Government and render it available for immediate sale.

4. Mr. Kavanagh will enter on this work as soon after October as the season permits, and it is hoped he will be able to conclude it by April 1864. The following instructions are issued for his guidance.

5 It is probable that Dr. Brandis will submit a proposition for including, within the limits of the reserve forest tracts, a portion of the surrounding Waste Land for reasons connected with the conservancy of the forests, and that the proposition will meet with the Chief Commissioner's approval. Intimation of the result will reach Mr Kavanagh before his operations commence, and it will be his duty to demarcate the boundary of the reserved tracts.

6 The owners of the villages bordering on the Waste Lands will be entitled to the benefit of Clause 3 of the revised Rules for the sale of Waste Lands, which provides that to each bordering village shall be allotted waste equal to its own area (including village site cultivated, and fallow land with intervening patches of waste.)

7. But a clearer definition of the meaning of the above Rule is required, for the areas of villages bordering on Waste Lands have rarely known limits, and a loose interpretation may involve a needless sacrifice of the public interests.

8. By fallow land is meant land temporarily set aside to rest, or left unilled in the ordinary rotation of crops, and does not comprise land that has been neglected for years or has relapsed into waste. The term will have the same meaning as is given to it by Settlement Officers.

9. Intervening patches of waste mean small patches of waste lying in a mass of cultivation, and not large tracts of jungle dotted here and there by clearings. But it has been a not uncommon practice for the owners of these villages to cultivate a beegah or two in the midst of the jungle merely to give a claim to the intervening waste. For the guidance of the demarcating Officer it will be best to rule that the intervening patches of waste must not exceed (25) twenty-five per cent. of the area composed of cultivated and fallow land. The excess will reckon in the addition of waste.

10. To define the area of the deserted villages in Khyreeghur further instructions are required. The peculiarity of this part of the country is that the Tharoos, who form the agricultural population, do not cultivate the same land long, after having taken off a few crops they leave it for some others less exhausted, but will return to it some years afterwards when rest shall have restored its fertility.

11. It would be unfair, then, to assume that every village at present deserted is so for ever, and it follows that many now occupied will, in a few years, be abandoned. But the Chief Commissioner believes that the absence of the Tharoos are not very prolonged, and that if they have abandoned a village for seven or eight years they do not mean to return to it. It will be fair, then, to apply the period fixed to distinguish land recently thrown out of cultivation for culturable waste in the Revenue Survey, which is eight years, to these deserted villages; and to rule that all that have been abandoned for more than that period shall be considered Waste Lands and the property of the State; and those that have been neglected for less shall be deemed village lands to be disposed of with reference to the claims of Government or of individuals. In the former case the lands will be measured off into the Waste Land allotments, and in the latter regular village areas will be found with the addition of waste equal to the deserted lands.

12. Instances will, however, often occur where detached patches of land in the centre of a vast plain have been cultivated, within the period above fixed, by persons residing in a village situated at a remote distance, the bulk of the cultivation being in the immediate vicinity of the village site. To concede permanent possession of each detached patch would seriously impair the value of the intervening Waste Land. In such instances, then, it would be advisable to allot waste double the area of the detached patches in addition to the waste assignable to the compact portion of the cultivated land under the provisions of Rule III. This will give a village area in one block.

13 The accompanying extract, paragraph 3, of my letter No. 1613, dated 4th instant, on an application by Captain W. Hearsey, will serve as predecent for guidance in similar cases which are sure to arise.

14. The allotments of Waste Lands should not exceed 5,000 acres. In marking them off natural boundaries should, as much as possible, be followed; and the maximum area of 5,000 acres may be a little exceeded to preserve such boundaries or render an allotment more compact.

15. The allotments should not differ greatly in the quality of the land. The marked feature of the Khyreeghur Pergunnah is that grass plains or savannahs alternate with Kuthbunnas or tracts of miscellaneous trees; and the latter, Mr. Read informs the Chief Commissioner, are often unculturable without water. It should be arranged that each allotment should comprise a fair proportion of grass land as well as Kuthbunna. If it would not cause trouble and delay, Mr. Kavanagh should specify the different kinds of timber-producing trees growing within the Kuthbunna tracts, and note the kinds that predominate in case any of the tracts should be worth preserving for the use of Government.

16. A Map of each allotment and village area, giving the boundary marks and the course of streams and roads, on the scale of four inches to a mile, should be prepared by Mr. Kavanagh; and another Map of the whole tract, on a scale of one inch to the mile, shewing the boundaries of the allotments for sale of the village areas, set up within the Waste tracts and of the bordering villages.

17. Captain Anderson's Map of the reserved forest tracts will also be sent to Mr. Kavanagh.

18. If Mr. Kavanagh fails to understand any portions of the instructions, it is requested that he will seek explanation at an early date.

Loans on Debenture.

THE Municipal Commissioners of Canning, with the sanction of Government, are prepared to receive Sealed Tenders for Loans on Debenture for Ten Lacs of Rupees for the general improvement of the Town and Port of Canning, and the lands adjoining thereto, on Security of the properties of the Municipality, as described in the annexed Schedule, and on the credit of the existing rents of lands, and of the rents, rates, and taxes that may be hereafter imposed and levied on account of the Municipal Fund, under the provisions of Act XXVI. of 1850, or of any other Act that may be passed by the Legislature. The Tenders are to be for sums of not less than 600 Rupees The Debentures will have a currency of five years, and carry interest at the rate of 5½ per cent. per annum from their respective dates. Interest to be paid half-yearly on the 30th June and 31st December at the Bank of Bengal.

2*nd*.—The first instalment or 25 per cent. of the Ten Lacs to be payable at the Bank of Bengal on 15th November next, 25 per cent on 1st January next, 25 per cent. on 1st April next, and the remaining 25 per cent. on 1st July 1864.

3*rd*.—In case of equality of Tenders beyond the amount required a pro-rata diminution will be made.

4*th*.—The Commissioners reserve to themselves the right of refusing all Tenders below a certain minimum rate, to be declared at the opening of the Tenders.

5*th*.—Debenture holders are to be entitled to convert their Debentures to the extent of one-half of the entire loan raised into leasehold titles to lands in the Town, within a period of two years from the issue of the Debentures, at the rate of 600 Rupees of loan for one beegah of ground. Such privilege of conversion to be given to Debenture holders in order of the dates on which applications for such conversion are received by the Commissioners. The leasehold title so conferred to be for sixty years on a rental of 30 Rupees per beegah per annum. Such lease-holders to be further allowed to convert their leasehold into freehold tenures by a cash payment at the rate of 600 Rupees per beegah, provided such privilege be claimed within four years from 1st January next; and the privilege of conversion to be retained during the remaining currency of the lease, but at a rate per beegah to be fixed at intervals of four years on a review and estimate of the then value of the leases, such value to be determined by the Commissioners. Existing leaseholders who become holders of Debentures may, under like conditions, convert such Debentures at once into freehold tenure of their present leasehold property at the rate of 600 Rupees per beegah.

6*th*.—The entire proceeds of purchases of leases by Debenture holders and two-thirds of all redemption money that may be paid for freehold titles to be considered as hypothecated towards redemption of the loan, and the remaining one-third of such redemption money to be carried to credit of the Municipal Fund.

7*th*.—Scrip receipts will be issued to the parties whose Tenders may be accepted. The receipt will subsequently be delivered up by the holders in exchange for Debentures when prepared.

8*th*.—Sealed Tenders for Debentures to be addressed to the Municipal Commissioners of Canning superscribed,—"Canning Loan." The Tenders and the packet containing the declared minimum will be opened in the presence of one or more of the Commissioners, and of the Secretary to the Bank of Bengal, at noon of Monday, the 2nd November 1863, at the Office of the Municipal Commissioners.

Government of Fort St. George.

Cotton Prizes discontinued.

From A. J. ARBUTHNOT, Esq., Chief Secretary to the Government of Fort St. George, to the Secretary to the Government of India.

I AM directed to forward the Report of the Madras Chamber of Commerce on the award of Prizes for Cotton under the Resolution of the Supreme Government, dated 9th August 1861, and to request instructions as to whether similar Prizes are to be offered next year.

2. The Chamber are of opinion that these Prizes have failed to produce the results anticipated by the Supreme Government, and in this view the Governor in Council is constrained to concur.

Read the following letter from CHARLES A. LAWSON, Esq., Secretary, Chamber of Commerce, to the HONORABLE A. J. ARBUTHNOT, Chief Secretary to Government, Fort Saint George, dated Madras, 1st September 1863 :—

I HAVE the honor to forward herewith the Proceedings of the Madras Chamber of Commerce in the award of the Government Cotton Prizes for the year 1862-63, with its Report upon the Cottons submitted for competition, and upon the general results of the Prize in this Presidency, I am also directed to hand you copies of Messrs. Fischer and Co.'s correspondence with the Chamber, of the letter from the Collector of Coimbatore to that Firm, and of the enclosures alluded to therein, namely, of a Certificate from the Sub-Collector and the Acting Head Assistant Collector of Coimbatore, as well as a copy of the Statement submitted to the Chamber by Messrs. Fischer and Co., in accordance with the regulation contained in Rule 4 of the Government Notification of the Prizes.

2. It is a source of much regret to the Chamber that the valuable Prizes offered by Government have been inoperative in inducing such results as were anticipated by Lord Canning when instituting those Prizes. Partly from the very high prices which have for the past year secured large profits to the cultivators of Cotton, and partly perhaps from ignorance, no Native has this year competed for the Prizes, and should the Government attach no importance to the informality pointed out by the Collector of Coimbatore in the Certificates enclosed in his letter, the Chamber has awarded the first Prize for Cotton grown from country seed, and also the first Prize for Cotton grown from foreign seed, to Messrs. Fischer and Co., of Salem, to whom was awarded the Prize of Rupees 10,000 last year

3. The Chamber is much disappointed that the division of the Prize last year into several Prizes of smaller sums has not induced a more extended competition, and it is not prepared to offer any further suggestions for making the Prizes more popular.

4. The Chamber respectfully urge that the Statement submitted by Messrs Fischer and Co., regarding the Cultivation of their Cotton, may be published in the District *Gazettes* for general information.

Extract from the Proceedings of the Madras Chamber of Commerce, 24th July 1863.

PRESENT.

W. H. CRAKE, Esq., *Chairman.*
A. F. BROWN, Esq.
MESSRS. H. TOLPUTT, Esq.
F. L. BLAND, Esq.

Read the Official Notice published by Government in the *Fort Saint George Gazette* of the 7th October last, of the revised Rules to be observed in competition for the Governor General's Prize of Rupees 10,000 for the production of Cotton in the Madras Presidency in 1862-63.

Read letter from Messrs. Binny and Co., dated the 2nd July 1862, sending twenty bundles of Cotton directed to the Secretary, which Messrs Fischer and Co., of Salem, intend should compete for the Prizes.

Read letter from Messrs. Fischer and Co. to the Secretary, Chamber of Commerce, dated Salem, 26th June, submitting two samples of Cotton grown by them, of which the bulk is contained in the abovementioned twenty bundles.

Read letter from Messrs. Binny and Co., dated 2nd July, handing the above letter, the two samples of Cotton, one of Ooppum (country seed) and one of Bourbon (foreign), and a Statement explanatory of their growth.

Read Messrs. Fischer and Co.'s Statement and the Certificates from the Sub-Collector and the Acting Head Assistant Collector of Coimbatore regarding the cultivation of the Cotton.

1. It will be observed that neither Certificate is worded as laid down in accordance with the order of Government, and that this discrepancy is accounted for by the fact that the Cotton had been removed from the fields ere they had been inspected.

2. There being no other competitor for the Prizes, the two samples were weighed and found to contain over 10lbs. of Cotton each. They were then carefully examined by the Chamber, after which the twenty bundles were inspected and the two samples judged to be fair specimens in every particular of the bulk of the Cotton competing for the Prizes.

3. The Chamber resolved to report on these samples as follows :—

REPORT.

1. The Chamber cannot speak in too high terms of the very excellent manner in which both samples have been prepared. They are free from leaf, or seed, or any impurity whatsoever.

2. The Bourbon sample is an excellent specimen of this description of Cotton, and has a beautiful silky appearance.

3. The Chamber consider Cotton of similar quality would be valued at about 22*d.* per lb. in the Liverpool Market in June last. In their Statement Messrs. Fischer and Co. give full particulars of the growth of the Cotton, and the Chamber learn therein that the first crop raised from the seed which produced this sample competed for and gained the Cotton Prize of last season. The yield was a little more than 60 lbs. of clean Cotton per acre. The total cost of the 13½ Bengal Maunds of Cotton forwarded is stated to amount to Rupees 118-2-10.

4. Ooppum Cotton is of superior quality, and is valued by the Chamber at 18*d.* in Liverpool at the date of last advices. The seed was sown in September last, and the yield of clean Cotton has been equal to nearly 41½ lbs. per acre. The cost of the 17 Bengal Maunds submitted is stated to amount to Rupees 227-8 2.

5. If the Government attach no importance to the informality in the Certificates accompanying the Cotton exhibited by Messrs. Fischer and Co., they being the only contributors are awarded :—

AWARDS.

6. The first Prize of Rupees 2,000 for the best quality and largest quantity of Cotton from *country* seed, grown on any one estate, during 1862-63, and brought for shipment to a port in the Madras Presidency before the 1st July 1863. Also—

7. The first Prize of Rupees 1,500 for the best quality and largest quantity of Cotton from *foreign* seed, grown on any one estate, during 1862-63, and brought for shipment to a port in the Madras Presidency before the 1st July 1863.

8. The Chamber resolved in communicating to the Government the above awards to express their great regret that there has been no actual competition for the Prizes. The Chamber cannot conceal from themselves the fact that the offers of Government have not in any way given an incentive to the cultivation of good Cotton in the Presidency.

9. The division of the Prize of Rupees 10,000 into nine Prizes of smaller sums has evidently not had the effect anticipated by the Chamber in inducing competition.

10. The Chamber will recommend to Government that Messrs. Fischer & Co.'s remarks on the cultivation of foreign and country Cotton may be published in the District *Gazette* for general information.

(A true Extract,)

(Sd) CHARLES A. LAWSON,

Secy., Chamber of Commerce.

From MESSRS. FISCHER AND CO., to the Secretary to the Chamber of Commerce, Madras, dated Salem, 26th June 1863.

SIR,—WITH reference to the notice of Government, of date 7th October last, in regard to the revised Rules to be observed in competition for the Governor General's Prize of Rupees 10,000 for the production of Cotton in the Madras Presidency in the current season 1862 63, we beg to submit two samples of Cotton grown by us to compete for the said Prizes. The bulk of the Cotton is being forwarded to Messrs. Binny & Co. for shipment.

2. We beg also to submit a Statement of cultivation in accordance with the requirements of Rule 4 of the Government Notice. The Certificates therein alluded to we shall also send you as soon as they have been furnished to us by the District Revenue Officers of Coimbatore.

From MESSRS. FISCHER AND CO., to the Secretary to the Chamber of Commerce, Madras, dated Salem, 27th June 1863.

SIR,—WITH reference to our letter of yesterday, we now beg to enclose two Certificates from the Sub-Collector and Acting Head Assistant Collector of Coimbatore, relating to the Cotton we have grown for competition for the Governor General's Prizes, and the letter from the Collector of Coimbatore which gave cover to these Certificates.

"You will observe that neither Certificate is worded as laid down in the order of Government, but the fact of the Cotton having been removed from the fields ere it had been inspected accounts for the discrepancy."

From P. GRANT, Esq., Collector of Coimbatore, to MESSRS. FISCHER AND CO., Salem, dated Coimbatore, 25th June 1863, No. 349.

GENTLEMEN,—WITH reference to my letter of the 26th ultimo, I beg to forward two Certificates from the Sub-Collector Mr. Roberts, and the Acting Head Assistant Collector Mr. Walker, respectively. You will observe that neither Certifi-

cate is worded as laid down in the order of Government, but the fact of the Cotton having been removed from the fields ere they had been inspected accounts for the discrepancy.

This is to certify that Krishnama Naicken, Moonsiff, Monigar Gudimangalam, in the Oodurnaleipettah Talook, has cultivated acres 28-2-0 of land with country Cotton, and that he corroborates the statement of Messrs. Fischer and Co. that the abovementioned Cotton has been cultivated by him on their account.

2. This is also to certify that I have examined and weighed in their Store Rooms at Errode, in the Perindoray Talook, a quantity of Cotton, stated by Messrs. Fischer & Co. to be the produce of the above land, and which I found to exceed the average quantity of 40 lbs. of clean Cotton per acre.

(Sd.) C. A. Roberts, *Sub-Collector.*

Sub-Collector's Office,
Coimbatore,
The 23rd June 1863.

I certify that, on the 4th June 1863, I examined certain Cotton at the Stores of Messrs. Fischer and Co. at Errode, Talook Perindoray, I found the amount of clean Cotton to be 2 Candies, 2 Maunds and 3 lbs. or 1,053 lbs.

2. I examined on the following day at Palamungalum, Talook Perindoray, land on which Cotton plants were growing, and found its extent to be acres 17-22-4. I was informed that the Cotton seen by me at Errode was Bourbon Cotton, and that it had been grown on the land seen by me at Palamungalum and on that land exclusively.

3. The above quantity of clean Cotton exceeds 60 lbs. per acre, the amount required for the competition.

(Sd.) C. Walker,
Actg. Head Assistant Collector.

(True Copies,)
(Sd.) C. A. Lawson,
Secy. Chamber of Commerce.

Statement showing the following particulars in regard to the cultivation of Bourbon and Ooppum Cotton intended for competition for the Governor General's Prizes.

1. *Extent of land sown; seed of what species; and whence procured; the quantity of seed used per acre.*—The extent of land sown was in the instance of the Bourbon Cotton acres 17-22-4 in the village of Palamungalum in the Perindoray Talook; and in the instance of the Ooppum Cotton acres 32 14-2 in the village of Goodimungalum, in the Oodimulcotta Talook, both in the Coimbatore District. The Bourbon seed was from our own sowings of the previous year, but the Ooppum seed was purchased from certain Ryots of Goodimungalum at the rate of 6 annas per Madras Maund. The quantity of Bourbon seed used was 8 lbs. and of Ooppum 9 lbs. *per acre.*

2. *Peculiarities of the situation, climate, and soil of the land sown.*—The land we cultivated with the Bourbon Cotton is generally undulating, as is the case with all lands in the Perindoray Talook, but the land we cultivated with the Ooppum Cotton is even and flat. The climate at Perindoray is generally dry, but that at Oodimulcotta more or less moist from its contiguity to the Annamalay and Dhully hills. The soil of the Bourbon Cotton fields is light, loamy and calcareous, but that of the Ooppum is *black* clay, like the generality of soils in which this description of Cotton best flourishes.

3. *The date of sowing and that of picking.*—The Bourbon seed was sown in October 1861, and the Cotton now sent for competition is the second crop we have obtained from it; the first has already competed for and obtained the Governor General's Prize of Rupees 10,000. The picking of the present crop commenced in December last, and the yield up to the present time is 8½ Candies of *seed* Cotton, which after having been ginned has yielded two Candies two Maunds and 3 lbs. *clean* Cotton, or a little more than 60 lbs. of clean Cotton per acre.

The Ooppum seed was sown in September last, and picking commenced in April; the yield has been 12 Candies of *seed* Cotton, or, after having been ginned, 2, Candies, 13 Maunds and 9 lbs. of *clean* Cotton, which is equal to nearly 41¼ lbs. of clean Cotton *per acre.*

4. *The mode of culture, whether irrigated or unirrigated, and the state of the weather from the sowing to the harvest.*—The mode of culture that we adopted as respects the Bourbon Cotton is the same as that detailed in our statement submitted on the 24th May 1862.

With regard, however, to the Ooppum Cotton, the land was first well ploughed and manured, and after rain had fallen in September the seed was sown broad cast, and then turned in by another light ploughing; when the plants were a span high the plough was again gone through the ground to destroy the weeds. Irrigation of course was not resorted to, but the plants derived much benefit from occasional showers, which fell between the period of sowing and the commencement of the picking in the month of April following.

5. *The quantity of Cotton collected per acre, the net produce of cleaned Cotton, and the weight of seed left after cleaning.*—This information we give in the subjoined Table:—

Description of Cotton.	Total quantity of seed Cotton picked.			Total of clean Cotton.			Weight of seed after cleaning.			Seed Cotton per acre.			Clean Cotton per acre.			Seed per acre.		
	C.	M.	lbs.	C.	M.	lbs.	C.	M.	lbs.	C.	M.	lbs.	C.	M.	lbs.	C.	M.	lbs.
Bourbon ...	8	10	..	2	2	3	6	7	22	...	9	12	...	2	10	...	7	6
Ooppum ...	12	...	...	2	13	9	9	6	16	...	7	18	...	1	16	...	5	18

6. *The description and cost of Cotton gin used for cleaning the Cotton.*—All our Cotton during this year has been cleaned exclusively by the common country or hand churkas, the cost of one of which varies from 10 annas to one Rupee, according to workmanship.

7. *The quantity of Cotton cleaned by one such gin per day.*—The country churka cleans 16 lbs. of Bourbon Cotton per day for 1 anna, and 20 lbs. of Ooppum Cotton per day for 2 annas.

8. *The cost of the Cotton at the port of shipment including all incidental charges.*—Subjoined we give full particulars of the cost of the Cotton in detail:—

NOTE.—The seed Cotton was conveyed from the Errode Station to our Stores on our own carts. The sale proceeds of the seed, Rupees 37-8-0, has paid for all ginning charges. No additional expense has therefore been incurred for ginning, or for carriage of the seed Cotton to our Stores.

ORDER THEREON, 25th September 1863, No. 1767.

1. The Governor in Council regrets to find that the valuable Prizes offered for the best Cotton grown in this Presidency have again failed to excite competition.

2. On the first occasion (1861-62) a single Prize of 10,000 Rupees was offered, but there were only two competitors for it, and it was adjudged to Messrs. Fischer and Co.; the Cotton of the other Exhibitor, Balee Reddy, being so inferior, that in fact the competition was nominal.

3. Last year, in the hope of securing more extended competition, nine Prizes, ranging from Rupees 2,000 to Rupees 500, were offered, and the minimum extent of land under cultivation was reduced from 30 to 10 acres. These measures have unfortunately been wholly unsuccessful, and on the last occasion Messrs. Fischer & Co. were the only Exhibitors. The Chamber of Commerce report highly of Messrs. Fischer's samples of Bourbon and Ooppum, valuing the former at 22*d.* and the latter at 18*d.* per lb. in Liverpool at the ruling prices of June 1st. The yield of clean Cotton per acre was a little more than 60 lbs. in the case of the Bourbon, and nearly 41¼ lbs. in the case of Ooppum, Cotton. The cost of production and conveyance to Madras appears to have been a trifle above 2½*d.* per lb. for the Bourbon, and nearly 3½*d.* per lb. for the Ooppum; the former being, as already stated, worth 22*d.* in Liverpool, while the latter is only worth 18*d.* per lb. The assessment of the land on which the Bourbon Cotton was grown was 14 annas per acre, and that of the land selected for the Ooppum was 1 Rupee 2 Annas per acre.

4. The Governor in Council sanctions the payment to Messrs. Fischer and Co. of the two Prizes adjudged to them by the Chamber, and directs the publication of the papers in the Fort Saint George and District *Gazettes*.

	Rs.
First Prize for best Cotton from country seed	2,000
First Prize for best Cotton from foreign seed ...	1,500
	3,500

5. As the Resolution of the Supreme Government, dated 9th August 1861, sanctioned the offer of these Prizes only for the two years, 1861-62 and 1862-63, a reference will be made to that Authority to ascertain whether they are to be continued or not.

6. The Government are much indebted to the Chamber of Commerce for the assistance they have so obligingly rendered in this matter.

7. The Chamber are requested to forward a small sample of the Prize Cotton for transmission to the Home Government.

No. 314.

Notification by the Board of Revenue, Lower Provinces.

With the sanction of the Government of Bengal the following revised and consolidated Rules for the sale of unassessed Waste Lands in the Lower Provinces of Bengal, and for the redemption of the revenue of such lands already granted for a term of years, are published for the guidance of all Officers under the Board and for general information.

The main purpose of this re-publication is the simplification of the existing Rules by the consolidation into one Code, of the Rules heretofore issued, partly by the Government of Bengal, and partly by the Board of Revenue under authority from the Government of Bengal.

But the following revisions and alterations have been introduced in the new consolidated Rules:—

In Rule 3 a provision has been introduced to enable the Board of Revenue to relax, upon sufficient cause shewn, the Rule which limits the length of road or river frontage in each grant to one-half the depth of the lot. The relaxation is intended to meet the case of allotments on the borders of very winding roads or rivers to which the old Rules could not be literally applied.

In Rule 14 (old Rule 13) the word "masonry" has been omitted, as masonry boundary pillars may often be unnecessary, and a provision has been added to enable the Collector to compel the erection of such boundary marks as he may think necessary within a fixed time. It has not been thought necessary to re-publish the old Supplementary Rule O., though it will continue in force, should any applications be made under the Resolution of the Supreme Government, dated the 17th October 1861.

Forms of Deeds for the grant of Waste Lands before survey are added to those heretofore published.

All the other additions to the Rules have been published from time to time and require no special notice here.

R. B. Chapman,
Secretary.

Board of Revenue, L. P.,
13*th October* 1863.

RULES FOR THE SALE OF UNASSESSED WASTE LANDS IN THE LOWER PROVINCES OF BENGAL, AND FOR THE REDEMPTION OF THE REVENUE OF SUCH LANDS ALREADY GRANTED FOR A TERM OF YEARS.

Published by authority of the Government of Bengal.

1. All unassessed Waste Lands in which no right of proprietorship or exclusive occupancy is known to exist, or to have existed and to be capable of revival, are available for purchase under these Rules, unless specially reserved under Rule 21.

2. No greater quantity of land than three thousand acres shall be sold in one lot except with the express sanction of the Government. If, for special reasons, in particular localities, a lower maximum area than three thousand acres should be determined upon, it will be duly notified hereafter. There is no prohibition against the same person applying for two or more lots of land, provided that each application comprises no more than 3,000 acres, or such other maximum as may be prescribed.

3. Every lot shall be compact, and shall include no more than one tract of land in a ring fence; and when the land touches a public road or a navigable river the length of the road or river frontage shall not exceed one-half the depth of the lot, provided that if, for any special reason, the Board of Revenue shall see fit to relax this restriction it shall be competent to it to do so. If it should appear, from the survey or otherwise, that the application does not comply with these conditions, the Collector may call for an amended application; and, in the event of a revised application not being given in within fifteen days, the application shall be held to be cancelled, and the deposit shall be returned to the applicant, less the amount of expense actually incurred for advertisement, survey, and the like. [No lot will be sold unless it has been previously surveyed and demarcated, or until it shall have been surveyed and demarcated in consequence of an application for purchase. The survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its gross area. If, on completion of the survey, it shall appear that the area of the lot applied for exceeds the prescribed maximum, the excess shall be excluded.]

Note.—The portion of this Rule within brackets and the connected provisions of Rule 6 have been temporarily suspended in the Districts of Assam, Cachar, Sylhet, and Darjeeling, the whole area remaining hypothecated for any deficiency in the price paid which may appear on the completion of survey.

4. Applications for the purchase of Waste Land shall be made to the Collector of the District, and every application shall contain the following particulars:—

1*st.*—The estimated area of the land applied for.

2*nd.*—The situation of the land and its boundaries as accurately as can be ascertained.

Applications shall immediately be entered in a Register. (Revenue Form No. 35.)

5. If the Collector be satisfied that the land applied for is available for purchase, and within the conditions prescribed in Rules 2 and 3, and if it have been previously surveyed and demarcated, he shall advertise the lot for sale on a given day at an upset price of not less than two Rupees eight annas an acre on the whole area. The advertisement shall be published in the Collector's Office, in the Court of the Principal Judicial Officer of the District, and at the Moonsiff's Court (if there be one) and Police Station within the limits of which the lands are situate. An advertisement shall also be published in the *Government Gazette* in the Form A. A sum of sixteen Rupees to cover all estimated expenses connected with advertising shall be paid by the applicant in advance at the time of application.*

* All sums received for advertisement expenses under this Rule are to be credited in account in a separate entry as "Waste Land Advertisement Expenses" under "XV., Miscellaneous;" and all expenditure for local advertisements, &c., is to be included in the Office Contingent Bill, and, when passed, debited in a separate entry with the same title under "F., IX." Local Officers will not remit the cost of advertising in the *Government Gazette* to the Printer, as arrangements have been made for paying this charge in Calcutta.

6. If the Collector be satisfied as above, and if the land have not been surveyed, he shall cause it to be surveyed and its boundaries demarcated, the estimated cost of such survey and demarcation being first deposited by the applicant. The sum to be deposited for survey, &c., will be calculated at the rate of six annas an acre for grants estimated at less than 1,000 acres in area, and at the rate of four annas for larger grants. The sums so calculated will be taken in full payment of the expense of actually surveying the lands; but the cost of clearing the boundaries, which will be estimated by the Collector, is to be deposited in addition to the survey expenses calculated as above. On the completion of the survey the advertisement of sale shall be published as above.

7. The day of sale under Section I., Act XXIII. of 1863, must not be less than three months after the issue of the notice. Collectors will on no account, except under special instructions from the Board, fix a later date than the first monthly sale day after the expiration of the third month from the issue of the notice. Sales shall be held on the 2nd of each month, or on the first day after that date on which the Collector's Office may be open, unless the Collector shall, with the sanction of the Commissioner, for special reasons, fix a later date in the month; when, for any reason, a sale is deferred from the date originally fixed in the advertisements, notice of the date to which it is deferred will be given by an advertisement at the Collector's Office. If the day to which the sale is postponed be more than fifteen days after the date originally fixed, the date to which it is deferred shall be published in the manner prescribed by Rule 5, for the original notification of the day of sale. In this case all expenses of advertisement shall be borne by the Government. The cost of survey and advertisement will be payable by the highest bidder in addition to the upset price. Immediately on the conclusion of the sale the highest bidder (if he be not the original applicant) shall deposit a sum equal to four annas an acre on the whole area of the lot. In default of immediate payment of this deposit the Collector may at once re-sell the lot. If he think it necessary he may refuse to recognize any bid which is not supported by the deposit of the amount required by this Rule. Immediately a sale is made it shall be entered in a Register (Revenue Form No. 39.)

8. If before the day of sale no claim to proprietary or occupative right in the land be preferred the lot shall be sold by auction to the highest bidder above the upset price, or to the applicant at the upset price if there be no higher bid. No claim except a claim to proprietary right in the land is one which, if well founded, will of itself operate to stay a sale. Claims of occupancy or user, if proved, may be met, and will probably, in most cases, be met by selling the land subject to condition or reservation. But if objections be taken to the sale on the ground that it will interfere with the due exercise of such alleged rights of occupancy or user, the question whether such objection ought to operate as a bar to a sale subject to condition or reservation is a question for the Collector to decide under Section IV. of the Act. Collectors, however, in deciding such questions, should take care that no unnecessary obstruction is thrown in the way of the free disposal of Waste Lands belonging to the State, and that no such objection be allowed to stop a sale unless it be clearly shewn that the interests of the objectors will be materially and injuriously affected by the transfer of the land from the Government to a private purchaser. Collectors should also endeavor to facilitate compromise between intending purchasers and objectors of this class. The Collector will be careful, at the time of selling, to make known the rights subject to which the lot is sold, and also that the Government reserve the right of using all streams and canals for public traffic, for which purpose a tow-path, twenty feet in width, will be reserved on each side of each stream and canal, as defined in the Forms of Deeds of Transfer referred to in Rule 9.

9. On payment of one-tenth of the purchase money, and of all expenses of survey, demarcation, advertisement, and sale, the purchaser shall receive a Deed signed by the Collector conveying to him the lot, in full hereditary and transferable proprietary right, free, for ever, from all demand on account of land revenue, but subject, nevertheless, to all general taxes and local rates imposed by law, and to any other claim, whether of the Government or otherwise, that may have been or may hereafter be established in any Court of competent jurisdiction. Forms of Deeds will be found in the Appendix as follows:—

Form D.—For sale of Waste Lands where the consideration is paid in full at the time.

Form E.—To be endorsed on Form D., where the grant is made before survey and the whole of the estimated purchase money is paid at once.

Form F.—To be endorsed on Form D., where the land has been surveyed before grant, but the whole purchase money is not paid at the time of sale.

Form G.—To be endorsed on Form D., where the grant is made before survey, and where the whole purchase money is not paid at once.

Form H.—For redemption of land revenue.

Form I.—To be endorsed on Form H., where the whole commutation money is not paid at once.

10. If before the day of sale a claim to proprietary or occupative right in any part of the land be preferred, the Collector shall proceed as directed in Sections II., III. and V., Act XXIII. of 1863. In Non-Regulation Districts, where the duties of Judge as well as Collector are vested in the Deputy Commissioner, it will generally be convenient that the preliminary enquiry be carried on by the Assistant Commissioner, vested with the powers of a Deputy Collector, as the Deputy Commissioner may subsequently be required to sit as a Judge in the same case in a Court constituted under Section VII.

11. Should the sale have been deferred under Section III. in consequence of an objection having been made, and should such objection be eventually over-ruled, either by an order of the Revenue Authorities which has become final under Section V., or by a decision of the Special Court, the Collector shall issue a second Notification of sale in the annexed Form B. This Notification shall be issued in the manner prescribed for the first notice by Rule 5 above at the expense of the applicant. A Form of notice C. is annexed, intimating to a claimant or objector, as required by Section V. of the Act, that his claim or objection has been rejected by the Collector.

12. If the Collector shall consider the claim or objection to be established, and that the sale or other disposition of land should not take place, he shall stop the sale or other disposition of land as directed in Section IV. of the Act. If the application for purchase of the land be rejected, the amount deposited as cost of survey will be forfeited.

13. If the land be purchased by any person other than the applicant the estimated cost of survey deposited by the applicant shall be returned to him.

14. On being put in possession of the lot the purchaser shall be bound to erect as many substantial permanent boundary marks in such a manner and within such given time as the Collector may think necessary. If the purchaser neglect to do so, the Collector may have it done and recover the cost by sale of the lot under the Rules in force at the time being for the sale of estates on account of arrears of revenue due from other estates.

15. The purchaser may, if he choose, pay the whole of the purchase money when the lot is sold or the Deed delivered to him. Or, if he choose, he may pay a portion, not being less than ten per cent at the time of sale, and the remainder in instalments at any future time, not being more than ten years from the date of sale. In the latter case simple interest, at the rate of 10 per cent. a year, will be charged on the unpaid portion of the purchase money; and the whole lot will remain hypothecated as security for the full discharge of the amount, including principal and interest, and be liable to sale by order of the Collector if the said amount be not paid within the stipulated period.

The interest due for any year or part of a year under this Rule shall be payable on or before the 15th of May, and if the amount be not paid on that date the Collector may realize the amount by sale of the lot under the Rules in force at the time being for the sale of estates on account of arrears of revenue due from other estates. Any balance of the purchase money which may not have been paid up before the 15th of May of the tenth year following that of the sale may be realized in the same manner as an arrear of interest outstanding on that date. The proceeds of the sale shall be applied, in the first instance, to the payment of the costs of sale, and to the satisfaction of the demand of Government. The surplus shall be payable to the late registered proprietor, or proprietors, on their joint receipt.

16. If the purchaser fails to pay one-tenth of the purchase money and all other expenses within three months from the day of sale the lot will be put up to sale again on the same conditions as before and sold at the risk of the first purchaser, whose deposit will also be forfeited.

17. The upset price will be calculated on the whole area of the lot without any deduction on any account whatever. Ordinarily the upset price will be two rupees eight annas an acre, but, in special cases, the Collector, with the sanction of the Commissioner, may put a higher upset price on any lot, provided that the upset price of available Waste Lands shall in no case exceed ten rupees an acre.

Where the Collector is of opinion that for special reasons a higher upset price than Rs. 2-8 an acre should be put upon the lot, he will, as soon as the application is made, submit a Report for the orders of the Commissioner. From Darjeeling such Reports will be made to the Board. In considering the upset price to be fixed Collectors will not overlook the value of the trees on the land applied for.

18. If it should, at any time, be found that the same land has been included in more than one lot, it shall be held to belong to the lot first sold, and all subsequent sales shall, as regards such land, become null and void. In the event of any dispute regarding the boundary of two or more adjoining lots the Collector may, on the application of any one of the parties, re-adjust the boundaries of the lots, and his decision shall be final. The price paid by any subsequent purchaser for land thus excluded from his lot will be refunded to him with simple interest at 10 per cent.

The sum to be refunded will be calculated on the average price paid per acre, excluding the cost of survey and advertisement.

19. All grants of Waste Land already made for a term of years under previously existing Rules in which no right of occupancy or proprietorship exists, except that of the grantee or that derived from him, will be treated for the purposes of this Rule as if the land were permanently settled; and the grantees or the representatives may redeem the future land revenue of such grants, or of any compact part of them, in perpetuity, for an amount equal to the present value of all future stipulated annual payments calculated at 5 per cent. interest, provided the said amount is not less than two rupees eight annas an acre on the whole area of which the revenue is redeemed. Tables for use in commuting existing Sunderbuns, Assam, and Cachar Grants to rent-free tenures will be found in the Appendix marked (K). The grants are treated as if they were permanently settled at the highest specified annual rate payable under the stipulations of the lease under which they are given, *viz*, in the Sunderbuns at 2 annas a beegha, and in Assam and Cachar at 6 annas an acre. The Tables shew the actual sum payable in any year of the currency of a grant in order to redeem all future payments and to convert the grant into an absolutely rent-free tenure. The sum payable will be the same, whether the commutation be made early or late in any given year of the currency of a lease, that is, asuming a lease to have been given on the 1st of March, the amount payable for redemption will be the same, whether the commutation be made on the 1st of March of any given year or on the 28th of February of the following year, or at any intermediate date. It will be at the option of grantees to pay the full amount due on the commutation at once, or in instalments under the conditions given in Rule 15. The permission to redeem accorded by these Rules does not in any way affect the obligation of the grantees to fulfil, up to the date of commutation, the conditions on which grants of land in the Sunderbuns, or in Assam and Cachar, have been made under the old Rules. Before a grantee can establish a right to redeem future payments of revenue of the whole or any part of his grant he is bound to shew that he has complied with the conditions on which the grant was made by having cleared the required proportion of the lands comprised in it. Local Officers are therefore not authorized to allow commutations, except in cases in which it has been ascertained that the full area required had been cleared up to the period when the lot was last subject to inspection under the terms of the lease. The Board are, however, vested with a discretion to shew consideration to grantees

who may have been prevented from clearing their lots by circumstances beyond their control, or by difficulties which could not have been foreseen; and they will be prepared, on the Reports of local Officers, to waive the strict fulfilment of the conditions of the grant where the circumstances are such as would have induced them, under the old Rules, to abstain from enforcing the penalty either by total or by partial resumption.

20. All sales of Waste Land and all redemptions made under these Rules in each Division will be reported immediately to the Board of Revenue in the form of an extract from Register No. 39 (Revenue Registers), but no sale of Waste Lands once made by a Collector in conformity with these Rules will be disturbed by any higher Executive Authority.

21. Reserves of grazing and forest land, of land for the growth of firewood near towns and stations, of building sites, parks, recreation grounds, and the like, and of land required for other special purposes are not to be sold under these Rules without the express sanction of the Government. Lists of some of these lands have been published in the *Gazette*.

Until the list of lands to be reserved in a District be published the Collector will reserve *all* forest lands, that is, lands on which valuable timber is growing.

22. In Darjeeling and Cachar the Superintendents in Assam, Chota Nagpore, and the Sontal Pergunnahs, the Deputy Commissioners, and in the Sunderbuns, the Commissioner will perform the duties of Collectors under these Rules.

23. Waste Lands shall not be granted, and the redemption of land revenue assessed upon such lands already granted shall not be permitted, except in accordance with these Rules.

Bank of Bombay

At a Special General Meeting of the Proprietors of the Bank, held, under Section XL. of Act X. of 1863, *on Monday, the 21st September, at* 11 *o'clock in the forenoon.*

PRESENT:—George Foggo, Esq.
Cowasjee Jehangier, Esq.
George Inverarity, Esq.
Limjee Manockjee, Esq.
Hon'ble Michael H. Scott, Esq.
Major Haggard.
Cursetjee Pallonjee Powalla, Esq.
F. F. Lidderdale, Esq.
Gavin Steel, Esq.
Cursetjee Hormusjee Chinoy, Esq.
Jehangier Hormusjee Chinoy, Esq.

It was proposed by Cowasjee Jehangier, Esq., seconded by Hon'ble Michael H. Scott, and carried unanimously, that George Foggo, Esq., do take the Chair.

The Secretary having read the Notice as published in the *Government Gazette* and Newspapers calling the Meeting, also the Section of the Bank Charter under which it was convened.

It was proposed by Cowasjee Jehangier, Esq., seconded by Limjee Manockjee, Esq., and carried unanimously—

That the Capital of the Bank be increased by the issue of Five thousand two hundred and twenty-five new Shares of Rupees one thousand each.

The Chairman then informed the Meeting that, in accordance with the powers vested in the Directors by Section V. of Act X of 1863, they have determined to raise the new Capital by issuing new Shares in the following manner:—

That the new Shares be offered to the Proprietors at par, and that each Proprietor be entitled to take up one new Share for every old Share he holds at the close of business on the 31st December 1863, and that the Transfer Books be closed from that date until the 14th January 1864 inclusive.

That payment in full in one sum on account of each new Share shall be made on or before the 14th January 1864.

That any Proprietor failing to pay for the new Shares on or before the 14th January 1864 shall be charged interest thereon at the rate of 12 per cent. per annum from the 14th January 1864 until the 14th February 1864, and that all new Shares not so paid up on 14th February 1864 shall be considered forfeited and disposed of at the discretion of the Directors

That the holders of the new Shares shall be entitled to dividend from 1st January 1864.

It was then proposed by F. F. Lidderdale, Esq., seconded by Major Haggard, and carried unanimously that the course of action determined on by the Directors be approved by this Meeting.

Proposed by Cursetjee Pallonjee Powalla, Esq., seconded by Cursetjee Hormusjee Chinoy, Esq., that a copy of these Proceedings be sent to each Shareholder and that they be also advertized.

Proposed by Cowasjee Jehangier, Esq., and seconded by Limjee Manockjee, Esq., that the thanks of the Meeting be offered to the Chairman for his conduct in the Chair,

The Meeting then dissolved.

By Order of the Board of Directors,
JAMES BLAIR,
Secretary and Treasurer.

Bank of Bombay.

NOTICE is hereby given that, with reference to the Advertisement published notifying the increase in the Capital of the Bank, the Directors have resolved that upon all new Shares paid up before the 31st December 1863 Interest up to that date be allowed at the rate of Seven per Cent per Annum from the date of payment.

By Order of the Board of Directors,

APPENDIX TO

The Calcutta Gazette.

SATURDAY, OCTOBER 31, 1863.

NOTICE

Is hereby given, that the sale of the Zemindary right of Government to the Khas Mehals enumerated in the following Advertisements of Sale will be made subject to these

CONDITIONS OF SALE.

1*st*.—The Estates to be sold, with the Sudder Jumma against each, to the highest bidder above the upset price.

2*nd*.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the Jummabundee made by the Revenue Authorities.

3*rd*.—If the amount of purchase money do not exceed Rupees 100, the whole amount to be paid down at once.

4*th*.—If the amount of purchase money exceed Rupees 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding Office day, the sale to be cancelled, the sum deposited being forfeited to Government, and the Mehal to be again put up for sale at the risk of the defaulting purchaser.

5*th*.—In addition to the ordinary Sudder Jumma fixed on the estates the purchasers shall be bound to pay for the construction of roads and improvement of communications one per cent. on the Sudder Jumma assessed from the date of entry upon the purchase. This sum will be leviable in the same manner as other arrears of revenue.

By Order of the Board of Revenue,

R. B. Chapman,
Offg. Secretary.

Fort William,
The 4th July 1863.

Government of Bengal.

Extracts from a Report by C. Lane, Esq., Chief Civil Assistant, Great Trigonometrical Survey, on a portion of Tipperah, triangulated during 1862-63, dated 4th August 1863.

(1.) The country of Hill Tipperah was entered from the north side, in the vicinity of Koileshar, a large village with a Thanna belonging to the Rajah, in Lat. 24° 19′ and Long. 92° 3′. The River Munnoo flows under the Haut, or Market-place, of Koileshar, and is here about thirty yards in width. From the south or left bank of this stream the territory begins. It consists of an immense block of earth hills, intersected by innumerable watercourses and a few streams, covered with the densest possible reed, or "makla" bamboo, jungle, from thirty to eighty feet high, with trees from eighty to one hundred and twenty feet high. Excepting in beds of streams, and on land contiguous to one or two jheels, there was not a single plot of ground up to twelve square feet met with that was free from jungle.

(2.) The principal Rivers crossed in the course of the operations within Lat. 23° 50′ to 24° 26′ and Long. 91° 20′ to 92° 8′ were the Munnoo, Deo-gang, Kwahee or Kohee, and the Dolai-gang. The Munnoo flows from south to north within the hills, and afterwards towards the west, falling into the Kooseeara near Badarpur (a corruption of Bahadurpur), in Zillah Sylhet. The Deo-gang, which comes from the east, crossing the extensive range on which the Trigonometrical Stations of Harargaj and Komuntah are situated, falls at a point some three miles north of Komuntah, into the Munnoo River. The width of the Deo-gang was about forty yards, where it was crossed by means of a bridge constructed of bamboos, at about five miles direct distance north-west of Komuntah. The superficial velocity in the middle of February was 1·16 miles per hour. It must, however, be a powerful torrent during the rains. The word "Deo" signifies a giant, and "Deb" a Hindoo divinity, so, either way, Deo or Deo-gang would seem to imply a mighty stream in the estimation of the Kookies. The Twalie, or Kolie, which had a remarkably strong current, flows from South to north and falls into the Borak, near Hubbeegurij, a large village in the District of Sylhet. And the Dolai flows from south to north and falls into the Munnoo River at some three miles north-east of Laorago Hill Station, which is in Lat. 24° 26′ 30″, and long. 91° 49′ 14″. It will be seen, from what has been said, that three out of the four principal rivers specified have their sources among these hills, whilst the Deo-gang comes from a country further east, of which nothing is known, save that at the present time it is inhabited by the Kochak Kookies and other wild tribes.

(3.) Within the limits of the final operations of last field season there are four parallel ranges of hills. The first in order from the west is that on which Champamura, Bormura, and Suisum Trignometrical Stations are situated; it is about thirty miles in length; the next, on which Atar Mura Station is situated, is about forty-three miles long; then comes the Langturai range, about fifty-six miles in length, on which the Station of Batchia is situated; and east of this again is a range about forty-one miles long, on which our Stations of Harargaj and Komuntah are situated.* The three last named ranges stand on a plateaux of two to four miles in breadth on either side, which again are the summits of hills distinctly elevated above the rest of the contiguous hills. The ranges run nearly north and

* From Harargaj and Komuntah Hill Stations, towards the east, are several high hills and great ranges.

south, excepting at their extremities, which curve towards the west.

(4.) Our principal Stations of Koomuntah, Batchia, and Atar Mura are elevated above the beds of the adjacent rivers about 871, 1,071, and 1,276 feet respectively, as determined approximately with a mountain Barometer. Throughout this country the marching was for distances through water six to eighteen inches deep, across bogs, and over numerous ascents and descents, many of which were very steep and tough, and after the least fall of rain extremely slippery, and often not a little dangerous from deep chasms and abrupt precipices. Roads were made for the large Theodolite by cutting and removing the bamboo jungle to a width of six to eight feet. They were constantly choked by bamboos and trees falling across from the dense jungle on either side. Travelling from one Station to another, from 8·3 to 18·5 miles direct distance, generally occupied three or four days. The water at the different stages was frequently extremely bad, sometimes of a reddish hue, at others of a milky color, or greenish and greasy.

(5.) It has been stated that the general mass of these hills is composed of earth. Occasionally clay slate and granite have been met with in the beds of some of the streams. On the march between our principal Stations—Champamura and Lambu Sara—a deep and narraw gorge or chasm, with perpendicular sides of granite, from about one hundred and fifty to two hundred feet high, was passed through. Within this was a watercourse abounding with blocks of petrified wood* of various sizes up to four feet in length and ten inches thickness. These were most beautiful and perfect specimens of petrifactions.

* Of the Awul tree, said to petrify in these hills in about five years. This wood is used in the Sylhet District for construction of boats, as well as for posts of huts.

(6.) The country of Hill Tipperah, as far as our final operations extended last season, was, for the most part, a perfect wildernes, particularly in the neighbourhood of our Stations of Komuntah, Batchia, and Atar Mura. In fact, it is only very thinly inhabited for a few miles in the interior, along the Northern and Western Frontiers, by Kookies, Tipperahs, and some Munneepoories. The country further east and south-east of Harargaj and Komuntah Stations is, as already mentioned, occupied by Kochak Kookies and other wild and hostile tribes. These people, in former years, by their repeated depredations, caused the desertion and eventual abandonment of a populous town, situated in the rich and fertile valley east of Harargaj Station.

(7.) The Kookies are divided into five tribes, *viz.*, Umroi, Chutlang, Halam, Baipai, and Kochak. The Baipais in former days were dependants and slaves of the Kochaks, who are the most formidable of these races. For many years past they have been separated, and such is the hatred of the Kochaks for the Baipais, that the latter will never mention or dare to meet their former masters but will fly on the least signs of their approach, and if ever taken by any chance they are sure to be butchered as ingrates. The Umrois and Chutlangs intermarry and are on friendly terms with the Baipais. The Halams are the only tribe who dress, and that somewhat after the style of Bengalees. The Kookies of both sexes marry when they attain puberty, or about that time. On the marriage of an orphan Kookie girl the Rajah of the tribe receives Rupees 40 from the bridegroom, or Rupees 30 if the bridegroom is very poor. If a girl's parents be living they receive Rupees 77 or 57, according to the ability of the bridegroom, while the Rajah receives only Rupees 13 as his right. If the bridegroom be unable to pay the money at once he must do so by instalments. Should he, however, die before this is done, his descendants must, in course, liquidate the balance due to the Rajah.

(8.) The Kookies bury their dead. When a Rajah dies his household place the corpse on a platform of wood, not bamboo, elevated about four and a half feet above the ground; a moderate fire is kept up underneath in order to dry up all the humours. After the corpse has been kept in this wise for three months it is interred, in the usual horizontal position, in a grave seven or eight feet deep.

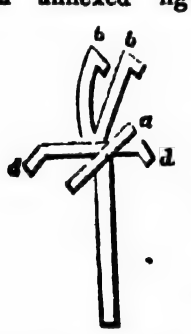
(9.) The Kookies worship a deity they call Lachee, and no other. The worship consists in fixing in the ground perpendicular strips of bamboo, about two feet long, in a rude circle, and one in the centre, with a crude and very coarse basket suspended from its head. Within this basket are placed a little cotton, thread, paddy, chillies, and other produce of the soil as offerings of propitiation and petitions for plenty. At times a low circular *chevaux-de-frise* is constructed with the view to keep off wild animals, and within this the offerings are left. The neck and head of a cock is often offered, whilst the body of the bird is eaten by the people as a treat; but, of all offerings, a young monkey, killed with one dash against the ground and left on the spot, is considered the most acceptable that can be made. There appear to be no priests among the Kookies.

(10.) There are four petty Kookie Rajahs in the District of our last season's operations, *viz.*, Lalhulian, Murchailal, Rangbung, and Thoma, also called Mor-Thoma. Among them the best in pedigree is Rangbung; the two wealthiest, Murchailal and Lallhulian, and the latter has the most subjects, altogether between two hundred and two hundred and fifty. These Rajahs are subject to the Maha Rajah of Tipperah, but they pay no tribute beyond nuzzurana, such as tusks of elephants, gungs, or gongs, of Burman manufacture, buck goats and khasis, gobois, large animals supposed to be the bison domesticated, and cotton fabrics, white and black, of Kookie manufacture. Some of these articles are occasionally presented by each Rajah, according to his ability, to the Maha Rajah. When this is neglected to be done for four or five years, and such instances are said to be not uncommon, the Maha Rajah issues orders to his Jemadar and Dubashia (Interpreter) to proceed to the Kookie Rajah's place and see to the matter, and the customary nuzzurana is forthwith tendered. About some sixteen or twenty years ago there was a Kookie Rajah, named Lalchukla, a notorious freebooter, dreaded by the Kochak Kookies, and the scourge of the country. His followers numbered 1,500, and in one of their last raids in Cachar killed ten or twelve persons, and carried off three Munneepoorie women captive. They lived in a long straggling village called Komuntah, after which the adjoining Trigonometrical Station is called, the name literally signifying an assemblage of good dwelling houses.

(11.) After the raid in Cachar this petty Rajah was taken captive by British Troops, and the common belief is that he was eventually transported for life. Murchailal, one of the present

Rajahs, is the only surviving son of this notorious freebooter, of whose exploits much mention is made by the Kookies of the present day. Murchailal is said to be married to a daughter of a Kochak Chief. He was recently summoned to Sylhet, per Roobookaree addressed to the Maha Rajah, to answer to a charge of holding captive several Bengoolees, British subjects, in his village. It appears that two women who were among the captives, hearing of our approach, believed that British Troops were coming to operate against the Kookies. Being naturally discontented with their confinement they watched for the first favorable opportunity and made their escape in the hope of joining my camp and so securing their personal safety, but we had moved on. After wandering in the jungles for some three days they found themselves, fortunately, in a village on the British side of the frontier, and having given their izhar, or statement, to some of the Police, it led to the abovementioned requisition by the Magistrate of Sylhet for Rajah Murchailal.

(12.) Kookie messages, or orders, are communicated in this wise:—A "Puroi" is made out of peeled strips of bamboo, about eight and a quarter or eight and a half inches long, of the shape in annexed figure. The two prongs of the fork, *b b*, are formed by splitting the upper portion of the central rod, to which a cross piece, *d d*, is tied at right angles. If the prongs, *b b*, be aligned by holding the "Puroi," so that the two shall appear as one, the missive will be seen to resemble a cross. The tips of the prongs and cross piece being turned in breaks indicate black mail to be levied—a Rupee for every such break. If an additional piece, *a*, having its ends charred, be attached, this implies that the people to whom the "Puroi" is sent are to come on, even at night with torches. If a chilli is fixed at the intersection of the cross, it signifies, literally, that disobedience to the summons will meet with punishment as severe as the chilli is hot. If both the burnt bit of bamboo and piece of chilli are attached, the indication is that the requisition is extremely urgent and imperative, and must be forthwith complied with; whilst, if a piece of plain bamboo, or stick, is added to the cross, it means that disobedience of the order will entail corporal punishment.



(13.) When a Kookie Rajah desires to have a piece of land cultivated his subjects are bound to provide laborers, one from each hut or family. If the Rajah wants a new hut constructed, laborers are similiary furnished to execute the work If a Kookie commits murder he immediately becomes the personal property of the Rajah, and is then, by the people, called the Rajah's Sepoy. When he dies, should he leave no issue, the whole of his effects become the Rajah's. If the man should have a son he will be allowed possession of half the property, but a daughter or wife is not considered entitled, of right, to any portion beyond whatever the Rajah chooses to bestow of his own free-will or gift.

(14.) The Kookies eat all kinds of meat, except human flesh, and that of cats, kites, crows, and monkeys. Elephant flesh is highly esteemed, and is devoured even in a state of decomposition. Snakes, the goh and the ghikú, species of the lizard tribe, are also eaten, as well as carcases of dogs and cattle if not actually putrid. When a Kookie kills a male elephant his Rajah is entitled to a tusk, and a fourth of the body for meat. If any game, such as a deer or pig, be killed by a Kookie, the Rajah is, in like manner, entitled to a fourth part. On occasion of a Kookie Rajah leaving his residence to go out anywhere, either on business or pleasure, it becomes incumbent on his subjects to provide him with a pig and liquor, for himself and his household.

(15.) The Kookies cultivate paddy, cotton, katchú, a species of wild yam, Indian corn, indigo, some kinds of pumpkin, including vegetable marrow, sém, a sort of bean, kúlant, a kind of pulse resembling múng, chillies, and til, or sesamum, an oil plant. All these are used for their own consumption, except sesamum and cotton, which, after reserving a sufficiency for household purposes (2), are exported into other Districts, through the agency of Bengalees, by sales and barter (3) effected at the marts of Koileshar, Adampur, and Kamalpur. A large quantity of the cotton is also taken to the bazar at Agartalla, where it is purchased by the banias and others. Of all products cotton is the most extensively grown in these hills. During the month of March the bamboo jungle is felled and allowed to dry by the sun, which takes ten to fifteen or twenty days, it is then fired and the stumps are after that removed. After the first good shower of rain men, women, and children proceed with tools and seed to these plots, which are frequently at long distances from their hamlets. Their chief tools are dows, with which instrument oblique cuts are made by single strokes, and in the pits so formed, which rarely exceed a depth of three to three and a half inches, the seeds are dropped, either paddy by itself, or paddy, cotton, indigo, sesamum, and Indian corn all together, or any two or three of these together, in the same pit, just as the cultivators feel disposed or may happen to require.

(2.) Out of Cotton the Kookies manufacture coarse sheets and pieces for wearing apparel, and with the til they make oil on a small scale for anointing their heads and for their poojah. They are also said to eat the seed.

(3.) Cotton uncleaned is sold by the Kookies at Koileshar at 1 Rupee, 1 Rupee 8 Annas, and 2 Rupees per long basket, according to its size. It is also bartered for fowls, dried fish, tobacco, rice, arrack, betel nut, betel leaf, salt, and cotton fabrics, especially chintzes. Cleaned cotton used to sell at 10 Rupees, but now fetches 20 Rupees the maund. The duty levied by the Maha Rajah is 14 Annas to 1 Rupee on the purchases effected by banias and native traders, and 1 Rupee 2 Annas per maund on retail transactions.

(16.) The tea tree is said to be indigenous to this country. A tea planter has declared that he collected about two maunds of the seed from the jungles of Tipperah in the vicinity of the Cachar District. It is also said to exist along the borders of the hills near Agartalla. Such may, partially, be the case, and I have no doubt that the tea tree is growing in wild luxuriance along both the southern and south-western confines of Cachar, simply because it is found in many of the jungly parts of that District, and the features of the country, soil, and climates near the frontier, on both

sides, are similar. It may also exist, not only in the immediate neighbourhood of Agartalla, but throughout the hill border, from this place to the Phneebee, and to Molhong, on the south-eastern limits of Cachar; but in the course of all our travels during last field season neither myself nor the Assistants ever saw tea trees in any part of the country, although I had search made for it expressly along the marches and in the vicinity of our hill stations. The block of hills about our Station of Laoraga, on the Sylhet Frontier, would answer perfectly for the culture of tea.

(17.) No limestone has yet been met with, nor is any believed to exist here. The whole of this country is admirably adapted for the growth of cotton. The thousands of acres at present lying waste might, with English capital and energy, be converted into an immense cotton field. Mr. Huxham, formerly a grower of cotton at Travancore, recommends the "New Orleans" variety to be cultivated, as being the quality best suited for the European market. He also observes that the best quality next to "Sea Island" cotton could be raised in India by due attention to the preparation of soil. In this wilderness the soil is in itself so well adapted for the growth that ploughing or manuring is hardly necessary. The ashes of the jungle bamboo answer as a good substitute for manure, whilst simple dow pits, as previously described, at proper distances apart, are all that are required. On the occasion of my last interviews with the ruling Maha Rajah at Agartalla I suggested the advisability of leasing, or setting in fee-simple, to Europeans and Christians, some of the waste lands of his vast domain, under concurrence of Her Majesty's Government, as a means of replenishing his treasury, as well as, from thus creating apprehensions of resistance from the new class of land owners, of preventing the Kochak Kookies from continuing their present periodical visitations of rapine and wholesale murder. The Maha Rajah, Birchandro Bahadoor, being in the presence of his courtiers, made no reply. He is not yet confirmed in the Raj by the British Government, and he appears indisposed to undertake any great measures for improvement or reform in the internal administration of his State until he is actually installed in due form. At the same time it may be as well to remark that proofs are not wanting, in matters of lesser moment, of his eagerness and solicitude to promote the welfare and security of his subjects in general.

(18.) The Kookies wear little clothing about their persons. Some of the men wear a piece of cloth, about eighteen inches deep, girth round their waists. A few have jackets also, which are generally dyed blue. Others use only a sheet and nothing else. The women wear simply a cloth fastened round the waist like the men. Perhaps in the cold weather they may wear the sheet also. Both men and women part their back hair and tie it in a knot behind the head like native women in Bengal. From their general appearance it is difficult for a stranger to distinguish one sex from the other. The Kochak Kookies wear their hair with the knot tied in front across the forehead.

(19.) The weapons used by the Kookies are dows, bows and arrows, guns, old flint muskets, and some percussion muskets are also said to have been carried to them by native traders. The Kochaks use dows, takawars, spears, and muskets. The takawar is a straight blade like that of a sword, with a handle at one end of it, without any joining.

(20.) Most of the Kookies I have yet seen are, more or less, infected with leprosy, elephantiasis, secondary symptoms, cancers, or some inveterate skin disease. The elephantiasis is often found accompanied with grapes at the angle between the foot and leg. Some have issues which, in general, are expressly made as vents for bad and superfluous humours to ward off diseases. Others have incipient elephantiasis clearly discernible. In all my travels through various parts of India I have never yet seen so much disease, nor even a tenth of it, among any class or community of natives as among these poor Kookies. The want of cleanliness, the bad water, as well as the feeding on dog's and elephant's flesh, snakes, the goh, and and poisoned fish and water, must be the principal causes of much of their diseased condition. There is a certain tree in the jungles, branches of which are cut down and thrown into the first pool of water, natural or artificial, having fish; these in a little time die, and both the fish and the stagnant water, which is of course rendered more or less deleterious, are used by the Kookies and Tipperahs. The proportion of the diseased to the apparently healthy among the Kookies is fully eight to two. In their hamlets, which are few, and frequently far apart, and are shifted from one locality to another every two to five and six years, there are from twenty to one hundred souls, and of these eight to thirty, but seldom as much as thirty-five, are adult males. The huts of both Kookies and Tipperahs are constructed on platforms elevated about four to seven feet above the ground. Some of these are thatched with grass, others with bamboo leaves, and some with a description of date leaf* found in the jungles, whichever, in fact, happens to be procurable in the vicinity of the locality; whilst the walls are generally made of a coarse kind of bamboo mat. The contrivance of having the huts well raised above the ground is most excellent; but, like the Cossyahs, all these people keep their pigs, and also fowls, underneath their habitations, which of course creates noxious gases, and must be the cause, more or less, of sickness. There are no cows in the hill Districts of Tipperah owing to want of pasture for cattle.

* There is besides a broad leaf which is used, but only for covering huts intended for temporary shelter.

(21.) The Munneepoories are settled in hamlets along the skirts of these hills. They are a clean race, and, judging from those met with, appear to enjoy immunity from bad diseases. They are particular with their diet, abstain from all flesh, and live on vegetables and fish, and take their meals at regulated periods of the day.

(22.) The Tipperahs are a stronger built race than the Kookies, but less industrious and energetic. The majority live on almost the same diet, and labor under similar diseases, but in less proportion where their hamlets are situated far away from the Kookies. There are fourteen castes among the Tipperahs, two of which were formerly Kookies. Further particulars regarding these people will, it is hoped, be furnished next year at the close of Field Season 1863-64.

NOTIFICATION.—*The 26th October* 1863.—It is hereby notified that the provisions of Act XX. of 1856 will, from this day, be extended to the village of Rajgram, in the District of Bancoorah, and that the village will, in conformity with Section III. of the Act, be united with the Town of Bancoorah for the purpose of carrying out the provisions of the Act.

NOTIFICATION.

The 26th October 1863.—The following Bye-laws proposed by the Justices of the Peace for the Town of Calcutta, having been confirmed by the Lieutenant-Governor of Bengal, are published for general information, in accordance with Section 221 of Act VI of 1863, B. C.

BYE-LAWS.

Washing animals.

1. No person shall wash or cleanse, or cause to be washed or cleansed, in any public street, lane, or thoroughfare, or in, upon, or by the side, or

with the water of any tank, reservoir, aqueduct, well, cistern, conduit, or other water-works belonging to the Justices of the Peace, and provided by them for the domestic use of the inhabitants of the Town, any dog, horse, or other animal, except in places specially set apart for such purposes, and of the situation of which due notice shall be given.

Washing apparel, &c.

2. No person shall wash or cleanse, or cause to be washed or cleansed, in any public street, lane, or thoroughfare, or in, upon, or by the side, or with the water of any tank, reservoir, aqueduct, well, cistern, conduit, or other water-works belonging to the Justices of the Peace, and provided by them for the domestic use of the inhabitants of the Town, any wool, cloth, or wearing apparel, or any utensil for cooking or other purposes, or leather or skins of any animal, or other foul or offensive thing.

For regulating places of bathing for persons of either sex, Sec. 185.

3. No person of one sex shall bathe in any bathing place belonging to and set apart by the Justices for the use of persons of the other sex.

Diseased persons not to bathe in public tanks.

4. No person suffering from any contagious disease shall bathe in any bathing places belonging to the Justices.

Bazars and slaughter-houses to be kept clean.

5. No owner, occupier, or farmer of any market for the sale of butcher's meat, poultry, fish, or vegetables, or of any slaughter-house within the limits of the Town of Calcutta, shall keep or allow the same to be kept in a filthy or unclean state.

Filth to be removed every twenty-four hours.

6. Every owner, occupier, or farmer of any market, or of any slaughter-house within the said prescribed limits, shall remove or cause to be removed, once in every twenty-four hours, any filth that may have accumulated within such period.

Thoroughfares not to be obstructed.

7. No owner, occupier, or farmer of any market within the said prescribed limits, or of any portion thereof, shall in any way obstruct or allow to be obstructed, any of the lanes, walks, gangways, or other thoroughfares, within such market or bazar, by exposing for sale or accumulating, or allowing to be exposed for sale or accumulated, in any such lane, walk, gangway, or thoroughfare, any package, or packages, or any other materials whatever.

No nuisances to be committed in bazars.

8. No owner, occupier, or farmer of any market, shall knowingly allow the commission of any nuisance within such market.

Bazars to be provided with proper accommodations.

9. Every owner, occupier, or farmer of any market, shall, within fourteen days after he shall have received notice from the said Justices so to do, provide such places of retirement for the purposes of nature as in the opinion of the Justices may be necessary for the cleanliness and health of the said market.

Prohibition against sale or exposure of offensive articles of food.

10. No owner, occupier, or farmer of any such market shall sell, or expose, or permit to be exposed for sale, or admit into, or permit to remain in, any such market any offensive meat, or fish, or decomposed vegetable matter; but such owner, occupier, or farmer must, without any delay, cause any such meat, fish, or vegetable matter to be at once removed to a place to be notified to him by the Justices of the Peace.

Burials—Coffin not to be less than three feet from the surface ground.

11. No person shall bury, or cause to be buried, any corpse in any burial-ground in the Town of Calcutta, in a grave constructed of masonry except in such manner that the coffin shall not be at a less depth than three feet from the surface ground.

Ordinary graves not to be less than six feet deep.

12. No person shall bury, or cause to be buried, in any such burial-ground, any corpse in a grave not constructed of masonry which shall be less than six feet deep.

Graves to be not less than two feet distance from each other.

13. No person shall build, or cause to be built, a grave of masonry in any such burial-ground at a less distance than two feet from any other existing grave.

Graves to be built or dug only within regular lines.

14. No person shall build, or dig, or cause to be built or dug, a grave in any burial place in the said Town in any other line than that specially marked out by the Justices for the purpose.

Corpses not to remain or to be removed unless completely reduced to ashes.

15. No person when burning, or causing to be burnt, any corpse or part of a corpse in any burning ground within the said Town, shall permit the same or any part thereof to remain without being completely reduced to ashes, or to be removed until the same be so reduced.

Corpses to be burnt within four hours after arrival at the burning ground.

16. Every person who shall bring, or convey, or cause to be brought or conveyed, any corpse or part thereof, to any burning ground within the said Town, shall burn, or cause the same to be burnt, within four hours after its arrival at the said burning ground.

Corpses used for dissection to be removed in closed vehicles.

17. Every corpse, or every part of a corpse, that has been kept or used for purposes of dissection, must be removed in a closed vehicle in such a manner as may prevent any offensive odour.

Penalty.

18. Every person who shall commit a breach of any of the foregoing Bye-laws, by doing any act prohibited by any Bye-laws, or by neglecting to do any act directed to be done by any Bye-laws under the said Act, will and shall be liable to a fine not exceeding Rupees 20 for every such offence, and in case of his continuing such offence after notice thereof from the said Justices to a further penalty not exceeding Rupees 10 for every day after such notice during which such offence is continued.

EAST INDIES—COAST OF SIND.

Kurrachee Harbour.

Information has been received at the Admiralty, and is hereby made known for the benefit of Seamen, that although the works in progress for the improvement of Kurrachee Harbour are producing good effects likely to lead ultimately to an easier access to that harbour from sea, and have deepened the bar by 4 to 6 feet, yet that until those works are finally completed, which may not be for another year or even more, it is not unlikely that a less depth by one foot will be found in either of the channels at the entrance of the harbour.

Mariners will take notice accordingly.

CEYLON—SOUTH COAST.

Light Vessel at the Little Bassas Reef.

Information has also been received at the Admiralty, that, on and after the 1st day of June 1863, a light would be exhibited, between the hours of sunset and sunrise, from a light vessel moored inside the Little Bassas Reef, the centre rocks of the Reef bearing S. by W. ½ W., distant about one-third of a mile.

The light is a *flashing* white light, at intervals of *one minute and a half*. It is 33 feet above the sea, and to a ship within 7 miles of it, in fine weather, the light will not entirely disappear ; but it is visible from a ship's deck 18 feet above water at the distance of 11 miles.

BALTIC—GULF OF FINLAND.

Fixed Light at Kronstat.

The Imperial Ministry of Marine at St. Petersburg has given notice, that, on and after the 13th day of July 1863, a light would be exhibited from the Light-house recently built on the South bastion of the Military Port of Kronstat, Gulf of Finland ; and that the old light hitherto shown from the South bastion would be discontinued.

The light is a *fixed* white, elevated 38 feet above the level of high water, and visible over the horizon of the Great and Little Roads, or between the bearings from N. N. W. ½ W., round by west and south, to N. E. by E. ½ E. from the Light-house.

The illuminating apparatus is dioptric, or by lenses of the sixth order. The position of the Light-house is given as lat. 59° 58′ 14″ N., long. 29° 48′ 30″ East of Greenwich. Near the Light-house is a bell, which in foggy weather is rung at short intervals four times in the hour.

North Sea—Coast of Holland.

The Minister of Marine at the Hague has given notice, that, with a view of avoiding the shoals called the Eijerlandsche Gronden, a new *revolving* light will be shown in the winter of 1864-65 on the downs north of the island of Texel.

Also, that the following lights will be changed :—The revolving light in Ter Schelling Light-house to be a *fixed red* light. That in the Light-house on Vlieland Island will remain as a light of the entrance, *red* towards the west horizon, from the first buoy of the entrance of the Stortemelk ; it will be obscured from this point and will re-appear of a *white* colour, facing and to the east of the channel called Noord-Ostgat.

AMERICA—ENTRANCE TO CHESAPEAKE BAY.

Light-house on Smith Island.

The United States Light-house Board has given notice that the Light-house on Smith island, near Cape Charles, the north point of the entrance of Chesapeake Bay, has been so much injured by lawless and malicious persons as to prevent the exhibition of the light. It is also feared that other lights in that vicinity may not for the present be relied on.

Due notice will be given of the restoration of these lights.

ENTRANCE TO PORTSMOUTH HARBOUR.

Fog Signal at Whales Back Light-house.

Also, that a Fog Bell, acted on by machinery, has been established at Whales Back Light-house Station, at the entrance of Portsmouth Harbour, New Hampshire; and would be kept in operation from and after the 1st day of August 1863. The Bell Tower is a frame structure 25 feet high, whitewashed, standing upon the Light-house pier, and attached to the southern side of the light tower.

The signal is a steel Bell, which is struck *four* times in a minute, at regular intervals, during fogs, snow storms, and thick weather, and should be heard a distance of one-quarter to 4 miles, according to circumstances of surf, weather, wind, &c.

The Bell is at an elevation of 55 feet above mean low water.

MILITARY DEPARTMENT.

General Orders by His Excellency the Governor General of India.

Camp Meean Meer, the 29th October 1863.

No. 161*A. of* 1863.—In continuation of General Order No. 156A. of the 13th instant, the annexed scale of Staff salaries hereafter to be allowed to Officers serving with Native Regiments under the new organization is published for general information, and with reference to this scale an extract (paragraphs 23, 24, 25, 26, 27, 28, 29, and 30) of Sir Charles Wood's Despatch, No. 311 of the 31st August last, is also published for information and guidance.

2. Detailed instructions will be issued by His Excellency the Commander-in-Chief for the guidance of Officers serving with Native Corps under the new organization, and the present system of payment of Troops and Companies and for repair of Arms, &c., will continue until a further order is issued by Government on the subject, the same Officers as at present drawing any allowances now authorized for the payment of Companies and repair of Arms.

The new system of placing European Officers in charge of Squadrons and Wings will, in all other respects, be brought into operation as soon as His Excellency the Commander-in-Chief can issue the necessary subsidiary orders.

3. The Despatch of the Secretary of State having been received by the Right Hon'ble the Governor General on the 30th ultimo increased pay is claimable from 1st September by Commandants, Adjutants, and Doing Duty Officers, as well as Seconds in Command of Cavalry; but when higher pay may accrue from Seconds in Command or others obtaining new appointments, as Wing or Squadron Officers or Quarter-Masters, such increased pay will only become due from the date of Officers assuming charge of the duties of such new appointments under the orders of the Commander-in-Chief.

4. With reference to paragraph 26 of Sir Charles Wood's Despatch instructions will hereafter be issued as to the scale of Office Establishment to be maintained by Adjutants. Meanwhile the allowance of Rupees 50 per mensem will be passed.

5. The pay now authorized is to be drawn in addition to Staff Corps pay only.

6. The rules now laid down are applicable to such Corps under their Excellencies the Commanders-in-Chief of the Bengal and Bombay Armies as now are or may hereafter be placed on the new organization, and to the Punjaub Irregular Force.

In other Irregular Corps no alteration is made in the Establishment, position, or duties of Officers, but Commandants, Adjutants, Seconds in Command, and Doing Duty Officers are entitled to the increased pay.

7. The Corps of Regular Infantry on the Bengal Establishment will, under the orders of the Commander-in-Chief, be placed on the new organization from the 1st January next.

Future Establishment of Officers of Corps of Cavalry and Infantry on the new organization.

Cavalry Regiments.

		Staff Salary per mensem.
Note.—The Second in Command and Squadron Officer will also each draw Rupees 30 per mensem for payment of their respective Squadrons as soon as such payment is made over to them. The Adjutant will also draw Rupees 50 Office allowance. The Doing Duty Officer, who will perform any duties that may be assigned to him such as would devolve upon a Quarter-Master, &c., will draw also Rupees 30 per mensem for Writer and Stationery. All Cavalry Officers are to maintain three Chargers.	Commandant	Rs. 700
	Second in Command (also Commanding a Squadron)	,, 300
	Senior Squadron Officer	,, 210
	Junior Squadron Officer	,, 180
	Adjutant	,, 250
	Doing Duty Officer	,, 150

Infantry Regiments.

		Staff Salary per mensem.
Note.—The two Wing Commandants will each draw also Rupees 80 per mensem, or Rupees 20 per Company for the payment and repair of Arms of Companies of their respective Wings as soon as such charge and payment is made over to them. The Adjutant will also draw Rupees 50 Office allowance. The Quarter-Master will also draw the present authorized Contingent Allowance for repair of Tents, &c. All Infantry Officers are to maintain one Charger.	Commandant	Rs. 600
	Senior Wing Commandant	,, 270
	Junior Wing Commandant	,, 230
	Adjutant	,, 200
	Quarter-Master	,, 150
	Doing Duty Officer	,, 100

N. B.—The Commandant of the Guide Corps will receive Rupees 800 per mensem; of the Body Guard Rupees 700 per mensem; and of the Deolie and Erinpoorah Force Rupees 600 each per mensem.

Extract, Secretary of State's letter No. 311, *dated* 31*st August* 1863, *pargraphs* 23 *to* 30.

Para.—23. I have given much and careful consideration to these proposals.

24. I am of opinion that the salaries attached to these Regimental appointments should be such as to place them at least on a footing of equality with the average of the Staff appointments commonly held by Officers of similar rank and standing in the Service, and while they should not be so far superior to the latter as to induce those to seek them whose natural tastes and qualifications might not otherwise incline them to this important branch of the Service, it is important, on the other hand, that young Officers, who, on first joining the Staff Corps, will frequently be employed with Native Troops, should not, if naturally fitted for Military Service, be tempted to relinquish it by the attraction of superior emoluments of other Staff employment.

25. With these principles in view, and making due allowance for the advantages enjoyed by Staff Corps Officers in regard to promotion, and the comparatively early period at which they will attain the pay of the higher ranks, I am willing to sanction the scale of Staff allowances proposed by your Government for the Officers serving in different capacities with Native Regiments, which, though liberal, will probably not be found excessive.

26. In the case of the Regimental Adjutant, however, it appears desirable that an Office Establishment should be prescribed, which shoul l be maintained and paid upon Abstracts supported by the usual Muster Rolls.

27. I learn from your Despatch No. 10, dated 3rd January 1863, that you have completed the Native Regiments in Bengal to six regularly attached and paid European Officers, exclusive of the Medical Officers, as announced in your General Order of the 12th December 1862, it being distinctly understood that the appointments made under that decision are held subject to such modifications as may be found necessary on receipt of my further instructions on the general question, and that you have authorized the Government of Bombay to extend the rule to such Regiments in that Presidency as are formed and officered according to the new organization.

28. I approve of these proceedings and shall await the result of your reference to the Government of Madras upon the introduction of the new system into the Army of that Presidency.

29. The scale of salaries now sanctioned will be brought into operation and made to apply in all cases where there is no reduction in the present aggregate salary on the payment due on the 1st of the month succeeding the receipt of this Order.

30. Reductions of salaries effected by this Order are not to be made to affect present permanent incumbents, or those who are officiating for such permanent incumbents being temporarily absent from their duties.

No. 314.

Notification by the Board of Revenue, Lower Provinces.

With the sanction of the Government of Bengal the following revised and consolidated Rules for the sale of unassessed Waste Lands in the Lower Provinces of Bengal, and for the redemption of the revenue of such lands already granted for a term of years, are published for the guidance of all Officers under the Board and for general information.

The main purpose of this re-publication is the simplification of the existing Rules by the consolidation into one Code of the Rules heretofore issued, partly by the Government of Bengal, and partly by the Board of Revenue under authority from the Government of Bengal.

But the following revisions and alterations have been introduced in the new consolidated Rules:—

In Rule 3 a provision has been introduced to enable the Board of Revenue to relax, upon sufficient cause shown, the Rule which limits the length of road or river frontage in each grant to one-half the depth of the lot. The relaxation is intended to meet the case of allotments on the borders of very winding roads or rivers to which the old Rules could not be literally applied.

In Rule 14 (old Rule 13) the word "masonry" has been omitted, as masonry boundary pillars may often be unnecessary, and a provision has been added to enable the Collector to compel the erection of such boundary marks as he may think necessary within a fixed time. It has not been thought necessary to re-publish the old Supplementary Rule O., though it will continue in force, should any applications be made under the Resolution of the Supreme Government, dated the 17th October 1861.

Forms of Deeds for the grant of Waste Lands before survey are added to those heretofore published.

All the other additions to the Rules have been published from time to time and require no special notice here.

R. B. Chapman,
Secretary.

Board of Revenue, L. P.,

RULES FOR THE SALE OF UNASSESSED WASTE LANDS IN THE LOWER PROVINCES OF BENGAL, AND FOR THE REDEMPTION OF THE REVENUE OF SUCH LANDS ALREADY GRANTED FOR A TERM OF YEARS.

Published by authority of the Government of Bengal.

---

1. All unassessed Waste Lands in which no right of proprietorship or exclusive occupancy is known to exist, or to have existed and to be capable of revival, are available for purchase under these Rules, unless specially reserved under Rule 21.

2. No greater quantity of land than three thousand acres shall be sold in one lot except with the express sanction of the Government. If, for special reasons, in particular localities, a lower maximum area than three thousand acres should be determined upon, it will be duly notified hereafter. There is no prohibition against the same person applying for two or more lots of land, provided that each application comprises no more than 3,000 acres, or such other maximum as may be prescribed.

3. Every lot shall be compact, and shall include no more than one tract of land in a ring fence; and when the land touches a public road or a navigable river the length of the road or river frontage shall not exceed one-half the depth of the lot, provided that if, for any special reason, the Board of Revenue shall see fit to relax this restriction it shall be competent to it to do so. If it should appear, from the survey or otherwise, that the application does not comply with these conditions, the Collector may call for an amended application; and, in the event of a revised application not being given in within fifteen days, the application shall be held to be cancelled, and the deposit shall be returned to the applicant, less the amount of expense actually incurred for advertisement, survey, and the like. [No lot will be sold unless it has been previously surveyed and demarcated, or until it shall have been surveyed and demarcated in consequence of an application for purchase. The survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its gross area. If, on completion of the survey, it shall appear that the area of the lot applied for exceeds the prescribed maximum, the excess shall be excluded.]

Note.—The portion of this Rule within brackets and the connected provisions of Rule 6 have been temporarily suspended in the Districts of Assam, Cachar, Sylhet, and Darjeeling, the whole area remaining hypothecated for any deficiency in the price paid which may appear on the completion of survey.

4. Applications for the purchase of Waste Land shall be made to the Collector of the District, and every application shall contain the following particulars:—

1*st*.—The estimated area of the land applied for.

2*nd*.—The situation of the land and its boundaries as accurately as can be ascertained.

Applications shall immediately be entered in a Register. (Revenue Form No. 35.)

5. If the Collector be satisfied that the land applied for is available for purchase, and within the conditions prescribed in Rules 2 and 3, and if it have been previously surveyed and demarcated, he shall advertise the lot for sale on a given day at an upset price of not less than two Rupees eight annas an acre on the whole area. The advertisement shall be published in the Collector's Office, in the Court of the Principal Judicial Officer of the District, and at the Moonsiff's Court (if there be one) and Police Station within the limits of which the lands are situate. An advertisement shall also be published in the *Government Gazette* in the Form A. A sum of sixteen Rupees to cover all estimated expenses connected with advertising shall be paid by the applicant in advance at the time of application.*

* All sums received for advertisement expenses under this Rule are to be credited in accounts in a separate entry as "Waste Land Advertisement Expenses" under "XV., Miscellaneous," and all expenditure for local advertisements, &c., is to be included in the Office Contingent Bill, and, when passed, debited in a separate entry with the same title under "F, IX." Local Officers will not remit the cost of advertising in the *Government Gazette* to the Printer, as arrangements have been made for paying this charge in Calcutta.

6. If the Collector be satisfied as above, and if the land have not been surveyed, he shall cause it to be surveyed and its boundaries demarcated, the estimated cost of such survey and demarcation being first deposited by the applicant. The sum to be deposited for survey, &c., will be calculated at the rate of six annas an acre for grants estimated at less than 1,000 acres in area, and at the rate of four annas for larger grants. The sums so calculated will be taken in full payment of the expense of actually surveying the lands; but the cost of clearing the boundaries, which will be estimated by the Collector, is to be deposited in addition to the survey expenses calculated as above. On the completion of the survey the advertisement of sale shall be published as above.

7. The day of sale, under Section I., Act XXIII. of 1863, must not be less than three months after the issue of the notice. Collectors will on no account, except under special instructions from the Board, fix a later date than the first monthly sale day after the expiration of the third month from the issue of the notice. Sales shall be held on the 2nd of each month, or on the first day after that date on which the Collector's Office may be open, unless the Collector shall, with the sanction of the Commissioner, for special reasons, fix a later date in the month; when, for any reason, a sale is deferred from the date originally fixed in the advertisements, notice of the date to which it is deferred will be given by an advertisement at the Collector's Office. If the day to which the sale is postponed be more than fifteen days after the date originally fixed, the date to which it is deferred shall be published in the manner prescribed by Rule 5, for the original notification of the day of sale. In this case all expenses of advertisement shall be borne by the Government. The cost of survey and advertisement will be payable by the highest bidder in addition to the upset price. Immediately on the conclusion of the sale the highest bidder (if he be not the original applicant) shall deposit a sum equal to four annas an acre on the whole area of the lot. In default of immediate payment of this deposit the Collector may at once re-sell the lot. If he think it necessary he may refuse to recognize any bid which is not supported by the deposit of the amount required by this Rule. Immediately a sale is made it shall be entered in a Register (Revenue Form No. 39.)

8. If before the day of sale no claim to proprietary or occupative right in the land be preferred the lot shall be sold by auction to the highest bidder above the upset price, or to the applicant at the upset price if there be no higher bid. No claim except a claim to proprietary right in the land is one which, if well founded, will of itself operate to stay a sale. Claims of occupancy or user, if proved, may be met, and will probably, in most cases, be met by selling the land subject to condition or reservation. But if objections be taken to the sale on the ground that it will interfere with the due exercise of such alleged rights of occupancy or user, the question whether such objection ought to operate as a bar to a sale subject to condition or reservation is a question for the Collector to decide under Section IV. of the Act. Collectors, however, in deciding such questions, should take care that no unnecessary obstruction is thrown in the way of the free disposal of Waste Lands belonging to the State, and that no such objection be allowed to stop a sale unless it be clearly shewn that the interests of the objectors will be materially and injuriously affected by the transfer of the land from the Government to a private purchaser. Collectors should also endeavor to facilitate compromise between intending purchasers and objectors of this class. The Collector will be careful, at the time of selling, to make known the rights subject to which the lot is sold, and also that the Government reserve the right of using all streams and canals for public traffic, for which purpose a tow-path, twenty feet in width, will be reserved on each side of each stream and canal, as defined in the Forms of Deeds of Transfer referred to in Rule 9.

9. On payment of one-tenth of the purchase money, and of all expenses of survey, demarcation, advertisement, and sale, the purchaser shall receive a Deed signed by the Collector conveying to him the lot, in full hereditary and transferable proprietary right, free, for ever, from all demand on account of land revenue, but subject, nevertheless, to all general taxes and local rates imposed by law, and to any other claim, whether of the Government or otherwise, that may have been or may hereafter be established in any Court of competent jurisdiction. Forms of Deeds will be found in the Appendix as follows :—

Form D.—For sale of Waste Lands where the consideration is paid in full at the time.

Form E.—To be endorsed on Form D., where the grant is made before survey and the whole of the estimated purchase money is paid at once.

Form F.—To be endorsed on Form D., where the land has been surveyed before grant, but the whole purchase money is not paid at the time of sale.

Form G.—To be endorsed on Form D., where the grant is made before survey, and where the whole purchase money is not paid at once.

Form H.—For redemption of land revenue.

Form I.—To be endorsed on Form H., where the whole commutation money is not paid at once.

10. If before the day of sale a claim to proprietary or occupative right in any part of the land be preferred, the Collector shall proceed as directed in Sections II., III., and V., Act XXIII. of 1863. In Non-Regulation Districts, where the duties of Judge as well as Collector are vested in the Deputy Commissioner, it will generally be convenient that the preliminary enquiry be carried on by the Assistant Commissioner, vested with the powers of a Deputy Collector, as the Deputy Commissioner may subsequently be required to sit as a Judge in the same case in a Court constituted under Section VII.

11. Should the sale have been deferred under Section III. in consequence of an objection having been made, and should such objection be eventually over-ruled, either by an order of the Revenue Authorities which has become final under Section V., or by a decision of the Special Court, the Collector shall issue a second Notification of sale in the annexed Form B. This Notification shall be issued in the manner prescribed for the first notice by Rule 5 above at the expense of the applicant. A Form of notice C. is annexed, intimating to a claimant or objector, as required by Section V. of the Act, that his claim or objection has been rejected by the Collector.

12. If the Collector shall consider the claim or objection to be established, and that the sale or other disposition of land should not take place, he shall stop the sale or other disposition of land as directed in Section IV. of the Act. If the application for purchase of the land be rejected, the amount deposited as cost of survey will be forfeited.

13. If the land be purchased by any person other than the applicant the estimated cost of survey deposited by the applicant shall be returned to him.

14. On being put in possession of the lot the purchaser shall be bound to erect as many substantial permanent boundary marks in such a manner and within such given time as the Collector may think necessary. If the purchaser neglect to do so, the Collector may have it done and recover the cost by sale of the lot under the Rules in force at the time being for the sale of estates on account of arrears of revenue due from other estates.

15. The purchaser may, if he choose, pay the whole of the purchase money when the lot is sold or the Deed delivered to him. Or, if he choose, he may pay a portion, not being less than ten per cent. at the time of sale, and the remainder in instalments at any future time, not being more than ten years from the date of sale. In the latter case simple interest, at the rate of 10 per cent. a year, will be charged on the unpaid portion of the purchase money; and the whole lot will remain hypothecated as security for the full discharge of the amount, including principal and interest, and be liable to sale by order of the Collector if the said amount be not paid within the stipulated period.

The interest due for any year or part of a year under this Rule shall be payable on or before the 15th of May, and if the amount be not paid on that date the Collector may realize the amount by sale of the lot under the Rules in force at the time being for the sale of estates on account of arrears of revenue due from other estates. Any balance of the purchase money which may not have been paid up before the 15th of May of the tenth year following that of the sale may be realized in the same manner as an arrear of interest outstanding on that date. The proceeds of the sale shall be applied, in the first instance, to the payment of the costs of sale, and to the satisfaction of the demand of Government. The surplus shall be payable to the late registered proprietor, or proprietors, on their joint receipt.

16. If the purchaser fails to pay one-tenth of the purchase money and all other expenses within three months from the day of sale the lot will be put up to sale again on the same conditions as before and sold at the risk of the first purchaser whose deposit will also be forfeited.

17. The upset price will be calculated on the whole area of the lot without any deduction on any account whatever. Ordinarily the upset price will be two rupees eight annas an acre, but, in special cases, the Collector, with the sanction of the Commissioner, may put a higher upset price on any lot, provided that the upset price of available Waste Lands shall in no case exceed ten rupees an acre.

Where the Collector is of opinion that for special reasons a higher upset price than Rs. 2-8 an acre should be put upon the lot, he will, as soon as the application is made, submit a Report for the orders of the Commissioner. From Darjeeling such Reports will be made to the Board. In considering the upset price to be fixed Collectors will not overlook the value of the trees on the land applied for.

18. If it should, at any time, be found that the same land has been included in more than one lot, it shall be held to belong to the lot first sold, and all subsequent sales shall, as regards such land, become null and void. In the event of any dispute regarding the boundary of two or more adjoining lots the Collector may, on the application of any one of the parties, re-adjust the boundaries of the lots, and his decision shall be final. The price paid by any subsequent purchaser for land thus excluded from his lot will be refunded to him with simple interest at 10 per cent.

The sum to be refunded will be calculated on the average price paid per acre, excluding the cost of survey and advertisement.

19. All grants of Waste Land already made for a term of years under previously existing Rules in which no right of occupancy or proprietorship exists, except that of the grantee or that derived from him, will be treated for the purposes of this Rule as if the land were permanently settled; and the grantees or the representatives may redeem the future land revenue of such grants, or of any compact part of them, in perpetuity, for an amount equal to the present value of all future stipulated annual payments calculated at 5 per cent. interest, provided the said amount is not less than two rupees eight annas an acre on the whole area of which the revenue is redeemed. Tables for use in commuting existing Sunderbuns, Assam, and Cachar Grants to rent-free tenures will be found in the Appendix marked (K). The grants are treated as if they were permanently settled at the highest specified annual rate payable under the stipulations of the lease under which they are given, *viz.*, in the Sunderbuns at 2 annas a beegha, and in Assam and Cachar at 6 annas an acre. The Tables shew the actual sum payable in any year of the currency of a grant in order to redeem all future payments and to convert the grant into an absolutely rent-free tenure. The sum payable will be the same, whether the commutation be made early or late in any given year of the currency of a lease, that is, assuming a lease to have been given on the 1st of March, the amount payable for redemption will be the same, whether the commutation be made on the 1st of March of any given year or on the 28th of February of the following year, or at any intermediate date. It will be at the option of grantees to pay the full amount due on the commutation at once, or in instalments under the conditions given in Rule 15. The permission to redeem accorded by these Rules does not in any way affect the obligation of the grantees to fulfil, up to the date of commutation, the conditions on which grants of land in the Sunderbuns, or in Assam and Cachar, have been made under the old Rules. Before a grantee can establish a right to redeem future payments of revenue of the whole or any part of his grant he is bound to shew that he has complied with the conditions on which the grant was made by having cleared the required proportion of the lands comprised in it. Local Officers are therefore not authorized to allow commutations, except in cases in which it has been ascertained that the full area required had been cleared up to the period when the lot was last subject to inspection under the terms of the lease. The Board are, however, vested with a discretion to shew consideration to grantees

who may have been prevented from clearing their lots by circumstances beyond their control, or by difficulties which could not have been foreseen; and they will be prepared, on the Reports of local Officers, to waive the strict fulfilment of the conditions of the grant where the circumstances are such as would have induced them, under the old Rules, to abstain from enforcing the penalty either by total or by partial resumption.

20. All sales of Waste Land and all redemptions made under these Rules in each Division will be reported immediately to the Board of Revenue in the form of an extract from Register No. 39 (Revenue Registers), but no sale of Waste Lands once made by a Collector in conformity with these Rules will be disturbed by any higher Executive Authority.

21. Reserves of grazing and forest land, of land for the growth of firewood near towns and stations, of building sites, parks, recreation grounds, and the like, and of land required for other special purposes are not to be sold under these Rules without the express sanction of the Government. Lists of some of these lands have been published in the *Gazette*.

Until the list of lands to be reserved in a District be published the Collector will reserve *all* forest lands, that is, lands on which valuable timber is growing.

22. In Darjeeling and Cachar the Superintendents in Assam, Chota Nagpore, and the Sonthal Pergunnahs, the Deputy Commissioners, and in the Sunderbuns, the Commissioner will perform the duties of Collectors under these Rules.

23. Waste Lands shall not be granted, and the redemption of land revenue assessed upon such lands already granted shall not be permitted, except in accordance with these Rules.

Bank of Bombay

At a Special General Meeting of the Proprietors of the Bank, held, under Section XL of Act X. of 1863, *on Monday, the* 21*st September, at* 11 *o'clock in the forenoon.*

Present:—George Foggo, Esq.
Cowasjee Jehangier, Esq.
George Inverarity, Esq.
Limjee Manockjee, Esq.
Hon'ble Michael H. Scott, Esq.
Major Haggard.
Cursetjee Pallonjee Powalla, Esq.
F. F Liddердale, Esq.
Gavin Steel, Esq.
Cursetjee Hormusjee Chinoy, Esq.
Jehangier Hormusjee Chinoy, Esq.

It was proposed by Cowasjee Jehangier, Esq., seconded by Hon'ble Michael H Scott, and carried unanimously, that George Foggo, Esq., do take the Chair.

The Secretary having read the Notice as published in the *Government Gazette* and Newspapers calling the Meeting, also the Section of the Bank Charter under which it was convened.

It was proposed by Cowasjee Jehangier, Esq., seconded by Limjee Manockjee, Esq, and carried unanimously—

That the Capital of the Bank be increased by the issue of Five thousand two hundred and twenty-five new Shares of Rupees one thousand each

The Chairman then informed the Meeting that, in accordance with the powers vested in the Directors by Section V. of Act X of 1863, they have determined to raise the new Capital by issuing new Shares in the following manner :—

That the new Shares be offered to the Proprietors at par, and that each Proprietor be entitled to take up one new Share for every old Share he holds at the close of business on the 31st December 1863, and that the Transfer Books be closed from that date until the 14th January 1864 inclusive.

That payment in full in one sum on account of each new Share shall be made on or before the 14th January 1864.

That any Proprietor failing to pay for the new Shares on or before the 14th January 1864 shall be charged interest thereon at the rate of 12 per cent. per annum from the 14th January 1864 until the 14th February 1864, and that all new Shares not so paid up on 14th February 1864 shall be considered forfeited and disposed of at the discretion of the Directors

That the holders of the new Shares shall be entitled to dividend from 1st January 1864.

It was then proposed by F. F. Liddердale, Esq., seconded by Major Haggard, and carried unanimously that the course of action determined on by the Directors be approved by this Meeting.

Proposed by Cursetjee Pallonjee Powalla, Esq., seconded by Cursetjee Hormusjee Chinoy, Esq., that a copy of these Proceedings be sent to each Shareholder and that they be also advertized.

Proposed by Cowasjee Jehangier, Esq, and seconded by Limjee Manockjee, Esq., that the thanks of the Meeting be offered to the Chairman for his conduct in the Chair.

The Meeting then dissolved.

By Order of the Board of Directors,
James Blair,

Government of Bengal.

Voyage of the Steamer "Koel" up the River as far as Sudyah.

From Major W. Agnew, Officiating Commissioner of Assam, to the Secretary to the Government of Bengal,—(No. 580., dated the 7th September 1863.)

I have the satisfaction to acquaint you, for the information of Government, that the Steamer *Koel*, with the Flat *Gunduk* in tow, has just returned here from Sudyah, the voyage having been performed without any difficulty.

2. We left this Station on the 31st ultimo and reached our destination the next day, having been eighteen and a half hours under steam. The current, as I anticipated, was much less rapid than it was in March; in fact the navigation from Debroogurh to Sudyah is quite as easy, with the river in the state we found it, about two-thirds full, as it is anywhere lower down stream, and when the channel above the Dehong and Deboing Mookh has been cleared of snags, as I expect it to be during the coming cold season, there will be nothing whatever to prevent any river Steamer of sufficient power from running to Sudyah at all times of the year.

3. If the river had been at its ordinary September height, we had intended to go, if possible, to the mouth of the Degaroo, in the bed of which the limestone is found, but the unusual dryness of the season put it out of the question our making such an attempt with a Steamer of the *Koel's* great length, the river, as I have said, being only about two-thirds full. A smaller boat, however, would have no difficulty, I imagine, in going up so far during the best part of the year, but whether or no it is, at all events, satisfactory to find there are no impediments to the navigation as high up as Sudyah at least.

4. In a political point of view this is a matter of undoubted importance, strengthening, as it does, our position with reference to the Tribes in that neighbourhood, and of no less importance, on other grounds too, is the knowledge that the place is so accessible. It will, for instance, doubtlessly encourage Tea Planters to extend their operations in that direction, and whenever public works of any magnitude come to be undertaken in Assam, and it is to be hoped that the time for doing so is at hand, we know now they need not be retarded, as has been at times the case, for want of lime, or rather on account of the difficulty of getting at it, for it has always been, and is now, easy enough to meet with Contractors at Sudyah to collect stone there in almost any quantity, but impossible almost to induce any one to undertake its conveyance further down stream, and hence the Degaroo lime has, comparatively speaking, been very little used in Assam, although so infinitely cheaper and better than that obtained from Sylhet. Major Briggs, with characteristic energy, no sooner paid his first visit to Upper Assam last year then he made arrangements for getting a large number of boats from Dacca to bring down stone, but after making one trip the Manjees absconded to a man, causing a renewal of the difficulties it was hoped had been overcome. We now know, however, that whenever the necessity arises for employing them that Steamers can be used with safety in the transport of stone if not from the Degaroo itself at all events from Sudyah, for I brought away the Flat loaded with it, and have sent for another cargo.

The question regarding the navigation of the Dehong is one it seemed desirable to solve, and accordingly, on our way back to Debrooghur, an attempt was made to do so. At first our progress was very satisfactory, and we were sanguine of getting some considerable way up the river, but gradually a more and more rapid current was met with until at about the ninth mile it was found

too violent to stem and we were forced to turn into a side channel for the night. Here even the stream was running with great rapidity, and the stoney nature of its bed prevented the anchor from holding, so that is was not until hawsers were made fast ashore that the vessel could be brought up. Next morning another and a more persevering attempt was made to ascend further, but we were completely baffled, *Koel*, undeniably good boat though she be, being quite unable to look at the torrent that opposed her, and at last we were most reluctantly obliged to turn our face down stream. A Steamer of the *Koel's* power, but shorter and drawing less water, so as to be able to pass through the inner channels, might manage to get a few miles higher than we did, but not much further than that I fancy, as we heard from the people of the Miree Village, alongside of which we spent the night, that the water above the reach we were in is infinitely stronger than that we were stopped by, a short break intervening, where it is comparatively still, and this seems to be the character of the river, alternate slack and rapid reaches. For all practical purposes, therefore, I look upon the Dehong as a river unfitted for steam navigation except for a few miles above its mouth, but that very distance leads to a most admirable site for a Military Post, the plain between the Dehong and Lalee, which should certainly be occupied if the Abors become troublesome again. This is not a place to descant on the wonderful beauty of the scenery of Dehong, but it will not be amiss to mention that at noon, with the sun shining, the Thermometer stood at 74° in the shade, the temperature of the river being 69°.

P. S.—I beg to add that the Steamer has returned from Sudyah, bringing 4,000 maunds of limestone. She took exactly three days and a half to go up, load, and return.

From the Hon'ble A. Eden, Secretary to the Government of Bengal, to the Officiating Commissioner of Assam,—(No. 1105T., dated Bhaugalpore, the 7th October 1863.)

I am directed to acknowledge the receipt of your letter No. 58C., dated the 7th ultimo, reporting particulars of a voyage made by the Steamer *Koel*, with the Flat *Gundak* in tow, up the river as far as Sudyah, and in reply to convey to you an expression of the Lieutenant-Governor's satisfaction at the success of the undertaking.

Government of Bengal.

Passage of the Steamer "Koel" up the River Dhunsiri.

From Major W. Agnew, Officiating Commissioner of Assam, to the Secretary to the Government of Bengal,—(No. 21C., dated Steamer *Koel*, the 16th August 1863.)

As this is the first time a Steamer has navigated the Dhunsiri I have the honor to acquaint you, for the information of Government, of the arrival here this morning of the *Koel*.

2. We left the Mookh yesterday at 9-30 A. M. and arrived to-day at 6 A. M., having been ten hours under steam. Although the river was some eight feet lower than its ordinary level at this season of the year we met with no difficulties or impediments to our progress, and I consider the Dhunsiri as easy of navigation as the Dikko is.

3. There are one or two snags in the channel, the removal of which I beg to be allowed to call upon the Public Works Department to undertake this cold season, as I have little doubt the India General Steam Navigation Company will sooner or later occasionally run a Steamer up the Dhunsiri as they are at present doing on the Dikko, several large Tea Factories being situated on the former river, amongst others the Head Factory of the Jorhaut Company.

From the Hon'ble A. Eden, Secretary to the Government of Bengal, to the Officiating Commissioner of Assam,—(No. 987T., dated Bhaulgulpore, the 21st September 1863.)

I am directed to acknowledge the receipt of your letter No. 21C., dated 16th ultimo, reporting on the passage of the Steamer *Koel* up the River Dhunsiri, and, with reference to paragraph 3, to request that you will call upon the Officers of the Department Public Works to remove any impediments to the navigation which can, in their opinion, be removed.

2. I am to state that the Commander of the Steamer should have submitted a detailed report on the navigation of the river.

Table II exhibits the growth of eleven plants planted out by His Excellency the Governor and other gentlemen on the 30th August 1862. The average growth of these plants during the month is $1\frac{5}{11}$ inches or $3\frac{5}{11}$ inches under the average growth of last month. This has been caused by the continued rains which undoubtedly retard the growth of the plants. The two plants cut down on the 20th of March last for the bark submitted to

		Total ...	27,386	22,390	49,776

The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale :—

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of these Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M. of the day fixed by previous Notification, and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertised for sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday) at the hour of 11 A. M., and so on, until the whole of the remaining lots are disposed of, or, if the whole quantity advertised shall not be sold on the day appointed, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot shall contain five Chests.

5. A Promissory Note for a sum calculated according to the scale noted in the margin shall be taken as a deposit on each lot from the Purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office by Bank of Bengal Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock in the afternoon of the fifth day after the Sale, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale, as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

	Deposit.
When the amount bid is less than Rs. 1,200 per Chest	Rs. 200 p. Chest.
On bids of Rs. 1,200, but less than „ 1,600 ...	„ 300 „
On bids of „ 1,600, but less than „ 2,000 ...	„ 400 „
And so on, Rs. 100 being added to the Deposit for every additional Rs. 400 bid.	

6. The Promissory Notes taken on the day of sale under the last mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of Sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7. No tender of Money, Bank of Bengal Receipts, or Public Securities, on account of Opium, upon which the prescribed Deposit may not have been made before 4 o'clock of the fifth day following the day of Sale, will be afterwards accepted.

8. The Opium now advertised for sale shall be paid for within fifteen clear days from the day of Sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the Cash Deposit made under the fifth Condition, or any Public Securities that may have been deposited on account of such lots or Chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order ; and it is to be clearly understood that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots or of a different number of lots or Chests, whether more or less than the number of lots or Chests originally required to be included in each Certificate or Order.

10. No deposit of Public Securities under the fifth of the present Conditions will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The Receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when payment in full has been made by the said Purchaser or his Order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a Deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent at any time

during the Sale to withdraw any unsold lot and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot, after it has been offered for sale in mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees specified in the second of these Conditions.

13. The Purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price and under the same Conditions any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always, that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers, together with samples of the Opium for sale, will be exhibited for inspection on the day of sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 1.—Certificate of the Opium advertized for sale.

No. 2.—Report of the examination of such Opium.

16. The Public are hereby informed that in providing the investment of the Behar and Benares Opium for the year 1862-63 the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue. Four Chests of Behar and Benares Opium, *viz.* two of the Season's provision under sale, and two of the previous Season, will be also shown to the Purchasers in the Sale Rooms on the day of Sale, to enable them to judge of the state of preservation of the drug in the Chests offered for sale.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but, in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to Chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified, that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand, that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve Sales of the year 1864, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisitions specifying the quantity of Opium required by them at any particular Sale within thirty days from the advertisement of such intended Sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this Notification. If the Agents of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 49,776 Chests of Behar and Benares as above estimated will be brought to sale in the usual manner, and if they shall make application for a quantitiy of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve Sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing the date of payment, or by selling it at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6th.—"With regard to the Trade in "Opium, it is agreed between the High Contracting Parties that at each of the periodical "Sales of that Article there shall be reserved "for the French Government, and delivered upon "requisition duly made by the Agents of His "Most Christian Majesty, or by the persons duly "appointed by them, the number of Chests so "applied for, provided that such supply shall not "exceed three hundred Chests in each year, and "the price for the same shall be determined by "the average rate at which Opium shall have "been sold at every such periodical sale, it being "understood that if the quantity of Opium applied for at any one time shall not be taken on "account of the French Government by the "Agents of His Most Christian Majesty within "the usual period of delivery, the quantity so applied for shall nevertheless be considered as so "much in reduction of the three hundred Chests "hereinbefore mentioned. The requisitions for "Opium as aforesaid are to be addressed to "the Governor General at Calcutta within thirty "days after notice of the intended Sales shall "have been published in the *Government Gazette*."

Loans on Debenture.

THE Municipal Commissioners of Canning, with the sanction of Government, are prepared to receive Sealed Tenders for Loans on Debenture for Ten Lacs of Rupees for the general improvement of the Town and Port of Canning, and the lands adjoining thereto, on Security of the properties of the Municipality, as described in the annexed Schedule, and on the credit of the existing rents of lands, and of the rents, rates, and taxes that may be hereafter imposed and levied on account of the Municipal Fund, under the provisions of Act XXVI. of 1850, or of any other Act that may be passed by the Legislature. The Tenders are to be for sums of not less than 600 Rupees The Debentures will have a currency of five years, and carry interest at the rate of 5½ per cent. per annum from their respective dates. Interest to be paid half-yearly on the 30th June and 31st December at the Bank of Bengal.

2nd.—The first instalment or 25 per cent. of the Ten Lacs to be payable at the Bank of Bengal on 15th November next. 25 per cent on 1st January next, 25 per cent. on 1st April next, and the remaining 25 per cent. on 1st July 1864

3rd.—In case of equality of Tenders beyond the amount required a pro-rata diminution will be made.

4th.—The Commissioners reserve to themselves the right of refusing all Tenders below a certain minimum rate, to be declared at the opening of the Tenders.

5th.—Debenture holders are to be entitled to convert their Debentures to the extent of one-half of the entire loan raised into leasehold titles to lands in the Town, within a period of two years from the issue of the Debentures, at the rate of 600 Rupees of loan for one beegah of ground. Such privilege of conversion to be given to Debenture holders in order of the dates on which applications for such conversion are received by the Commissioners. The leasehold title so conferred to be for sixty years on a rental of 30 Rupees per beegah per annum. Such lease-holders to be further allowed to convert their leasehold into freehold tenures by a cash payment at the rate of 600 Rupees per beegah, provided such privilege be claimed within four years from 1st January next; and the privilege of conversion to be retained during the remaining currency of the lease, but at a rate per beegah to be fixed at intervals of four years on a review and estimate of the then value of the leases, such value to be determined by the Commissioners. Existing leaseholders who become holders of Debentures may, under like conditions, convert such Debentures at once into freehold tenure of their present leasehold property at the rate of 600 Rupees per beegah.

6th.—The entire proceeds of purchases of leases by Debenture holders and two-thirds of all redemption money that may be paid for freehold titles to be considered as hypothecated towards redemption of the loan, and the remaining one-third of such redemption money to be carried to credit of the Municipal Fund.

7th.—Scrip receipts will be issued to the parties whose Tenders may be accepted. The receipt will subsequently be delivered up by the holders in exchange for Debentures when prepared.

8th.—Sealed Tenders for Debentures to be addressed to the Municipal Commissioners of Canning superscribed,—"Canning Loan." Government of Bengal.

The River Dehing.

From Major W. Agnew, Officiating Commissioner of Assam, to the Secretary to the Government of Bengal,—(No. 26, dated the 30th September 1863.)

Sir,—I have the honor to acquaint you, for the information of Government, that a chance circumstance has led to my going up the Dehing in the *Koel* as far as Jeypore.

The river in question and its tributary, the Terap, are those on which the only Coal mines we have as yet worked in Assam are situated, and as I wished to take as much Coal to Gowhatty with me as possible, I called at the Contractor's Depôt on my way down from Debrooghur to lay in a supply. Instead, however, of finding the Depôt as I expected to do at the mouth of the Dehing, I learnt it was situated seven or eight miles up stream, and in proceeding there we found the river so much more open than either the Kullung, Dhunsiri, or Dikoo, that it was determined to push on and explore it, and we had the satisfaction of steaming to Jeypore with perfect ease in sixteen hours.

The river up to the Assam Company's Tea Factory at Tingry is a magnificent stream, straight, wide, and deep, and free from snags, but above that point it shoals somewhat in places, but not to an extent to impede navigation. Throughout the journey we found the current remarkably slack, and I am of opinion that Steamers of light draft may run with perfect safety on the Dehing for four or five months in the year, not only to Jeypore, but to the Terap itself. In saying so I quote the opinion of a gentleman very well informed on the point, Mr. Henry Jenkins, who accompanied us to Jeypore from his Tea Factory at Khowang, and who considers there are no obstacles more formidable above Jeypore for Steamers of the description referred to than we met with between that place and Tingry; in fact, we had fully intended to extend our trip even in the *Koel* as far as Makoom at least, and were only deterred from doing so by the river suddenly falling. It was in high flood when we entered it, and we observed a curious circumstance connected with its fall, which at Jeypore during the thirty-six hours preceding our departure was not less than five feet, while at the Depôt, where the Flat was left, there had actually been a rise of several feet during the time in question, the Dehing being completely dammed up in fact by the Berhampootra.

The knowledge that the Dehing is navigable even so far as Jeypore will at the present moment prove very interesting to many persons, much enquiry after Tea land in that direction having been made of late. But in my opinion it is of still greater interest and importance to know that Barges can be rapidly towed up and laid alongside our Coal mines there to take in cargo and drop down stream laded, while Steamers are bringing up others that have discharged their freight at the mouth of the river, and the fact that this can be done should be very encouraging to parties inclined to work the Jeypore and Terap mines, an undertaking that for my own part, I think, holds out prospects of the most promising nature.

From the Hon'ble A Eden, Secretary to the Government of Bengal, to the Officiating Commissioner of Assam,—(No. 1303T., dated Bhaugulpore, the 22nd October 1863.)

Sir,—I am directed to acknowledge the receipt of your letter No. 26, dated the 30th ultimo, giving an account of a chance trip made by you in the *Koel* up the River Dehing as far as Jeypore; and in reply to convey to you the thanks of the Lieutenant-Governor for your interesting communication, which will be published in the *Government Gazette* for general information.

Government of Bengal.

Agricultural Exhibition.

From F. B. Simson, Esq., Officiating Commissioner of Dacca, to the Secretary to the Government of Bengal,—(No. 203, dated the 10th October 1863.)

Sir,—In continuation of my No. 173, dated the 26th August last, I have the honor to submit the following abstract of the further Proceedings of the several Agricultural Exhibition Committees of this Division for the information of the Hon'ble the Lieutenant-Governor of Bengal

2. The delay in the submission of the Report from the Backergunge District appears to have occurred in consequence of the Committee having had no translations of the Prize Lists, &c., for circulation among the people. This led to some correspondence with the Calcutta Committee, who declined to allow any expenses for printing the Notices, &c.

3. From a further Report of the 15th September it appears that Rajah Sutya Shurn Ghosal has subscribed Rupees 50, and hinted the possibility of his being induced to give Prizes for Backergunge produce. He has expressed his intention of exhibiting and inducing others to exhibit, but has not stated definitely what articles will be exhibited. Letters have been addressed to him, thanking him for his proposed aid.

4. Of the Moonsiffs and Deputy Collectors who have been addressed by the Local Committee, Mr. Godfrey, of Madareepore, expresses his intention to do his best to get the people to send their goods to the preliminary Exhibition which will be held at Burrisaul. Messrs. Page and Martin, Missionaries, have also offered to do their best in the District.

Sylhet.

The following are the further Proceedings of the Sylhet Committee:—

"A Subscription List was circulated amongst those present, with a view to forming a fund to meet incidental and contingent expenses. The sum of Rupees 253 were at once collected.

"A list of specimens, as classified below, was made out, and the community present were requested to state what specimens they would agree to send to the Exhibition.

"The following Resolution was carried:—

"Resolved, that five of the best specimens of Rice be sent to the Exhibition.

"That Tea, Paddy, Dhall, Linseed, Mustard, Kalai, Jute, Vegetables, Cotton, Oranges, Plantains, Tobacco, Pepper, Sugarcane, and Turmeric be sent to the Exhibition.

Animals.

"Deer, Goats, Rabbits, Ponies, Ducks, Pigeons, and Cows.

Implements of Husbandry.

"Messrs. S. H. Tayler and Beveridge agreed to send a complete set of agricultural implements as used in the District.

"Mr. Howard four kinds of Tea, two American Ploughs, and two American Corn Hoes.

"Mr. Jennings some Pekoe and Lochny Tea.

"Dr. Brown, Chalmogra Oil.

"Mr. Smith, Cotton.

"Joynath, Rice.

"Moulvee Abdool Kadir, a pair of Deer.

"Brojonath Chowdry, Oranges.

"Shoroop Chunder Doss, Dhall.

"Mr. Shawe, a pair of Country Daos.

"Mr. Howard informed the Meeting that he would present a set of Boxes in the name of his Company for the packing of the Seeds, Grains, &c.

"It was further resolved that the Central Committee be referred to with regard to the Rule, making it necessary for growers only to exhibit as being likely to act prejudicially in Sylhet.

"Resolved, that the Central Committee be further requested to admit Timber for competition."

Cachar.

The following is the Report of the further Proceedings of the Cachar Local Committee:—

"The Proceedings of the last Meeting were approved.

"A letter having been received from Colonel McCulloch in Munipore, stating that, if a pair of Geldings was insisted upon to match one another, he was afraid he might not be able to secure a really good pair of that description. It was resolved that Colonel McCulloch be left to his discretion to get a well matched pair of Ponies, whether Geldings or no.

"Colonel McCulloch having further intimated that the Rajah of Munipore would send the Ponies himself, and thereby save expense to the Committee, it was agreed that the Committee preferred that the animals originally proposed should be sent at the expense of the Committee, leaving it to the Rajah to send others.

"Resolved, that, in addition to the two Ponies, Colonel McCulloch be asked to provide for the Committee two Buffaloes, male and female, and a Bull and Cow of the very best to be had.

"Captain Sherer informed the Committee that two Methnas had been purchased for Exhibition, one by Mr. J. P. Stuart at Larsinga, and the other by Captain Clarke in North Cachar, both were males and of enormous size. Captain Clarke was also in negotiation for a female Methna and for Hill Goats.

"Mr. Davidson reported that many samples of Tea had been prepared for transmission to the Exhibition, and that he had no doubt these would be a fair representation of Cachar in Calcutta.

"Captain Stewart remarked, as regards the Country Produce Department, that many of the specimens had already been collected and the others would be collected as the season come round.

"Proposed by Captain Stewart that as Tea would be the principal product of Cachar to which public attention would be drawn, the Committee should endeavor to stimulate the exhibition of it by setting on foot a subscription for the purpose

of awarding a Prize to the Exhibitor of the best Cachar Tea at the coming Show. Captain Stewart proposed that the Committee should head the Subscription List with a sum of Rupees 100.

"It was proposed in amendment by Dr. Barker that the subscription of the Committee take the form of a Gold Medal, and the amendment was carried.

"Proposed by Captain Stewart that, in addition to the Medal, a subscription be set on foot for a money Prize to be awarded to the best manufacturer of Cachar Tea. It being particularly understood that both the Medal and the Prize were to be awarded to the *bonâ fide* Manager of the Factory where the Tea was made. Carried *nemine contradicente*.

"The Meeting then adjourned."

MYMENSING.

The Honorary Secretary, Mr. McLean, reports that at the second Meeting held on the 15th ultimo the following Members undertook to procure samples of products for exhibition :—

Mr. Kerr ... { Garrow Hills' Cotton on seed and cleaned. / Linseed. / Til Seed. / Rice, Kallai. / Buffalo Ghee.

Baboo Kashee Kishore Roy...Mustard Seed and Kallaies of all sort.

Baboo Kisto Chunder Sandyal..Turmeric, Rice.

The Dacca Meeting was postponed till after the Poojah, as no real work can be done earlier.

Government of Bengal.

Agricultural Exhibition.

From J. A. CRAWFORD, ESQ., Honorary Secretary to the Agricultural Exhibition, Calcutta,—(dated the 7th October 1863.)

FORWARDED to the Secretary to the Government of Bengal for his information.

From F. LAMOUROUX, ESQ., Agent, Messageries Imperials, to J. A. CRAWFORD, ESQ., Honorary Secretary to the Agricultural Show, Calcutta,—(dated the 5th October 1863.)

SIR,—WITH reference to your request regarding the carriage by the Steamers of the Messageries Imperials of produce intended for the Agricultural Exhibition of 1864, I have the honor to inform you that I will be glad to place our Steamers at the disposal of the Bengal Government for the object you mentioned, and that I will give instructions all over the line to accept the samples of produce, &c., intended to be exhibited here, and which shall be delivered to you free of charge.

I regret very much that I should be compelled to exclude from this all live stock, as we could not take charge of them without great inconvenience to the passengers, who would have, without any doubt, strong and justified objections to the same.

I need not add that the articles will have to be accompanied by the Certificate of Local Committee of Shipment.

Government of Bengal.

Agricultural Exhibition.

From G. F. COCKBURN, ESQ., Commissioner of Patna, to the Secretary to the Government of Bengal,—(No. 349, dated the 12th October 1863.)

SIR,—IN continuation of my letter No. 313, dated 14th ultimo, I have the honor to submit as follows in regard to the further proceedings of the District Committees for the Agricultural Exhibition.

2. *Sarun.*—At a Meeting held the Secretary reported receipt of 100 copies of Vernacular Prize Lists, which would be distributed at once, together with an explanatory Memorandum. Three prizes were offered by Native Gentlemen, information of which has been sent to the Honorary Secretary, Calcutta. They are as follows :—

Baboo Sedawal Pershad.

A purse of Rupees 51 for the best Cow bred in the District of Sarun.

Baboo Halwan Pershad.

A purse of Rupees 50 for the best five seers sample of Rice grown in Sarun.

Moonshee Inaed Hossein.

A purse of Rupees 50 for the best pair of Goats bred in Sarun.

It was also resolved to send and ask the parties to whom Prize Lists were formerly sent, how far they understand the objects and estimate the advantages of the Exhibition, and how far the matter is exciting attention and marking progress on their respectual neighbourhoods.

3. *Tirhoot.*—From Tirhoot I have received no further official information, but have reason to believe that matters are progressing in a satisfactory manner.

4. *Chumparun.*—The Officiating Collector reports that a Meeting was to be held soon, but little interest seemed to be taken in the matter of the Exhibition, though notices had been distributed to the people.

5. *Behar.*—In Behar another Meeting had been held with the following results :—

It was agreed at the former, and again at this Meeting, that it would be very difficult to procure any worthy specimens of live stock or of agricultural implements.

The Maharajah of Deo was unable to be present at the Meeting, but he intimated through his Dewan his desire to give some prizes for competition in this District, and therefore the Committee have insisted him to give the following prizes :—

Rupees 25 for one maund of the best Ghee.

Rupees 25 for one maund of Cow Ghee.

Rupees 25 for best Silk Cocoons.

Also presented by Baboo Nundkishore.

Rupees 25 for the best milch Cow from any District.

Prize presented by Mr. A. W. Russell.

Rupees 25 for the best plate of Talc.

Rupees 25 for best executed specimen of any object made in this District of the Black Stone.

Presented by Mr. A. Hope.

Rupees 25 for one maund of the best Rice grown in this District.

Rupees 25 for one maund of the best Indian Corn grown in this District.

Captain Mead was unable to attend on account of the excessive rain, but he has intimated his intention of exhibiting some articles of machinery, &c.

It was resolved that the prizes as above detailed be proclaimed throughout the District.

6. A copy of the Prize List has been sent to the Honorary Secretary, Calcutta, and duly acknowledged by him with the observation, however, that "Talc and Black Stone do not come within the scope of an Agricultural Exhibition."

7. *Shahabad.*—In Shahabad several Meetings have been held, the Officiating Collector, J. J. Grey, Esq., having shewn great zeal and interest in the promotion of the objects of the Exhibition, some influential Zemindars attended, Sub-Committees were appointed, Sub-Divisional Local Committees organized, information to the Opium Assamees by the Sub-Deputy Opium Agent requested to be communicated, an open air Meeting on 14th proximo arranged for, prizes invited, some agricultural produce approved of, and other proceedings taken of an encouraging nature.

8. *Patna.*—In Patna a Meeting was held, and the arrival of the Prize Lists announced and other proceedings taken, and the Members of the Committee individually expressed their anxiety for the success of the Show, and some of them are actively engaged in endeavoring to find cattle, &c., suited for the Exhibition.

9. A copy of this will be sent for the information of the Honorary Secretary, Calcutta.

Government of Bengal.

Agricultural Exhibition.

From R. N. SHORE, ESQ., Commissioner of Cuttack, to the Secretary to the Government of Bengal,—(No. 418, dated the 13th October 1863.)

SIR,—WITH reference to paragraph 4 of my letter No. 375 of the 22nd ultimo, I have the honor to state that I have since received a Report of a Meeting of the Local Agricultural Committee of Bhuddruck, District Balasore, held on the 15th instant.

2. At this Meeting several influential Zemindars attended either in person or by their representatives; the papers bearing on the subject were read over, and promises were made to supply the following articles for exhibition if approved by the Secretary to the Committee, *viz.*:—

Rabbits, Fowls, Rice, Pallo, Vinegar, Mustard, Kurunj, Safflower, Turmeric, Jute, Sunn, Bamboos, and Timber.

3. Moonshee Abdool Gunny, an influential Zemindar, has taken a warm interest on the subject, and proposes to send the following live stock:—A pair of draught or plough Cattle, a Bull, and one or two Goats.

Government of Bengal.

Agricultural Exhibition.

From R. N. SHORE, Esq., Commissioner of Cuttack, to the Secretary to the Government of Bengal,—(No 424, dated the 16th October 1863.)

SIR,—I HAVE the honor to submit, for the information of Government, Proceedings of the Local Agricultural Committees of the Districts of Cuttack and Pooree held in the present month.

Memorandum from BABOO JUGGOMOHUN ROY, Secretary to the Local Committee of the Agricultural Exhibition, Cuttack,—(dated the 16th October 1863.)

FORWARDED to the Commissioner of the Division for his information.

Proceedings of a Meeting of the Local Committee for the management of the Agricultural Exhibition held at Cuttack on 1st October 1863.

PRESENT:

R. N. Shore, Esq.	...	*President.*
W. J. Money, Esq.	...	*Members.*
Baboo Juggomohun Roy	...	*Members.*
„ Luchmeenarain Roy Chowdoory	...	*Members.*

The Committee having considered the Rules for the guidance of Local Committees, published in the *Gazette* of the 7th September 1863, page 2681, are of opinion that there will be no difficulty in inducing the Zemindars of the District to contribute articles of produce, but that it will be necessary for the Committee to bear in the first instance the expense of transport. It was therefore resolved that a subscription be raised from the Members of the Committee for this purpose.

The Committee having come to the conclusion that it is not likely that there will be much competition among Exhibitors from the Cuttack District, do not deem it advisable to offer Prizes limited to local produce. They hope, however, that the offer of general Prizes for articles of produce in which Cuttack is likely to obtain favorable notice may stimulate the Zemindars to compete with Exhibitors of other Districts. They propose therefore to offer the following general Prizes:—

Mr. R. N. Shore, Rupees 15 for the best five seers Poonang Oil Seed, certified sample of ten maunds.

Mr. W. J. Money, Rupees 15 for the best five seers of Koolthee.

Baboo Juggomohun Roy, Rupees 15 for the best five seers of Maundia.

Baboo Luchmeenarain Roy, Rupees 25 for the best five seers of Lac Dye.

From R. D. HIVE, Esq., Officiating Collector of Pooree, to the Commissioner of Cuttack,—(No. 190, dated the 15th October 1863.)

SIR,—I HAVE the honor to furnish the subjoined Report of the Proceedings of the Local Agricultural Committee of this District up to date.

Government of Bengal.

White Ants in St. Helena.

From the HON'BLE A. EDEN, Secretary to the Government of Bengal,—(No. 1013T., dated the 6th October 1863.)

FORWARDED to the Officiating Secretary to this Government, in the Public Works Department, with a request that a Report may be obtained on the subject referred to, and submitted to the Lieutenant-Governor.

From SIR CHARLES ELLIOTT, K. C. B., Governor of St. Helena, to the Lieutenant-Governor of Bengal,—(dated the 27th July 1863)

SIR,—ON my arrival in this Colony I have been painfully struck by the devastation occasioned to public and private property by the White Ant accidentally introduced, it is supposed, from the Coast of Guinea about twenty years since. In a long service in other parts of the world, where property is more or less subject to injury by this insect, I certainly have never witnessed or heard of ravage comparable with that which has taken place at St. Helena.

1. Almost every dwelling, store or shed, in Jamestown, containing a population of nearly four thousand souls, has been seriously injured by this insect, involving, in numerous instances, their complete ruin and abandonment, as well as increasing peril to large numbers of the poor classes still living in houses, the security of which cannot be depended upon.

2. I have heard no satisfactory explanation of the alarming extent to which this mischief has grown at St. Helena. But be the causes what they may, it is my duty to attempt to arrest its progress by every effort in may power, and I lose no time in applying to all the sources of good guidance upon the subject which suggest themselves to my mind. In these circumstances, I think you will excuse the liberty I take in addressing myself to you, and I hope you will obligingly favor me with any information which you may judge to be useful upon this subject.

3. I would especially ask for any information you may be able to procure.

1*stly*. As to the most successful mode of finding the ant nests, and effectually destroying those receptacles.

2*ndly*. The description of timber which has proved to be least susceptible of injury by this insect, and the average market price of that timber at per cubic foot.

4. Perhaps you will further be pleased to cause this letter to be published at Bengal, with the request of this Government, to naturalists, chemists,

or other intelligent and experienced persons, who have given their attention to this subject to communicate with the Colonial Secretary at St. Helena.

The Governor and people of this Colony will sensibly appreciate such suggestions.

The following Minute by His Excellency Sir CHARLES ELLIOT, K. C. B., has been printed and forwarded for your consideration by desire of the Governor, with a request that you will give it your earnest attention and either favor me with any information you may have to offer, or seek a personal interview with His Excellency on the subject.

R. C. PENNELL,
Colonial Secretary.

1. MINUTE.—Before my departure from England I had heard of the serious and extending destruction of public and private property at St. Helena by the White Ant, and having served in other parts of the world where these insects are to be found, I had supposed myself to be sufficiently prepared for the manifestations of their appearance in this Colony. But the formidable extent of their devastations here has gone far beyond all my experience elsewhere. I regard the subject with anxiety.

2. Thus impressed, it is incumbent upon me to do whatever may lie in my power for promoting effective and systematic modes of arresting the progress of the mischief, and with that purpose I lose no time in calling public attention to some means of doing so, which have proved to be useful in other places.

3. It has been found in situations exposed to the ravages of the White and other genera of destructive Ants either on the fruits of the earth, or on the dwellings or on clothing and furniture, that the single successful mode of suppressing or abating the evil must be looked for in a diligently observant search for their nests, and some effective means of cutting off their escape from them, so that the insect may be destroyed at the source of supply. Another essential condition for preventing the spread of the White Ant is the destruction *by fire and quick lime* of the wood materials removed from infested houses, and it seems highly necessary to provide by law that infested lumber and wood materials taken from the houses should be carefully removed under Police inspection and destroyed by fire at some places indicated by the Police Authorities at a convenient distance from inhabited dwellings.

4. In order to stimulate public attention to this subject, I propose to offer a reward of fifty pounds to any person who shall devise successful modes of tracing the White Ant to their nests, and thoroughly destroying those receptacles; such reward to be paid on the certificate of a joint Committee of Government Officers and Inhabitants of the Colony to be appointed by the Governor, declaratory of their satisfaction that the process is efficacious. It may be a useful indication in this respect that the Ant cannot easily find its way across a small trench filled with boiling water, and the process which was subsequently pursued in the places where I witnessed it was to stifle the insect within that circle of hot water by a very plentiful supply of water and mud jammed down with stampers. I have seen several hundreds of buckets of water thrown upon these nests, care being taken during the process to keep an outer circle filled with hot water. The persons who were most successful in tracing the Ant to their nests were usually of African birth; regions where these insects abound, and from whence there seems little doubt, they found their way to this Colony.

5. Nests of White Ants *within* dwellings or stores are destructible by arsenic, and in order to prevent accident by the use of that poison in a heedless way I propose to provide that persons finding such nests *within* their houses should be required to send notice to the Police, so that the arsenic may be applied under Police inspection in some mode indicated by the Colonial Surgeon, with whom I will communicate on this subject. In no long lapse of time I trust it may be practicable to have formed a small party of intelligent and neat exterminators, and I should propose to stimulate their exertions and address not only by the remuneration they would receive from private individuals but by a small public gratuity from time to time according to the certified measure of their success.

6. I have heard with satisfaction that the White Ant has not yet found its way into the country districts. But property holders beyond the town limits cannot be too vigilant, so that their first appearance may be vigorously checked.

7. The wide spread ruin occasioned by this diminutive insect is painfully striking. Let us hope that it may be attended with salutary instruction. Man must eat his bread by the sweat of his brow, and even in regions blessed with a temperate climate, a fruitful soil, and coasts teeming with fish, the great law will still exact of us steady forethought and strenuous exertions, not only that we may secure any part in the advancing comfort and civilization of other and less favored positions (so far as natural conditions are considered), but literally that we may be able to hold our own against an invasion of industrious mites.

St Helena, July 6th, 1863. C. E.

From LIEUTENANT-COLONEL W. MAXWELL, R. A., Officiating Secretary to the Government of Bengal, in the Public Works Department, to the Colonial Secretary to the Government of St. Helena,—(No. 6140, dated the 31st October 1863.)

SIR,—I AM directed by the Hon'ble the Lieutenant-Governor of Bengal to acknowledge the receipt of His Excellency Sir Charles Elliot's letter of the 27th July last, asking for information regarding the destruction of White Ants.

2. In reply, His Honor trusts that the papers noted on the margin, herewith transmitted, which relate to a preparation by a Mr. J. Cullen, lately an Engineer attached to the Public Works

Printed copy of Despatch from Secretary of State, No. 61, dated 24th September 1861, and Annexures
Copy of letter from Officiating Executive Engineer, Bishampore Division, No. 149, dated 3rd June 1863.
Ditto from Ditto, No. 607, dated 26th September 1863.

Department of India, for preserving timber from White Ants, and the result of experiments tried in Bengal with this preparation, may prove useful to the Governor of St. Helena. A further experiment is now being tried at this Presidency to test the efficacy of Mr Cullen's preparation in preserving Fir timber, the result of which will be communicated hereafter.

3. The only effectual way known of destroying White Ants is digging for their nests and destroying the Queen Ant.

4. Teak and iron wood are the only two kinds of timber which these destructive insects will not attack. The former can be procured at Calcutta at Rupees 2-4 to 3-8 per cubic foot.

5. The Lieutenant-Governor will, agreeably to Sir Charles Elliot's request, have His Excellency's letter and Minute published in the *Government Gazette*, inviting the attention of those persons who may have given consideration to the subject to the facts brought to notice in His Excellency's Minute.
